Session 08

Share revelation from 2017

What has God said and what has God revealed? – Conversations and Visionary encounters relevant for 2018

What is the application for me the church here and for the wider church?

- To live loved is to rediscover my true identity as a son in relationship with a loving heavenly Father.
- Agape love leads me to rest and to remember his image and likeness redeemed in us.
- To love living is to express the joy of life from the place of rest to engage creation in sonship
- To live loving is to express the peace found in relationship as a son in and through and to everything to bring restoration.

Last session the focus was on restoration

My ultimate goal within love is that all will be included in the circle of the dance and know themselves only within My relational circle of intimacy.

Only within Me can love's true purpose be unveiled as My essence and essential nature character M.O. precepts statutes and laws.

- **The order of all sacred geometry is based in the perfection of love, mathematics, physics and all natural sciences are expressions of love along with all arts music and creative expressions as creation itself is love personified.**

Face to face with the fullness of love you have all received within the living word of truth who is both creator and sustainer of all and everything.

- **Son live loved, love living and live loving that is the only way all things can be restored in you and through you and around you as an ambassador of love.**
- **Love sees perfect order within chaos, love sees the end from the beginning and the beginning from the end. Love never fails or never gives up it goes beyond beyond.**
- **Love sees and desires opportunities for good within all bad and has the power to overcome all obstacles hindrances and opposition.**
- **Love is the currency of the kingdom and it must be spent other centered within relationship.**
- **The creation itself is waiting eagerly for the manifestation of love within sonship to receive its true freedom from corruption which is but an absence of love.**

Son love sees the beauty of design within all things, beauty can only really be observed with its full emotional impact through love.

Love is not essentially an emotion but stirs the deepest of emotional desires which is like a consuming fire that can destroy or restore.

Love must be otherly for it to be true love; selfish self-centred love is not love but the illusion sold from the path of the DIY tree.

I am is love and love is I am the circle of the dance's conversation unveiled in union.

Son you must apply the governmental principles of the kingdom to all situations and see from heaven's perspective.

You must not be afraid or intimidated always do what is right for the kingdom and that will be honoured.

Seeking first the kingdom is not just for individuals but is the primary directive for everything and everyone.

- If you put Me first in all situations I will add everything that is needed.
- Love is the primary motivation of the kingdom.
- Love for Me will enable love for neighbours and self.
- Love is not just about emotions but demonstrating priority desires for others above self.

Son let love put everything else into its true perspective.

See everything through the lens of love and your I am-ness will increase.

Love seeks to save the lost and the lonely and the hopeless from themselves and the results of following the DIY path.

- **Son it is time for everyone to embrace the fire to experience a deeper love and the purification that My presence of consuming fire brings.**
- **No one can escape My love either in this age or the ages to come but it is My deepest desire that this brings no sorrow**

Know this that My love is too strong to allow death physical or spiritual to stop its power to reconcile and restore.

I am patient and kind but never think that becomes an excuse for living a less than life of independence.

The consequences of the DIY path are grave but are always designed to produce good out of the negative choices inspired by selfish and self-centred needs.

Son call for judgement within justice so that all your living stones can be purified polished so they can shine with the radiant glory of true sonship.

Son call Me to stoke the fires and increase the intensity of the heat to reveal hearts minds and motives and bring about a restoration of identity that will institute a deeper rest.

- I call for the purification of fire
- I call for the fire of love to penetrate the hardest darkest areas of our hearts
- I call for the refiners fire to burn away the dross of self
- I call for the light to shine to expose the things hidden because of shame
- I call for love's overcoming power to reveal and break every chain tethering God's people to the DIY path.
- I call for the passion of God's heart to be revealed in His wrath directed towards all brokenness and lost identity.
- Let the consuming fire of God's love burn in our hearts and minds to restore us to true sonship

Son it is time open the storehouses of heaven and teach My people about true trading financially.

Engage the Treasury House and open its mysteries to the light of truth.

Show My people the extent of My resources and inexhaustible supply of wealth that is the blessing bestowed upon them included in the mandate of sonship.

Matt 6:33 is the key to all provision whose house comes first? Where are the priorities a focus on the DIY source of provision or the desire for My kingdom and My glory.

The blueprint is My gift to you that reveals your part in My plan which is a deep desire of My heart to restore all things.

- **Which financial reality are you looking at?**
- **Through which eyes are you looking, the eyes of faith or the eyes of fear?**
- **Do you see lack or abundance?**
- **Do you see from heaven or from earth?**
- **Son poverty mentality is linked to the mind-set of being an orphan not a son being enslaved to the DIY curse system of toil and trouble hardships.**

The DIY path is evil and full of obstacles, hindrances and self-effort hard work.

The path of the tree of life is full of abundance, and overflow where the blessing of empowerment to proposer is through relationship not independence.

Heaven's blessing is for heaven's purposes including the prosperity of all who are seated in their positions of sonship.

Son unless I build the house, your blueprint, you will labour in vain but the living stones that I use must be living in the reality of their sonship blessing to be the source of the flow that I intend.

As each one lives in the blessing of sonship then the corporate will reflect the individual as each individual part participates in their destiny as a living temple a living body.

Son live loved and never stop living loved.

There is nothing that can stop Me loving you so don't allow anything to stop you living in My love.

It is only as you think within your heart and mind that stops you so open your heart and allow Me to increase your capacity to be loved.

Son let mercy triumph over judgment in you.

If you accept judgment rather than mercy it is because you are conditioned to do so.

You do something you deem to be wrong and you expect to be condemned by My judgment but soon you must see that mercy has always triumphed and all accusations have been nailed to the cross for all time and all ages to come.

Living loved enables you to love living and not be caught in the DIY condemnation trap of self-deception where your feelings are conditioned by sin consciousness. Live from love consciousness and you will overcome all fallen mind-sets that make you feel less than and so not fall into the guilt trap.

When you are trapped within the prison of guilt you end up in a vicious circle of self-hatred that fuels cycles of behaviours.

When you feel bad you repeat the very sin that caused you to feel bad to try not to feel bad.

Son why do you feel bad is the question that needs answering.

Why don't you feel forgiven which is always the truth from My perspective?

Father I suppose it's because I don't want to take sin lightly and dishonour You and if I feel bad it will somehow stop me reoffending.

Feeling bad will only cause you to repeat the cycle in your own fallen mind-set.

Feeling loved and forgiven will keep you out of the trap of the DIY path that causes the need to hide from Me in shame.

Father what about godly sorrow that leads to repentance?

Son you misunderstand it is godly sorrow that focuses on the plight of others not on yourself and therefore care about how you have affected others in a negative way.

Guilt always leads to self-righteousness and the failure to admit damage to others because of the negative feelings that you feel about yourself based on the false assumptions of how you think I feel.

Do you think that you have the capacity to change how I feel about you?

If the answer is yes it is because you don't fully know My love and the power of My grace.

- **Living less than loved will always lead to a destructive cycle of guilt shame and condemnation rather than in the reality of the power of grace to super abound.**
- **I never see sin because you have been made righteous and justified through the conquering of sin death and Hades and the cancelling all debts associated with sin consciousness and accusations.**

- Son come out of the trap and embrace the power of love's grace to abound because there is no law therefore there is no sin so there should be no guilt to trap you in its cycle.
- Son love Me first by loving yourself and therefore being empowered to love others.
- Live by the golden rule that you would treat others the way you want to be treated by Me.
- Live loved and love living to living loving the cycle fails when you don't feel loved because of your fallen mind-set that gives your behaviour more power than My loving grace.

Son be quick to say sorry to others because that demonstrates that you are living loved not caught in the self-righteousness trap that cannot focus on others before self

Son live loved and don't be sin conscious be filled with joy and peace in righteousness.

Son self-righteousness is a trap induced by the fear of the DIY path if you admit you are wrong then you must make amends which will become self-effort and a burden.

Living loved empowers a transformation which is not sin focused but love focused and it does not require repentance to be forgiven.

- **Repentance is the gift that flows from forgiveness not for forgiveness. You change when you know your identity not when you try to stop negative behaviours.**

Son just be and let things flow and I will release all that needs to be. Be at rest and you inspire rest.

Son I am with you and everything you need is fully available let people draw it from you.

Be open and be honest about your journey and that reality will be manifested amongst you.

Son use your golden key to open up realms of experience.

Engage with the 4 angels of transformation and free them to operate as I increase My sound and light.

I will call and I will engage heart to heart mind to mind and spirit to spirit just be to let rivers of living water flow into the atmosphere.

Son ruling the atmosphere in peace will create a place of love and joy where My people can come into the light that will take them deeper into the experience of truth.

Son I have chosen you as an ambassador of heaven to call the Joshua Generation to live in their inheritance and get ready for all that is coming.

- I release the blue light call and the sound of deep calling to deep
- I call for sons of God to arise and come forth out of the darkness into the light
- I call for deeper encounters with the truth of the Father's heart
- I call for the revealing of the relationship and responsibility of sonship to increase
- I call for the expansion of minds and the revealing of the constructs of DIY tree
- I call for deconstruction to begin in earnest
- I call for mind quakes to shake the foundations of DIY mind-sets

Come and walk with Me Jesus said as he took my hand and took Me through some gates to a large hall near the court of the upright. Here are all those that have come out of the fire. There were many at benches with men in white linen around them as if teaching or imparting.

There were also angels present as if overseeing the training on guard warrior angels standing to attention. This is where those who are being rescued from the fire go to be instructed in the truth and the ways of relationship. The fire has done its work and now the relationship must do its work in preparing them for destiny.

They have a different role than the others as they have been through a different process. They will be released for the coming harvest with the Hunter Gather angels you see here. They will be sent to carry a message of love through fire that will turn a generation to true repentance.

They will become ambassadors of fire with passion to remove the veils of deception as those who came out of the graves as witnesses of what I did under the earth at my resurrection. These are witnesses to power of love to overcome even the choices of death and with warnings of the consequences of where they have been. They are being prepared to be at the disposal of the Joshua generation to engage the harvest that is coming.

There is an urgency for My brothers to do what I did and preach the good news of My love to their generations and see their heritage restored.

Release this message and encourage the Joshua Generation to arise and be bold to come to Me and I will open the gates to the consuming fire and show them the way just as I have shown you.

Remember the refining fire of the altar is where the authority to preach will be given.

Embrace the fire with urgent desire and great authority will be released to you.

- I call for the light to shine to break free from the restrictions of the DIY mind-sets and matrix of unbelief.
- I call for rivers of living water to the flow into the awakened event
- I call for visitations into the dreams and visions of the organisers
- I call for the revealing of the true identity of the light as Jesus and of the source to be the Father
- I call for the unveiling of the truth to the Joshua Generation
- I call for the religious restrictions and mind-sets to be challenged by new encounters
- I call for the sound of the new to be released and the light of love to shine
- I call for the next wave to cross over beyond the veil
- I call for the sons of God to arise and take their places in the heavenly realms
- I call for the positioning of the Sauls within the Muslim world and in the other religions
- I call for an awakening for the gurus of the new age and the occult worlds

Son take your place as ambassador for the Joshua Generation to align the circles of the deep.

It is time that precepts meet precepts as the dimensions of was is and will be converge.

Son the convergence must be administered multidimensionally by those who are free from nonlinearity.

Stand in the 12 houses and be the catalyst for convergence by connecting the dimensions as a son.

Align the dimensions of Metatron's cube let circles within the circles within the circles be aligned.

The convergence of visible invisible and non-visible.

The tree of life, flower of life and the seed of life in resonant frequency harmonic convergence.

Sympathetic harmony between the aligned dimensional governmental spheres.

The 12 laws of Zion are but the outward manifestation of the synergy of the spheres.

Son prepare to teach the 12 laws from the revelation that will emerge from the alignment of the houses.

The multidimensional language of the mind of God unveiled to the sons of God free from the restrictions and limitations of the DIY tree pathway.

Son deconstruction and rewiring of the minds of My sons is the key to the order that must emerge from chaos.

Son you will stay hidden for the next few years as you begin to emerge from the cocoon of transformation.

Then the world stage will be the platform that will bring the governmental authority that you have to be seen.

Son continue to pursue and embrace the fire in the darkness within My light.

Son if you are to create as a son you cannot create from lack or fear creativity must flow from completed desire.

To choose a reality that manifests you must see it as completed and in unison with creation as a whole.

Son I am allowing you to connect with My desire in the what is sense because from a what was was sense everything is restored everything is as it should be.

Now feel the joy and peace that is an expression of My pleasure that I once expressed as it is good.

Son use this simple truth to guide you as living loved is being immersed in love as the very precept of I am.

Loving living is joy expressed in My statutes and living loving is peace personified in My laws.

This is love's purest essence and unveils the motives and desire required for all creativity in My image as sons.

You must not just see it formed as a concept within your imagination but feel it from love's perspective and joy's pleasure and peace the symphonic harmony of rest.

Son all true reality must flow from here within Me where there is nothing missing or broken.

There is no worry, anxiety or fear in love's essence all is at rest.

You cannot create from need or lack but only from oneness.

Son it is finished is the place of creative flow.

It has always been completed perfectly expressed from our perspective restoration is a concept for your participation.

We have chosen to live with you within the illusion of time so that we could relate to your loss of identity and relationship.

Sonship is living here there so that all is well with your soul.

Engagement with Enoch behind the waterfall.

My quest is to engage with the dimensions of sacred geometry to unveil the mysteries and make them plain and simple.

Son the dimensions are created for sons to rule effectively.

They are where the different 12's are connected governmentally to facilitate convergences of time and eternity with the rule of sonship.

The 12 houses of the wheels within wheels within wheels aligning the 12 laws of Zion, the 12 ambassadors of the 12 ages and the 12 dimensions of kingdom rule.

Son this is to be seen in the context of maturity in sonship the ascension of mankind from spirit being, living being to godlike being within the context of the restoration of all things.

Son all things will be restored to the desire of My heart which is both now and then, always now from always then breaking with the convention of linearity.

→ **The restoration of the sons of God will enable all history to be restored and all dimensions to be restored.**

Son walking the ancient paths will facilitate the way of the tree of life to be open to all once again.

What was will once again be so what can be completes the way.

The limitations of thinking in ages must be removed so that all can be all as the concepts of was, is and will be are merged into oneness.

The 12 High chancellors and the 12 ambassadors with the 12 thrones of sons are the wheels that must be aligned in convergence.

Son continue to pull down the false constructs of futurism in regards to everything so that all can realise all is a present reality not a future one.

Son My work was complete before the 7th day of rest and before the concept of Sabbath rest, rest is the atmosphere of I am.

In My heart there is no anxiety in My mind there is no worry, rest is the state of who we are in relational unison.

We are the union of three in one and one in three all is love, joy and peace expressed in perfect rest.

Son when you live from now you to can live in perfect rest.

When you live loved from within the circle of I am rest will be your state of being.

Salvation is a present reality not a future one don't even think about what will be because then you are defacto not at rest.

All that will be already is.

Son this is not a fixed fate but contented desire fulfilled.

- **The tree of life and the seed of life are the geometric expressions of the mystic union within the fabric of creation, realities where there is perfect harmony of all unified and whole and aligned.**
- It is the restoration of all things the beauty of perfected relational union within I am.
- Where all are ascended and all connected in the beauty of sonship.
- Metatron's cube is but the mathematical image of the rest within My mind the beauty of all as one and one as all.
- Where all dimensional realities coexist in perfect balance and harmonious rest within I am sonship.

Son it is My sons who are the relational and dimensional connections that are designed to hold everything together in beautiful glorious expressions of the music of the spheres.

The wheels within wheels within wheels the precepts, statutes and laws expressed relationally within sonship.

All potential possibilities held together within the perfected rest all is now and now is all.

Son live from now in the ascended rest of being not becoming.

All becoming is but the echo of being within the blissful moment of now rest.

The mind of Christ is but rest expressed in sonship as all of My children are blissfully ascended within the moment of now, the convergence of all choice realised in beautiful fractal harmony of being.
