

How can we be prepared for sonship?

Preparation with help from tutors

Preparation through entering rest

Preparation through soul transformation at different levels

Preparation through the deconstruction and renewal of the mind to expand our consciousness

Rom 12:2 And do not be conformed to this world, but be transformed by the renewing of your mind, so that you may prove what the will of God is, that which is good and acceptable and perfect.

1 Cor 2:16 ...But we have the mind of Christ.

If we are going to function as mature sons we need the mind and abilities of a son

'As a man thinks in his heart so is he'; therefore we need to think like a son of God to be a son of God

Thinking from our eternal identity using our spiritual abilities

Renewal includes the rewiring of our minds to reconnect to hidden abilities

Restoring lost ESP-type abilities

E.g. Telepathy, telekinetic transmutation abilities, precognition etc.

God is light and our spirits are creative light beings

Light is electromagnetic energy and is a key part of how our consciousness functions

Neurons in the human brain produce photons, which are capable of being the infrastructure for light-based communication and activity.

Scientists found that neurons in mammalian brains were capable of producing photons of light, or "biophotons"

"Biophotons" in the brain point to our consciousness directly being linked to light!

God is creative light and there are various dimensions that operate at different speeds of light
Energy is frequency: vibrating electromagnetic wavelengths
Our spirits are creative light and our spiritual consciousness operates at different frequencies

Living in dual realms enables us to be continually connected or quantum entangled with a higher level of spiritual consciousness (Theta waves)

1 Cor 6:17 But the one who joins himself to the Lord is one spirit with Him.

When we are joined and one spirit with the Lord, figuratively 'yoked to Jesus, we can learn to be at rest

Rest is a state of consciousness where our mind functions from delta waves and has access to alpha, beta and theta wave states of consciousness

On my personal journey of deconstruction there were encounters that began to reconnect my eternal and physical consciousness

Rewiring my mind to function in a non-linear state of consciousness

There were encounters that were about rewiring the mind to access long lost or hidden abilities
Doorways in our minds that need opening to connect the ancient paths to those ESP-type abilities
Reconnecting with eternal consciousness changes perception

Remapping our eternal consciousness over our soul's consciousness unlocks access to abilities and dimensions

This process helped me reconnect with creation, tree of life, dimensional reality, Metatron's Cube; who I was and what I was connected to.

The mind of Christ is not a physical mind but a spiritual mind, revealing a new consciousness and a new reality

Cardiognosis = knowledge of the heart

Communication through states of consciousness – knowing, perception

Knowing truth by impartation through encounters that are not cognitive but heart to heart or subconscious

We need to live close to God's heart so we can know the oracles of His heart

This is the only way we can know what the Father is doing and so cooperate with that as Jesus did, only desiring to do the will of Him who sent him

[Closer to the Heart](#)

(Song by Rush about cardiognosis)

And the men who hold high places
Must be the ones who start
To mould a new reality
Closer to the heart
Closer to the heart

The blacksmith and the artist

Reflect it in their art
They forge their creativity
Closer to the heart
Yes closer to the heart

Philosophers and ploughmen
Each must know his part
To sow a new mentality
Closer to the heart
Yes closer to the heart, yeah, oh
Whoa whoa

You can be the captain
And I will draw the chart
Sailing into destiny
Closer to the heart
Closer to the heart

Closer To The Heart Rush
lyrics © Ole Media Management Lp

Why don't we see ourselves as God sees us?
Because we don't see God as He truly is. Why?
Because our minds are veiled by the constructs of our own consciousness
This is because we lack the intimacy of a heart to heart relationship

The veils of our mind consist of old religious or DIY belief systems that have created wrong views of God and ourselves where unbelief blocks, limits and restrict us
What needs to happen so that the veils can be removed and our minds can be renewed?

We need to turn to behold God face to face so we can become like Him through meditative encounters
To turn is to have a *metanoia*, a radical shift of thinking away from the lies, deception and false realities
We need to know the Truth as a person, free from religious images

Eph 4:23 and that you be renewed in the spirit of your mind,
Mind – Greek *nous*
The mind, comprising the faculties of perceiving and understanding and those of feeling, judging, determining
The intellective faculty, the understanding and the reason

Mind (*noús*) is the place where we receive God's thoughts and visions
Ginóskó to know, especially through personal experience (first-hand acquaintance).
To come to know, to recognise, to perceive; comes by experience not intellectual theory, theology or doctrine

I have covered the renewing of the mind in various teachings at a basic level

Transformation series dealt with trauma to transformation

Gateways teaching deals with the subconscious mind, the heart and the negative affects of our memories

Opening the gateways of our imagination was about activating the eyes of our heart to see the spiritual realms

The gateway of reason looked at detoxing our minds from the lies of toxic destructive thinking
These are all important processes in our transformation

Now we are looking at the actual construction of our minds and the rewiring of our mind and consciousness

The frameworks of our beliefs are veils that create the limitations that block our true mental abilities as sons of God

The mind has amazing abilities and creative potential that can often be seen in savants and indigo children

Savant syndrome is a condition in which a person with a developmental difference demonstrates profound and prodigious capacities or abilities far in excess of what would be considered normal.

Hyperlexia (the exceptional ability to read, spell and write); art; music; mechanical or spatial skill; calendar calculation; mathematical calculation; sensory sensitivity; athletic performance; and computer language skills

Our minds were created to function with these abilities as normal

The savant's mind is wired differently; this is not an aberration but a glimpse of what is possible in just one area

Those abilities often come at the cost of healthy emotional abilities

Sons are supposed to have all those abilities but in the wholeness and oneness of spirit, soul and body

Rom 12:2 And do not be conformed to this world, but be transformed by the renewing of your mind

These two processes run in parallel if our minds are to be renewed

We need to let go of the old DIY ways to embrace the reality of our sonship with a new renewed mind

Rom 12:1 Live consistent with who you really are, inspired by the loving kindness of God.

Renewing our minds will enable us to know God and know therefore our true selves and live in a new level of reality

We have not seen anything yet

Rom 12:2 Do not allow current religious tradition to mould you into its pattern of reasoning. Like an inspired artist, give attention to the detail of God's desire to find expression in you. Become acquainted with perfection. To accommodate yourself to the delight and good pleasure of him will transform your thoughts afresh from within.

The fear of contamination from the so called "new age" has meant that most Christians have been robbed of their supernatural inheritance and birthright

These abilities and concepts are actually ancient age and we need to reclaim and redeem them

Allow your mind and your consciousness to be expanded beyond all that you presently know and have experienced.

Experience the reality of all that is, all that will be and most importantly all that can be within My heart.

Son, let your monochrome existence become filled with my manifold, multi-coloured and multifaceted reality.

Prov 23:7 For as he thinks within himself, so he is

Prov 23:7 For as he thinks in his heart, so is he.

How do I think God and about myself?

How do I perceive God and myself?

What do I believe about God and myself?

What do I believe is possible?

What do I believe is impossible?

Is it 'impossible' or 'I'm possible'?

You are limited only by what you believe

This is why we need to think about ourselves as God thinks about us

Sons with limitless potential

To think is to direct one's mind towards someone or something; to use one's mind actively to form connected ideas.

Ponder, reflect, deliberate, meditate, contemplate, muse, cogitate, ruminate

Focusing the mind's abilities is not about using mere intellectual knowledge

Using our mental abilities is not about how much education we have had

We need to learn to focus our mind's abilities to function in sonship as Jesus did and to do even greater works

What reality do we believe?

Are you in agreement with the truth of who God is and the truth about who you are as a son?

Do you believe enough to act on it or just enough to give mental assent to it?

When we truly believe, we will live it

and our reality will be in agreement with God's thoughts

Reality comes from aligning or resonating with how God thinks about us in His heart

We are all creative beings made in the image of God.

God is omnipotent, all-powerful

God is omniscient, all-knowing

God is omnipresent, everywhere.

I am made in His image

I am predestined to be like Him

I am in Him so I can be anywhere He is

I can potentially know anything

I can potentially do anything

Act 17:28 In Him I live, move and exist

We need an expanded conscious reality

Quantum power of conscious thought

The universe responds to the focus of our consciousness.

We have the mind of Christ therefore the capacity for the greater works.

It is time to embrace the potential possibilities of who we are because of who He is.

What do we believe and why do we believe it?

What has conditioned our beliefs?

Where have our beliefs come from?

Cultural programming?

Religious theological programming and indoctrination?

Through direct encounters with God?

The thoughts and intentions of our heart are key in framing our desires

Whose heart are we aligned with?

Do we know how to use quantum understanding?

Do we know that the conscious expression of the intentions of our heart frames our reality?

Our consciousness is a series of electrical impulses in our synapses passing along neural pathways that the brain interprets as thoughts.

We have learnt to interpret those signals.

“If it is not weird it is not quantum!”

Quantum physics reveals that light already knows your intentions and that is what forms reality
Spin of atoms clockwise or anticlockwise is determined by the intention or thoughts of the viewer by conscious focus before viewing

Intentionality is a key concept in learning to create reality

The fact of being deliberate or purposive.

The quality of mental states (e.g. thoughts, beliefs, desires, hopes) which consists in their being directed towards some object or state of affairs.

The truth that I am conscious of and know by experience will set me free from being tethered to limitations of the earth and the physical realm, from being subject to its rule and bondage

The Truth will release us into the freedom of the glory of our sonship.

Sonship is expanded consciousness

John 8:36 Who the Son [the Truth] sets free will be free indeed

Free from the chains of time and space and the dimensional restrictions of the matrix of our belief systems and mind-sets

Free to be and fly untethered and unrestricted

When we come to know the Truth we will begin to experience true reality

True reality is not what we have come to know through our earthly experiences

What we have been living is an illusion veiled as reality and we have been conditioned and limited by it

There can be many realities, but there is One Truth.

The Truth, once perceived may not always be to our taste.

The Truth may not always be convenient or pleasant.

The Truth may require sacrifice and discipline.

When we turn from the Truth and return to pseudo-realities, it is either because we fear the hardships and responsibilities that freedom brings, or we lose sight of the higher purpose

We serve the Truth as one "unplugged", or we will just find the truth unpalatable

David Van Koevinger – ‘Elsewhen’ is your consciousness out of time here and into God's upper bandwidth of cosmic consciousness.

It is to disconnect from things of this realm and become connected to ideas, visions, and input that comes directly from your Saviour, Designer, and Creator.

You can now understand that there is a non-physical reality from which this universe and everything in it flows.

Jesus Himself is causing your body, your spirit, and everything you have to blink into your reality.

Intentional observation – our choice creates our reality

John 14:12 Truly, truly, I say to you, he who believes in Me, the works that I do, he will do also; and greater works than these he will do; because I go to the Father.

How many of things did Jesus do with an anointed or empowered mind?

Telepathy, transmutation, pre- and post-cognition, telekinesis, invisibility, quantum tunnelling, creating reality etc.

Jesus knew people's motives and thoughts

Mark 2:8 Immediately Jesus, aware in His spirit that they were reasoning that way within themselves, said to them, "Why are you reasoning about these things in your hearts?"

Luke 11:17 But He knew their thoughts

John 1:47 Jesus saw Nathanael coming to Him, and said of him, "Behold, an Israelite indeed, in whom there is no deceit!" 48 Nathanael said to Him, "How do You know me?" Jesus answered and said to him, "Before Philip called you, when you were under the fig tree, I saw you."

Jesus knew Nathanael's past and his character

Jesus also knew the Samaritan woman's past at the well

Jesus knew Peter's possible future

Jesus turned water into wine and multiplied food

Jesus created the reality of money in a fish's mouth

Jesus predicted where to cast nets for a catch of fish

Jesus disappeared before people

Jesus walked through people as they tried to throw Him off a cliff

Jesus walked on water

We have the mind of Christ to do the same things!

Do we believe it? How do we do it?

Do we know how to develop and use those abilities?

Is our mind wired up correctly and connected to those abilities

We actually use most of our brains (despite the popular myth that we only use 10%) but we only understand how 10% of the brain functions

Only 10% of the brain are neurons; the other 90 percent are glial cells, which encapsulate and support neurons, but whose function remains largely unknown. What is not understood is how clusters of neurons from the diverse regions of the brain collaborate to form our consciousness.

Neural pathways are like superhighways of nerve cells that transmit messages. You travel over the superhighway many times, and the pathway becomes more and more solid – habits and beliefs form. There are some areas that are disconnected and some abilities are not yet reactivated

An object is a specific vibration; every thing, or subject, is an expression of a variant frequency. 'Things' are mere externalized manifestations of internal, cosmic vibrations.

Creation begins with a subtle, (spiritual) vibration and movement within the Infinite Creator, which then gives rise to a physical vibration of energy, which is eventually solidified into matter.

At every moment, every physical time/space expression is an externalized manifestation of a spiritual vibration. Our words and how we language our thoughts is a process of continually creating the world around us.

In other words, things are to us what we say they are... Just as we have the power to create with speech, we have the equivalent ability to destroy through speech.

Our words, which are our projections and vibrations, alter the inner frequency of the universe, for good and for the opposite. - Rav Pinson
It is our legislative governmental words that create ripples in space time to create reality

Be intentional and focus on Jesus the Truth
Choose to open your mind to Jesus
Ask Him to remap your spiritual consciousness
Ask Jesus to rewire you and reconnect you to innate inborn creative abilities

Ask Jesus to unplug you from the limited constructs of your mind
Ask Him to expand your reality
Ask Him to expand the conscious awareness of who you are
Ask Jesus the Truth free you to know true reality
