

Prerequisites for governmental rulership in heavenly places:

- Working through the **Transformation** process at an ever deepening level in our own lives.

Mike Parsons
and Waltraut Reimer

Level one: To be LORDS in the kingdom of God we need to work through all our behaviour issues, one after the other

Always being right, defending your own opinion – wanting it *your way* – hiding and denying your own failures and shortcomings – blaming others – taking everything personal, being easily offended – being selfish, not willing to pay a price, to commit yourself, to invest time and effort, wanting a shortcut – not honouring leadership and others – avoiding people or situations because of fear etc.

Because of this and similar behaviour we allow dragons and giants to occupy our mountains (spheres of authority) in heaven. By thoroughly repenting and dealing with our behaviour we deal with them, we remove their right to be there. Only killing dragons without changing the behaviour down here, does not do anything, they have the right to come back.

Level two: To be KINGS in the kingdom of heaven we need to work through our thoughts, motives, and intentions of the heart. We need to repent about and get rid of all negative demonic TRADING

- Seeking approval and recognition through ministry, serving others, hard work, being known by many people etc.
- “Good deeds”, trying to impress others etc
- Negative attitudes about leadership, other people who are confronting you in love etc.
- Being very concerned about “MYSELF and ME” instead of loving and honouring others
- Exaggerating to put yourself in a better light
- Nagging to get your own way
- Being angry at one person, but talking about that to another person
- Etc. etc.

All that gives access to the demonic world to influence and affect us and to take away our inheritance!

Level three: To be **SONS** in heaven we need to work at getting genetic transformation, DNA transformation.

We need to get rid of the genetic material in our DNA that comes from before the flood. We cannot be sons of God carrying serpent or nephilim seed or other. We need cleansing and transformation of our seedline and generational line.

The level of authority we get will always be according to

- The level of holiness in our daily lives (attitudes, thinking, speaking, behaviour)
- The level of transformation we have gone through (see above)

With soulish behaviour and selfish motives God cannot entrust us with the level of authority we should have, because our soul would use it for SELF and its own kingdom instead for the kingdom of God. If we are not constantly on the altar being cleansed and refined by fire we will neither get the heavenly position nor the authority that we should have!
