

## VISION DESTINY 2021 5

I am going to review some of the things that were key in 2020 so far

I will share my journals; that will include:

What God said in 2020 so far

What God did in 2020 so far

What does that mean for 2021?

Feb 26<sup>th</sup> 2020

I went to meet with John Newton; he had brought thousands with amazing testimonies of limitless grace.

The worst of the worst of the worst by man's reckoning: mass murderers, rapists, paedophiles, abusers, traffickers, all sharing how they had been forgiven and welcomed by the Father.

Then all those who been victims of those terrible crimes shared how they had been restored and made whole,

Some standing next to their abusers in total oneness and unity.

This was amazing, limitless grace in action, and I was really moved, totally overwhelmed and weeping.

I felt so privileged to listen to their stories of how the unconditional love of the Father had rescued them.

Some of those stories were before and some after physical death.

Some responded before death, for example at the Nuremburg trials

Some when Jesus engaged them as Light at the point of their death.

It was the testimony of so many who, in spite of their debauched lifestyles, were visited by the light of love, Jesus, on their deathbed and they willingly and gratefully accepted the grace and mercy that He offered them in love.

As they relived their stories I felt what they felt when they experienced His oracles: the deep emotions of passion, burning desire, intense joy, deep compassion and overwhelming love.

They were literally swept into the Kingdom on a wave of the wonderful emotions that their loving Father had towards them.

There were other stories of those who were in the depths of despair when facing the reality of their treatment of others when grace and mercy were demonstrated by the victim or a victim's loved ones.

Forgiveness was what had unveiled the limitlessness of God's mercy and grace to them.

The stories continued, one after the other, expressing the depth of their gratitude as they shared.

They all had one thing in common: that was how love, expressed through one or other of the Father's oracles, had brought them the realisation of their inclusion, reconciliation and restoration.

There were also stories of how deep compassion and overwhelming love had touched them when they were in a state of grief over the loss of a loved one, child, parent, spouse or sibling killed in some horrendously traumatic way.

Many came forward, victims of abuse of all kinds, rape, SRA, racism, slavery etc., who had experienced a limitless grace that transformed them from deep darkness and despair into a place where the light of love shone brightly.

Then there were those who had committed suicide, sharing that they had received the limitless grace and mercy directly from Jesus at the moment of their death; all with stories of being embraced with overwhelming, loving acceptance.

The Father said, during an encounter,

There are many who have not yet responded to Our love because of deep shame. You are tasked to seek them out within the fire and reveal just how limitless Our grace and mercy really is.

The serial killers, child murderers, paedophiles, tyrants, despots; those who are responsible for genocide, ethnic cleansings, the satanic ritual abusers; the worst of the worst are your mission field.

Son, only limitless grace through deep compassion and overwhelming love will remove the deep shame they feel.

Son, do you feel it for them?

If you do not feel it, you cannot demonstrate it.

Son, come deeper into Our heart to feel it and know it for yourself.

I saw all the worst things I had ever imagined, thought or done in an instant; then, without any time to react, overwhelming waves of acceptance hit me, washing away every thought and memory.

Lavish grace and the pleasure of a loving, doting Father rolled over me; it was almost too much to bear.

That was just the beginning; every emotion linked to love bombarded me into total surrender.

Any vestige of doubt washed away in torrents of the abundance of the pentatonic love frequencies of the Oracles of the Father's heart.

Son, now you know you can give what you have freely received as all sin is but a result of lost identity; to Us one is all and all is one.

The comparative scale of badness is a DIY tree invention fuelled by guilt to lessen the shame.

'There is someone worse than me' is guilt reduction strategy.

We just see Our children adrift in their lostness, as to Us, one act is all acts.

Son, mercy triumphs over men's views of justice when the stories are told but what you will feel from those in shame is the self-inflicted reaping of all that they have sown.

They are still suffering the self-inflicted consequences in the fire.

I had felt the self-inflicted torment myself, even if for a moment, but I could identify with those who are facing their shameful acts but are still unable to receive mercy even though it is available.

Only one who has experienced their pain and received limitless grace will be able to reach them.

Son, you have this mandate and you have experienced this reality from both sides.

Freely you have received, now freely give by releasing limitless grace and mercy through deep compassion and overwhelming love.

## VISION DESTINY 2021 5

February 26<sup>th</sup> 2020

I felt inspired, compelled, to go into the consuming fire of God's love so I could preach limitless grace to the worst of the worst of the worst by man's reckoning

So I went back to the court of the upright to engage John Newton

Again I met those who were beaming, shining with joyful exuberance waiting to tell their grace story.

I asked if they would come with me into the fire and they were only too pleased to accept my invitation.

So we went into the fiery place from Wisdom's heights to engage with those who were trapped in deep shame.

I turned my desire and my own testimony of deep compassion and overwhelming love to create a frequency of hope to draw those out of their self-imposed darkness into the light of our glory.

Our glory is our testimony

There were representatives of all the worst categories of human degradation and all I felt was the oracles of the Father's heart

I saw Hitler, Stalin and other tyrants from history come forth, heads bowed, covered in darkness.

I saw Ted Bundy, Manson, Christie, Brodie and many other serial killers come into the light; and one by one they came, the worst of the worst, I felt their anguish, pain and torment.

I don't know if it was actually them as individuals or if they were what I saw as representatives.

There were also those who committed suicide and were held captive by the religious shame that said they could never enter heaven.

I felt the passion, burning desire, intense joy, deep compassion and overwhelming love that the Father has for all His children.

I preached the love that inspires such limitless grace but I was totally overwhelmed by their guilt, shame, condemnation and fragmentation.

Based on my experience, I released all the love and acceptance I had received and I covered them in the frequency of my sonship.

I began to give an impassioned call to their alters to come into the light and my passion drew the Prince of Peace.

I called on the witnesses to release their testimonies of limitless grace and to release the forgiveness they had received.

As they released limitless grace and forgiveness, hundreds of thousands responded and their countenance changed and their heads lifted.

I offered them peace as I shared the true gospel of forgiveness; I forgave them, as did all the witnesses on behalf of all their victims, and released another wave of the loving oracles.

More heads began to be raised and I continued to bombard them with love's light until they accepted there was a choice they never imagined they could make:

The choice to come to Jesus and receive His amazing grace and mercy. Jesus as Prince of Peace was there with us.

I watched as one by one the alters came into love's embrace to receive the rest of love, joy and peace.

When all had come, Jesus turned and led them out of that place of fiery torment through the fiery sword where each knelt down in surrender to confess Jesus as Lord.

Captivity was now led captive into the limitless grace and mercy which had triumphed over their own self-inflicted form of justice.

As they followed us out through the fiery sword they ran into the arms of the Father who was running to meet them and were embraced by limitless grace.

Each was given a ring of sonship and robes of righteousness as all the hosts of heaven rejoiced and celebrated.

Restoration is limitless grace in action.

What a celebration there was in the realms of heaven as those who were lost hidden within their own shame and self-imposed darkness began to shine as light!

Then I began to think of the victims of those now free, basking in limitless grace and mercy...

It then struck me, what about the victims still in bondage to the torture of unforgiveness, bitterness, resentment and trauma?

I asked for the new witnesses to help and we went back into the fiery place and set the desire of my heart towards them.

They came forth, some hostile, angry, entitled, blaming God.

I could feel the sense of injustice that covered them in darkness like a cloud.

I released the frequency of the Oracles and one by one I reminded them of their lostness and their own sin and called for restorative justice where the victims would meet their perpetrators.

I asked him who is without sin to throw their accusations like stones but there was silence.

Then one by one the perpetrators asked for forgiveness and I saw the most amazing reconciliations take place.

I had no need to say anything as I turned to lead more captives free from their self-inflicted torture and torment.

Once again walking together, the victims and victimizers knelt to confess love for God and each other as they rose to walk through the fiery sword into Zion.

Son, now you see why there is a celebration when the lost are found and Our children return to us.

I went through the gateway into Zion and what I saw was the loving Father running to embrace each one to impart sonship with robes of righteousness and rings of sonship.

Son, do not be intimidated and do not back off from your mandate, which is now primarily the restoration of all things.

Those stuck in the deception of futurist eschatology will inevitably frame restoration wrongly, so legislate for an opening of their eyes.

2<sup>nd</sup> March 2020

Son, be yourself and rest in all that I have made you to be.

In rest the vast sum of Our thoughts about you are there to create the energy you can live in and use to fulfil your destiny.

The truth about who you are from Our reality can be used to frame your reality.

Rest reveals Our heart and provides the motivation and the life energy needed to creatively establish the Kingdom on earth as it is in heaven.

Son, we have shown you some aspects of limitless grace and mercy but there are many more dimensions of grace to be experienced.

Continue to trust the oracles deposited in your heart and express your passion and burning desire for Our heart through love.

Son, as your mind has expanded so has your heart's capacity and desire for restoration.

The more you know, the more you will be able to know, as truth frees your mind to grasp true reality.

Son, you have glimpsed Our mind and how we are connected to everyone at every moment but let us show you more.

I immediately felt connected to creation to a greater dimension and the scale hit me.

I felt the groan and the Elementals' connection and the tension between mankind in disconnection. The disharmony was tangible, yet the echo of the voice was still discernible and I felt moved by it emotionally.

Creation is not inanimate but a highly complex neutral net of interactions, as glimpsed in chaos theory.

Then I felt the longing for the reconnection to sonship, such a deep desire for the revealing of the sons of God.

Son, light is the key to connecting with creation.

Love's light as waves of possibilities, the quantum wave function, collapsing into beautiful reality through the glory of your sonship.

Son, Our children are more than the light of the world: their light is trans-dimensional.

Son, arise and shine for creation needs your light to be restored.

Radiating the highest frequency of rest or enlightenment affects creation itself.

Fear lowers an individual's frequency and therefore resistance and makes them more susceptible.

Fear-based epidemics such as SARS, Blue Flu, Swine Flu, Ebola Virus, Zika Virus etc. lower the planet's frequency and make it more susceptible.

Perfect love (God) casts out all fear

Why are we afraid?

Of what are we afraid?

If we truly know we are unconditionally loved, fear has no effect on us.

Fear is our biggest enemy.

Son, perfect love casts out all fear. The world is continually gripped by fear. That frequency makes everyone who does not know love susceptible.

It is vital that the sons of God know unconditional love and live vibrating in that frequency.

It is vital that Our sons know how to create love's frequency and generate love's energy to keep the world in balance and in harmony.

Son, rivers of living water, the energy of pure unconditional love, can flow out of the heavenly realms through Our sons to create the energy fields of love, joy and peace expressed as rest.

This energy is living and active and is Our grace, Our enabling power and is limitlessly available to those who know Us face to face, heart to heart, mind to mind.

Limitless zero point energy, as science has termed it, can be activated with the energy centres of your being to generate the love frequencies needed to deal with fear.

Fear keeps our children in bondage their whole lives; it is time for Our Sons to arise and shine with love's light and overwhelm fear with the power of love.

Only the perfect love that is who We are can overcome fear; so live loved, love living and live loving.

Restoration of All Things gathering, Colorado Springs, 20<sup>th</sup> March 2020:

I resonated with new levels of legislation

I engaged with the cloak of mystery where the cosmic trio of fallen angels who were restored were safely residing.

They were once Fear of Death, Fear of Intimacy, and Fear of Knowledge but are now known as Abundant Life, Deep Intimacy and Revealed Truth.

I began to engage with them to partner in legislation.

I call you forth, at this time of fear and darkness, to come out of the mystery into the light.

I commission you to bring life and immortality to light.

I commission you to release love's light to shine and overcome the darkness of fear.

I commission you to reveal perfect love in deep intimacy to cast out all fear.

I commission you to release the truth to counteract all fake and false news.

I release you into the light of truth and authorise you to unveil the things hidden in darkness.

## VISION DESTINY 2021 5

On behalf of the cosmic bench, I authorise you to arise and shine love's light to cancel the fear of death, to cancel the fear of intimacy, to cancel the deception of hidden knowledge.

I call you to unveil and release knowledge that has been hidden through fear into the light of truth. I call for the legions of the heavenly host to radiate love, life and truth to turn the tide and tip the balance to inspire the children of God to rise up in sonship and shine love's light into the world to counteract fear and remove darkness.

I call for Destiny, Freedom and Harmony (three restored fallen angels) to come into agreement to inspire the sons of God to legislate at a new level.

Son, call for the sons of God to arise and take their places in the rest of their heavenly positions to rule.

From rest, release the love joy and peace needed to overcome the fear that is lowering the frequency of the planet, making it more susceptible to dis-ease.

Issue the call for global action so that I can bring good out of the present situation.

Son, know that I love all of My children and want none to be lost in fear but all to come to the true knowledge of Our perfect love that will cast out all fear.

Son, issue the rallying cry to arise and release Our perfect love into the spiritual atmosphere all around the world.

Son, choose a time to send [a wave of love around the world](#) starting at 12 noon for 15 minutes. Saturate the atmosphere with love, joy and peace daily to subdue and overcome fear.

Son, greater grace is available to those who know perfect love: where sin abounds, the divine enabling power of Love even more abounds.

This is the time for Our children to arise and shine love's light into the darkness of fear to dispel it.

Creation can be set free from its bondage to fear and corruption by the glory of sonship shining love's light brightly from the heavens into the earth.

Let the sons of God arise and shine.

Son, Unity commands a blessing and both Unity and Blessing are being released into the creation as orders of beings that Metatron, as key keeper and timekeeper, is coordinating in this season.

This is the season where the dimensions are converging, where time and the eternal now are converging, where heaven and earth are converging in sonship.

The frequency of sonship expressed through the Oracles of Our heart are causing this convergence to begin the season of greater grace through Unity and Blessing.

Son, issue the resulting cry for the sons of God to arise and shine love's light in agreement and accord with Unity and Blessing.

The heavenly Mount Zion and the earthly mountain of the house of the Lord are converging in unity to release the greater grace of blessing.

Son, this is to unveil the reality of the restoration of all things message, to free creation from its groaning and bondage.

## VISION DESTINY 2021 5

The pentatonic scale is the call to engage and follow Our heart's passion for creation to be restored to harmony and play the great symphony of the music of the spheres.

The primordial sound is what you are hearing and sensing; and Unity and Blessing are the conductors of this movement as a season within seasons.

Son, keep releasing the sound of the oracles as an ambassador and an Oracle through the bowls, frequency generators and recorded music.

Son, you are the sound, as you carry Our heart as an ambassador and an Oracle for restoration. As you resonate with Our heart as all Our sons are called to do, you will vibrate with the frequency as Oracles and Legislators of restoration.

Son, these are the five core gates of the Merkabah linked and connected to the five core gates of your being; that is the limitless energy needed for this dimension. But Unity and Blessing need to be added to activate the full seven gates for the dimensions to be restored.

The full seven frequencies will need to be activated for total restoration, so the Oracles of Our heart which you have seen as Passion, Burning Desire, Intense Joy, Deep Compassion and Overwhelming Love also include Unity and Blessing.

The first five oracles are connected to the earth and sonship will expand to seven oracles to reach all the dimensions that need restoration.

The scale will not be limited to seven but will expand to nine and eventually twelve as the Sons of God become ascended fathers and the fire stones expand from nine to twelve.

I am that I am and I am is love

I am love and love is I am

Love is who I am and love is the motive of every desire, thought and action

I am that I am and I change not. I have always been and always will be love, as love is an eternal constant.

Live loved

Love living

Live loving

Rest
