

## VISION DESTINY 2021 1

2020 has been a year of great shifting and shaking but the Father warned me to prepare for this back in 2018

With lockdown and less travelling I have more journal entries so I will share the first six months of my journals now.

I am going to review some of the things that were key in 2020 so far

I will share my journals; that will include:

- What God said in 2020 so far
- What God did in 2020 so far
- What does that mean for 2021?

I will begin with Vision Destiny 2020 session 16 that I was not permitted to release until now.

It represents both the transition between 2019 and 2020 and the preparation for the shift that was coming in 2020.

On December 3<sup>rd</sup> 2019, the Father said

Son, legislate for the shakings to increase in frequency and amplitude until the reality of wilderness living is revealed.

Son, you were designed in Our image and likeness to ascend to think like Us with the power to create reality.

The independent, disconnected DIY pathway has diminished but not removed those abilities and all that now is, is the result of the acceptance of the fruit of free will.

Man is about to reap the consequences of what has been sown but My mercy will always triumph.

Son, nothing can be separated from Me and therefore from My love as I am in all and all exists in me

Son, love is who I am and I am unrelenting. Love is stronger than death so I will never fail and I will never give up until everyone and everything is restored in My love

Son, I am that I am trust Me and you will begin to see beyond what you could have imagined or thought.

I am beyond your beyond and infinite but there is one thing that will never change, that is the fact that I am love.

I can never be or do anything that is contradictory to love as love is who I am and a constant.

Son, you can trust in My love being constant and consistent and reject any theology, doctrine or teaching that contradicts My nature and essence as love.

Unconditional Love defines who I am and everything must be framed by love.

Love is the only way to judge and evaluate and it is the only plumb line you will ever need.

Religion will always put conditions on love that lessen the truth of who I am to distort My nature.

## VISION DESTINY 2021 1

I began to legislate for love to restore the ROAT (Restoration of All Things) streams:

I call for the Restoration of All Things message frequency to open the door to each family of the earth

I call for heavenly revelation of the Restoration of All Things to be released

I call for the oracles of the Father's heart to be revealed to open hearts and minds to the truth of the Restoration of All Things

I call for the nature and character of God as love to explode like love bombs into the 4 streams of restoration

I call for love encounters, face to face encounters, heavenly encounters, intimate encounters to be released and experienced within the 4 streams to open hearts and minds to the truth of restoration

I call for the opening of each stream to the other streams for unity of heart, mind and purpose

I call for the light of truth concerning the restoration of the dimensional beings and the fallen ones to be unveiled in the religious systems of men.

Son, you have felt My love by experience and are motivated by My desire for intimacy with all My children. Do not give up; make this your primary mission.

Son, feel My beating heart, beating to the rhythm of the oracles.

Feel the energy and force of My desire and determination for the ROAT; This is who I am.

Love wins because love has won. Love cannot be denied and will not relent until all things are fully restored.

Son, engage the frequency of the Elementals as that is their connection to creation.

They are frequencies that are sentient and able to communicate with the vibrational energy within all things.

Son, embrace frequency and pursue how frequency and creation are sentient through the Elementals.

Son, you have always had an affinity with creation. From a child you were drawn to the natural world, now explore the relationships between the Elementals and nature itself.

You feel it within your gut, that instinctive knowing, that most of My children have been taught to ignore.

Son, learn to tune into the variations and fluctuations in vibrational energy fields to feel creation and communicate with the Elementals by thought energy.

Son, the sounds and variances within music being discovered are revealing new methods of communication but they are not being used effectively.

This is an area to legislate into for the healing frequency energy stream to discover the full implications of these truths.

## VISION DESTINY 2021 1

What I have shown you about Schumann's resonant frequency and sonship entrainment needs to be explored further.

My sons need to learn how to communicate with the Elementals of creation through frequency.

Son, I have given you the desire and the resources to pursue energy healing through frequency generation so do not hold back.

I have given you the mandate to take frequency revelation further, beyond the health and wellbeing field, to engage creation for its restoration through the frequency of sonship.

December 9<sup>th</sup> 2019

Son, I am your provider and I am not like anyone else.

You can trust Me to provide, protect and direct you as I am faithful and My covenant love will never fail or give up. This truth will be key in 2020

Seek first My kingdom and be righteous, which is who I made you to be, and everything that you will ever need will be made available to you.

Son, all that I am is yours. I hold nothing back from My children, yet religion has made Me out to be stingy rather than lavish.

The works-based law mentality that has evolved from the DIY tree of human choice makes My children try to earn what is free and therefore live like poverty-stricken orphans even though they have the creator of all things as their Dad.

Son, I am lavish and abundant and My grace is beyond ultra and unlimited but most of My children are living in the illusion of their own DIY beliefs about Me, as orphans or self-made men and women.

Son, it is true that as My children think so they live; that is why meeting the real Me face to face is imperative for renewing the mind to transform their lives.

Our true identity is seen reflected in His face so we can become who we truly are.

We can behold and become transformed.

Son, all that I am is yours; come to Me and be at rest as a son and encourage all of My children to be the same by letting go of their slavery and orphan identity and mentality.

Live loved; free to know, free to see, free to be, free to do, free to go; and so fulfil your destiny as a son and heir of creation.

This is living in true rest, knowing you are loved unconditionally with access to limitless grace

Son, let Me introduce you to some more of those who are beginning to encounter the frequency of sonship's hope.

I entered through the first portal into the dimensional anteroom and there were 6 more ambassadors of their races:

## VISION DESTINY 2021 1

The Hadjurans, Durassians, Jordassians, Rakthurians, Silothians and Lorathians, all different in size, stature and appearance but vaguely humanoid.

They all made representation for visitations to facilitate their races' freedom from the corruption of rebellion.

They are calling on the sons of God to be revealed and the light of truth to shine to free their civilisations from bondage.

I offered the hand of friendship and we all embraced and I extended My spirit around them so they could feel the love, joy and peace of rest.

I authorised them to carry the testimony of hope and share love's light to their dimension and I called for the light of love to shine in them and through them.

I released the sound frequency of each of the races out into the spiritual atmosphere.

This was to call those sons of God mature enough to represent true sonship dimensionally to be able to resonate with those frequencies and help in restoration

I called for the sons of God to radiate love's light dimensionally as the order of Melchizedek for the restoration of those who are in bondage to corruption.

Son, rest; and see what I will do when I am in charge of your life.

There are times when you have to just be with Me and do nothing but watch Me be Me.

Do not try to work it out or understand it. Just trust in Me and you will be amazed by what your Dad can do to bring about change in every situation.

Son, go to the portal again and you will begin to see where this is going in the area of dimensional restoration.

I went through into the anteroom and there were 6 non-humanoid beings.

2 energy beings of light but with no discernible form, 2 beings of gelatinous form and 2 beings of mechanical form.

I introduced myself and I felt their introduction rather than heard it but I knew their purpose.

I felt their anguish, desperation and urgency but also feelings of inadequacy, stigmatisation, for being different and not at all like the sons.

I asked what I could do but immediately felt the need to accept them, so I overshadowed them with my spirit in a type of embrace.

I felt their situations more intensely and their desire to be included and released their frequency into the spiritual realms to attract sons to their cause.

I called for their freedom and gave them hope of restoration as I empathised.

Empathetic communications passed between us and between them as they now realised they were not alone.

## VISION DESTINY 2021 1

I called for a confederation to be formed, like a support network.

I then felt the isolation they had felt because of their differences, so I celebrated and expressed the intense joy of the oracles of the Father's heart in diversity.

I felt them deeply moved, so I released the deep compassion of the Father's heart for their inclusion and integration.

The hopelessness they felt was slowly being replaced by the inclusive love that I released.

I then sensed the root of the issue was the rejection of their races by the humanoids and the fact that they had not joined the great rebellion against the creator but they had no connection with the sons of God.

I invited them to become ambassadors of reconciliation and restoration to the non-humanoid dimensions.

They communicated that they were honoured but needed verification from others.

I thanked them and withdrew but felt the pain of disconnection from the empathetic dimensions.

Son, there is more but well done! Your instincts were fatherly and well received; you are maturing in your role.

I created you for this, with distinct characteristics; don't let anyone try to change you.

Son, I am with you and will never leave you.

Do not fear any opposition; just keep your heart right and always come with the opposite spirit.

I am about to open doors of opportunity for you but always seek Me for confirmation.

In light of the situation in early 2020 with the coronavirus I remembered that in 2018 the Father told me to prepare for a great shift that would occur in 2020

This shift was both personal and global, as it turns out.

27 August 2019

Son, the shift for 2020 is both personal and for the global EG community.

Son, I desire that you focus on the EG Programme and get ready for the new year where a shift will take place in you as much as around you.

Communicate well and prepare well and let Me shift things for you.

Be ready and do not hold back when you see the new opportunities revealed and the shift I promised will be unveiled.

28 October 2019

Son, I told you a shift is coming for 2020: this is for you and for the Joshua Generation.

## VISION DESTINY 2021 1

I will open new doors of opportunity to take the restoration of all things message of true hope further

December 10<sup>th</sup> 2019

It is time for the shift to take place in 2020: just be ready to go with the flow of the streams; do not resist where it takes you.

Son, you will be surprised, however prepared you try to be, as I am about to take you beyond once again.

The shift to greater grace is coming, so be ready and waiting.

Look for the signs that will manifest through favour and blessing from others that I will facilitate.

Son, you know that there is so much more to come but be patient and rest in the process of transformation that you must be continually in.

Son, rest in My love and let Me bring good out of every situation that you will face. This is trust in action, when you do not try to fix things yourself.

True trust is living loved, in joy and peace.

Son, rest is synonymous with trust in Me. I always want the best for you and real trust is believing that even when it does not appear to be true.

The most growth occurs when you learn to overcome by resting in Me and not leaning to your own understanding.

Part of the personal shift was beginning to engage governmentally with others.

Three of us were mandated to establish a cosmic bench for the ROAT in December 2019

Eventually this led to a bench of 7 for restoration government in April 2020

December 12<sup>th</sup> 2019

I saw three of us standing in the middle of the council of the 12 ambassadors of the ages, who were on their thrones, dressed in golden garments.

We were each represented by a golden ring of brilliant, radiant light and on each ring were smaller rings.

The three rings interlinked and became joined and united but there were areas where 2 overlapped, and 3 overlapped and where there was overlapping, some of the smaller rings were included.

I saw other rings join each of the smaller rings until they were cascading down like long strings of energy conduits.

I believe this is the joining of heart in covenantal relationship but also the coming together of networks of relationship

This, as I was to later discover, would form a shield to protect the earth during the shifts about to occur.

All three of us had been under attack in various ways.

During the heavenly engagement I saw three fallen angels who were behind the intimidation.

They were using fear to obstruct us and hinder the message of restoration.

I asked the Father for a mandate to engage them, which He gave

He said "Engage the fallen ones with honour and reveal My love for all My creation through your love."

I engaged them and surprised them with my approach, and discovered they were: Fear of death, Fear of intimacy and Fear of knowledge

This was a fact-finding mission and I was quite hesitant.

I felt no mandate to go further and withdrew, somewhat relieved, as they were quite intimidating and I did not really feel very equipped

I went back to the Father and asked for help and He began to equip me and give me confidence.

Son, cosmic benches is key to the next season as it provides the government for the dimensions that need to be restored.

Engage the fallen ones with honour and reveal My love for all My creation through your love.

The restoration of all things is not My ultimate desire but it is the way My original intention for oneness can be achieved.

Once all things are restored then the journey continues into the ages to come and My sons can become ascended fathers who can be like We are.

Son, only perfect love that is who We are can cast out the fear that is keeping My children from their destinies.

Fear of death has kept My children from enjoying life and limited them from knowing the truth of immortality.

The three beings were all variants of fear, relating to death, knowledge and intimacy.

Son, fear of death partners with fear of knowledge to keep My children in bondage and stops them taking their responsibilities for creation

Fear keeps creation groaning in isolation where fear of intimacy and oneness completes the viscous circle of fear's authority over My children.

Only face to face intimacy can break the power of fear from My children but fear of the god religion has created keeps them at a distance.

Restoration first begins with the truth of who We are unveiled.

Love in Perichoresis and Trinitarian truth restored leads to inclusion being revealed as a consequence of love's passion and zeal for relationship with our children.

Son, there is no greater goal in this season than carrying the oracles of Our heart for restoration.

## VISION DESTINY 2021 1

I engaged the cosmic trio with a respect that surprised them and I could feel that they were confused.

I shared my desire for their restoration and asked how our last encounter had affected them.

They were disarmed and had lost their intimidating atmosphere. They said that it had confused them.

I expressed the Father's love and used the crystalline sceptre to reveal truth of mercy that triumphs over judgment.

I asked them to remember what it was like in the beginning but they had darkness over their minds.

I decreed that the light of truth and love would penetrate darkness over their minds.

I expressed again that I desire their restoration and that I have forgiven them.

These three are a different level of authority than those I have engaged before and it will take some time to break down their resistance

Son, you have a mandate for frequency ministry using the bowls and Rife-generated frequencies but you must be prepared to go deeper into the sonship frequencies and how they affect the dimensions.

Sonship generates a love, joy and peace frequency from rest that has the capacity to cross the dimensional matrixes.

The hope that is produced by love's light can begin to bring balance to creation and answer its groaning for freedom.

Son, learn to generate freedom frequencies from your rest that has been produced at the higher levels of consciousness.

Son, I am continuing the deconstruction process to expand your consciousness in regards to frequency and the quantum fields.

You will need to connect with the Elementals that are connected to the unified quantum fields of the physical realm and then go further to engage with the Elementals of other dimensions to manage frequency restoration.

The Elementals were designed to balance the living light force energy that exists as strings within the fabric of all things.

They are connected to sonship's frequency of love's light and their function has been diminished by mankind's fall from Kingdom governmental position.

Son, you can produce Rife frequencies that balance creation in preparation for restoration of the fallen ones and dimensional beings by bringing the Elementals into resonance with sonship.

I will give you revelation of which frequencies represent the oracles.

Each of the five key precepts of the oracles has a specific frequency range that can be generated by the hearts of sons coming to places of maturity.

## VISION DESTINY 2021 1

Those five key frequencies are arranged on a pentatonic scale and can be directed specifically through music and Rife frequencies that resonate in and through expanded consciousness states of being.

There are different creative ways of generating the frequencies that represent the oracles: the bowls, Rife machines, tuning your body's and mind's energy field in rest.

Son, start by using meditation for rest to create altered states of reality that connect dimensionally for restoration through the oracles' frequencies.

Then you can produce Rife frequencies that can be focused dimensionally through quantum entanglement because of Our sons' presence dimensionally.

Sonship becomes the conduit for the oracles of the Father's heart as the five frequencies are activated within their hearts.

Son, your being drawn to the Rife frequencies is Our desire being realised in oneness and your willingness pleases Us greatly.

Now pursue the shift to align the oracles of restoration with the energy creative streams to form a unified approach.

Son, look at the fives in the Bible and in creation to gain more insight into the pentatonic form as this will be a key to being able to focus energy into specific targets that you have mandates for.

A pentatonic scale is a musical scale or mode with 5 notes per octave. In most pentatonic scales, all the notes harmonise – making it very easy for you to play because there are no wrong notes. You literally can't make it sound bad!

The pentatonic scale is the most intuitive scale, it is the foundation of improvisation, and examples are found in almost every culture.

Major: 2-2-3-2-3

Minor: 3-2-2-3-2

Often indigenous people connected to the land use these scales

Pentatonic scale 1, 2, 3, 5, 6

444hz is higher, uplifting and good for releasing tension.

432hz is lower, calming, and good for grounding and peace.

A C D E G are the minor key frequencies of 444hz and C D E G A the major key
