### **What does it mean to connect?**

- Connect people to help facilitate the relationships that are established out of gathering
- Physical relational connections between people, areas, regions and nations etc. This is not a structural organisational network, it must be relational
- Connecting heaven and earth
- Connecting with the angelic realm and the 7 spirits of God
- Connecting with the cloud of witnesses
- Connecting with the 4 orders of angels assigned in the transition from old to new – Transformation, Winds of Change, Sound of Many Waters, Refiner's Fire
- Gathering and connecting people together within nations, areas, regions, states and continents. These facilitate relational connections to provide support and encouragement

We are walking alongside people on their journeys, we are not over them or under them.

We are providing support and encouragement to various groups who are becoming or transitioning into the Joshua Generation Ekklesia, relationally and through resources.

We are helping people to establish the government of God in various nations, engaging relationally and helping them make connections and establish patterns of Government.

- We desire to walk alongside people on their journey for as long as they need us.
- We are helping people to legislate heavens government and God's kingdom authority in their own lives, areas, towns, cities regions and nations.
- We are mandated to disciple or mentor people to hear God for themselves and engage heaven themselves.

Everything we do is relational not structural. We are not trying to form a new stream; there is no hierarchy involved, just relationship.
