Sons Arise

- I found I could travel in and out of the spiritual realms around us
- Trans-relocation physically sometimes involuntarily and sometimes by desire
- Being translated spiritually, soul and spirit, in time and space are some of my favourite engagements
- Here am I send me. I am available

Sons Arise

- I mapped out my encounters creating pathways of relationship that I could walk until they became part of me
- I can now access any place in the heavenlies that I have been by just fixing my thinking or consciousness on it and engaging it

Sons Arise

- There are other spiritual dimensions connected to this physical creation
- The atmosphere around the earth is more than just air there are 3 spiritual dimensions each with governmental positions attached to them
- Principalities, Powers and Rulers

Sons Arise

- There is another dimension where all the children who were miscarriages, abortions or still births are being tutored and trained
- There are other dimensions where other races exist
- There are portals between dimensions that can be opened

Sons Arise

- There is a dimension out side of time and space
- The eternal now we can access this dimension by following the ancient paths
- We can engage the heart and mind of God there in the Perichoresis the circle of the dance of relationship

Sons Arise

- The eternal now's perspective is non-linear that enables us to call things that be not as if they are
- We can decree declare and decree from the **Now** within the name of YHVH the **what is** to change **what will be** to reflect what is always now

Sons Arise

- We become aligned with our eternal identity within His will and purpose and discover our position in the Sons Arise as a son of God
- Our identity and position reveals our destiny which is to manifest our sonship on earth as it is in heaven

Sons Arise

- We can live and move and have our being in God, in light and in love
- As we access God's heart and mind within the Perichoresis of the dance we connect with the essence of God
- Precepts – God's heart, nature and character of love
- Statutes – God's mind perspective vision

Sons Arise

- Laws – God’s creative voice how things are ordered as desire and thoughts to be spoken into reality
- Engaging these 3 the precepts, statutes and laws opens the doorway for the ordinances of heaven to be assigned and released to manifest heaven’s kingdom government on the earth

Sons Arise

- There are dimensional places described figuratively as under the earth
- Tartarus a prison for watcher angels and other spiritual beings
- Satan's trophy room there are lost mantles and mandates, the destinies of those still blinded and our lost heritage

Sons Arise

- The river of fire flows from the throne of God into a dimensional place – once commonly referred to as “hell”
- I prefer the name the consuming fire of God’s love
- I have been there many times to preach the good news to my generational lines and others

The background of the meme is a complex, abstract image. It features a grid of white lines overlaid on a swirling, vortex-like pattern of blue and purple colors. The overall effect is reminiscent of a space-time continuum or a gravitational well. A faint watermark, "systemundo.com", is visible in the center of the image.

**WHEN PEOPLE ASK WHAT

SPACE TIME CONTINUUM THAT
ALTER FUTURE REALITIES IN
THE 3RD DIMENSION.**
