

Unconditional Love resources

These audio mp3 files are intended to accompany the *Unconditional Love* book by Mike Parsons.

We suggest you save this document to your device so that you can refer to it again easily.

Many guided activations are included in the book.

Here you can find them all as audio files, ready to stream or download. Most were recorded live, when Mike presented this material during the original *Unconditional Love* Patreon Zoom meetings. Use them to guide your own engagements when you reach the appropriate section in your reading.

If connected to the internet, your device will stream the audio through your browser when you click the relevant link.

In the book itself, you will find QR codes which link directly to these streaming audio files.

To download the audio files to your computer, right-click each link and choose 'Save link as' or 'Save target as'. If your PDF reader does not offer you this option, close this document and reopen it in Chrome, Firefox or another suitable browser. It may not be possible to download files directly to some mobile devices. However, once downloaded to a computer, you can then transfer them onto your other devices (smartphone, tablet etc.).

The background music soundscapes in these recordings are by Samuel Lane of SML Music. Find SML Music on [YouTube](#), [SoundCloud](#), [iTunes](#) and [Spotify](#).

1. [The Prodigal](#)
