

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in so far 2020

What God did in so far 2020

What does that mean for 2021?

5th August 2020

Son, come walk with Me.

We entered the dark cloud of mystery and I was amazed by what I saw.

The realm was filled with light and life there was so much frequency and love being displayed by the restored angels.

The luminosity and manifold colours of the restored ones was like an amazing cosmic firework display.

The restored beauty was wonderful to behold and the interaction with the Father and other angels was so touching to see that I was undone and deeply moved.

We have been here following up all you have done and amplifying the frequency of your love.

You have been here continually with Us and there are multitudes of fallen ones who have returned and have been restored.

More are returning by the second and there is a momentum that cannot be stopped.

We have a strategy for their deployment as the ordinances of heaven to support the Joshua Generation in their mandate for the harvest.

The light is going to shine so brightly that the frequency of the whole earth will be raised to awakening levels of illumination.

The whole scene filled me with thanksgiving and gratitude: it was joyous, a celebration of restoration.

I felt the overwhelming love of the oracles of the Father's heart inspire me to press on.

In subsequent encounters I have been practising retaining all the information and experience gained in multi-dimensionality in a quantum moment of expanded time.

Different dimensional realms operate on different time scales depending on the speed of creative light that exists in that realm.

Being in the realm of perfection, an hour could be a year, for example.

Retaining the information of the experiences requires an expanded consciousness.

The realm of the Kingdom of God is the closest that creative light exists in relationship to created light therefore quantum moment expansion is necessary.

Restoration Government engagement 5 August 2020.

Representing one new man in Christ, I went into the Court of the Councils of the Fathers and the 24 Elders: they were seated in a semi-circle.

The Father, Jesus and the Spirit were standing in the middle with us and they gave me a scroll for the group that was a mandate for union, to bridge the divides that exist in our reality.

VISION DESTINY 2021 16

We are authorised to bridge the divides between generations, male and female, East and West, North and South, nations, heaven and earth, earth and the dimensions, races, colour and creeds, language, ideologies.

I then saw the great cloud of witnesses come and, one by one, 12 of them joined the end of the semicircle of the old covenant: Enoch, Joseph, Moses, Joshua, Deborah, Samuel, David, Elijah, Esther, Isaiah, Nehemiah and Ezekiel; and finally Abraham, who connected the old to the new.

Then, one by one, representing the new covenant, John the Baptist, John, Paul, Barnabas, Origen, Athanasius, Julian of Norwich, Theresa of Avila, Jean Lead, Madame Guyon, William Branham and John Paul Jackson; and they completed the circle where we stood in the middle.

The Father said, "Your mandate for union authorises you to unify everything that is divided" and He gave me new a blue light orb that was pulsating and vibrating in my hand.

I was about to speak and my hand went to my mouth; and as I decreed union, a bridge went forth that connected the two sides of the divide so we could figuratively walk across it.

This ability is the power to reconcile the divisions of creation.

6 August 2020

Son, do not let disappointment hold you back: remember that there is no longer any guilt, shame or condemnation for Our children, so receive limitless grace to empower you.

As We continue to deconstruct and renew your mind and expand your consciousness, so many things will fall away as you become transfigured in light.

Many things that seem important or are distractions today will vanish like a vapour as you mature and become who you are.

The union of honour that is forming between you will be a model for others and an example of how to walk the journey of discovery together.

Do not let the issue of the fallen angelic realm's restoration divide you from others: as long as there is no opposition, there can be union.

Son, always be filled with love and empowered by limitless grace so you can extend the hand of friendship to all.

Be at peace with all so you can reach all with love, honour and respect; so ensure you make forgiveness a priority.

Son, be perseverant and persistent and never give up, as love wins over all.

10 August

Son, the truth you seek is to be found in relationship with the Truth; you do not need to search for it from others.

There is truth within many sources but there are also dangers and mixture which can be very seductive and deceptive by preying on ego.

Mixing the Kabbalah with the truth will not produce the fruit of the tree of Life even though it will claim to do so, as it is entering through the wrong door.

We have warned Our children about the consequences of entering through wrong doors.

There are those who cannot filter the truth from the lies and they are leading many astray; beware mixture, maintain the purity through relationship and do not lean to your own understanding.

Son, keep coming directly to the source and engage the truth through the actual Tree of Life and you will find balance between spirit and soul in love.

Son, Hebraic thought and Greek thought are both sourced from the DIY tree and are not to be trusted.

Seek Our thoughts through face to face and heart to heart encounters with the Truth and you will become pure in heart.

Son, there is so much mixture in mysticism that many are drawn from the simplicity of relationship into ritual and protocol.

The door is open; the veil has been torn: there is no need to complicate what is simply a choice and an intention.

Son, the hope of money can seduce people into lowering their guard and becoming susceptible to deception.

Not everything that looks righteous is righteous; be aware and be careful to check everything with Us and do not presume that everything that is similar is right.

Son, I am the Way, the Truth and the Life and the only way to have a true intimate relationship with the Father, so come no other way.

There are no short cuts and no other ways to enter in but through surrender and simple trust: beware of those who complicate and gnosticise the truth.

Son, become more aware of where you are and what you are doing in the multi-dimensions of the spiritual realms.

You will need all of those dimensions active in and through you, focused through the Merkabah and flowing through the gateways of your whole being.

Son, Our sons need to learn to converge time and the eternal now, as sonship is the convergence that all creation is longing and looking for.

Convergence is only possible through intimacy, where resonance takes place through cardiognosis. Brooding within Our heart and speaking with the voice of the sound of many waters will activate creative light energy to form reality aligned with Our intentions.

The living light grace strings you call Quantum Lumens will respond to the sound of many waters of the voice of the observer to collapse wave functions to form reality.

Son, learn to brood within the intimacy of Our heart and become a voice an oracle who can legislate reality.

As I became still a God thought focused my mind and my heart began to brood over the frequencies generated by the heart coherence of an expanded consciousness.

Technology will become redundant when the heart and mind are converged with the mind of Christ.

Sons who are pure of heart will see the possibilities that exist within Our heart and choose to only create what they know are Our desires.

Focus on being joined heart to heart in the deepest intimacy of the Cradle of Life so that all you create will be pure and have no mixture.

Son, beware of the mixture of mysticism and focus on the simplicity of being a face to face, heart to heart and mind to mind son.

Love is the hallmark of true sonship, not knowledge or power.

11 August

Son, continue to administrate the shift for global change and transformation to reveal Our true nature to those who are lost.

All of Our children who are living within lost identity need a global awakening of consciousness to know that We are love.

The power of unconditional love is limitless but needs to be unveiled from the darkness that has covered it.

Son, limitless grace is about to be unleashed in the coming season that will transform the earth as the poverty-stricken old DIY systems are exposed and replaced by lavish abundant grace.

The scandal of religious poverty will be contrasted by limitless grace inspired by the unconditional love of who We are.

The veils of deception that have kept Us hidden from Our children need to be removed by the rising and shining of the sons of God.

The frequency of the true love of enlightenment will resonate to create this awakening to love through Our sons who know their true identity and purpose.

Son, live loved, love living and live loving as this is the true rest that creativity flows from.

Son, come walk with Me.

We walked into the court of kings and I saw many sons sitting, producing legislation for the next age. They were very active, excited by their newly found identity as kings and were writing scrolls with laws and legislative decrees.

Son, you are mandated to produce a law that will authorised the Joshua Generation to operate in limitless grace.

I sat at the bench and began to write with my mind The Law of Limitless Grace.

The Law of Limitless Grace

The seasons of greater grace, grace upon grace and manifold grace are to increase to limitless grace.

Son, this law is the foundational governing document for restoration government groups to empower the Restoration of All Things mission.

12 August 2020

Son, focus your attention on legislating limitless grace.

I went to the Cradle of Life and began to brood over limitless grace with the Law of Limitless Grace in my heart.

I engaged the Father's heart in that creative garden and began to resonate a frequency that drew Limitless, who infused me with greater insight and empowerment.

My whole being began to vibrate rhythmically to the cadence of limitlessness and my thoughts began to form into a song.

The song of limitless grace that I now was, was released into the Chamber of Destiny behind the waterfall and became amplified and my voice became like the sound of many waters.

This frequency crossed the event horizon of the Chamber of Creation, pulsating with living thought energy, and the Quantum Lumens began to dance creatively.

My energised thoughts became declarations that were living light grace that began to stream into the physical realm to form the reality of limitless grace consciousness.

I then began to sing the song as legislative decrees.

I call for demonstrations of limitless grace to manifest that will expose all the limitations of religion.

I call for limitless grace to be lavishly expressed on the worst of the worst of the global cabals to reveal unconditional love.

I call for limitless grace to scandalise religion's need for payback and to expose the commodification of Jesus, the cross, work, money and time.

I call for limitless grace to be poured out in excess upon those who are totally undeserving from man's judgment perspective.

I call for limitless grace to challenge the religious and political spirit deception that has kept the children of God in spiritual poverty.

I call for limitless grace in the light of the shifting and shaking of the global control systems to expose the lies of DIY delusion.

I call for limitless grace to reveal the limitless truth of the message of the Restoration of All Things agenda of the next age outpouring of unconditional love.

I call for limitless grace to release and demonstrate forgiveness on an unprecedented scale so reconciliation between the most divided will take place.

I call for limitless grace to challenge and break the cycles of Division, Competition, Conflict and Tribalism through the lovingkindness of true new covenant love in action.

I call for limitless grace to unveil to the Restoration of All Things message and agenda into the mainstream religious institutions to reveal limitless grace and unconditional love.

I call for limitless grace to seek out the fallen beings in all dimensions of space and time to open their hearts to the possibility that they can be restored from darkness to light.

I call for limitless grace to be expressed through the light of sonship to all of creation to answer its groaning for freedom with limitless grace demonstrations.

My declarations were alive and I saw the Quantum Lumens collapsing wave functions into reality throughout creation as that quanta moment stretched out before me.

I felt overwhelming joy explode within me, a celebration of the pure bliss of the limitless grace of unconditional love.

Son, let unlimited grace fill your mind and unconditional love fill your heart as an Oracle of the Father's heart with the desire for the Restoration of All Things.

Restoration Government 12 August 2020

When we ascended, I went back to the Court of the Father's and we were all standing in a circle within the circle of the 24 Elders and the 24 from the Cloud of Witnesses who each had flaming torches of differently coloured fire.

The Father was standing in the middle of us as a consuming fire as if in the midst of a pool or lake of fire.

The fire was all around us and we started to breathe it in, each taking a deep breath; it was purifying us deep in our beings.

I saw the Father had all of our destiny scrolls in His hands: the scrolls were burning and it was as if we were clothed in the scroll of our life that was unfurled over us.

I saw flames come from the Father's eyes and it began to purify our scrolls.

The wood, hay and straw were burnt up and the gold, silver and precious stones were gleaming, shining brightly.

I felt the pleasure of the Father towards each of us as our scrolls were reset and all that was consumed was gone; there was no past or regret.

Our lives were recalibrated and our scrolls of destiny and of our life were now able to be comparable.

There was so much pleasure and delight radiating from the Father as we are the treasure of His heart.

We were each given a flaming torch of different coloured flame and fire came from our mouths and our eyes.

I then saw the earth and entered into its core, feeling that the earth was disturbed and groaning because it was associated with 'hell', Hades, Tartarus and the punishment of the underworld.

I went into Tartarus and saw the 200 Watcher angels who fell in the days of Noah, the great Titans, who were chained up awaiting judgment.

We have the authority to judge angels and I believe we were given the fire as a sign of that authority towards the Titans. I felt that our frequency as sons had reached them and that there was hope.

I felt compassion for them but also just knew that the earth could not be fully restored if they remain imprisoned there.

I felt that the white angels we saw coming out of the earth were those Titans and that we will be able to engage with them again in the future.

I felt that our frequency as sons had reached them and that there was hope. As we declared 'we are here for you' to the earth, there was a shift in the core and a change of frequency and hope was released.

Son, this is the greatest task and challenge that you have faced; you will need to be prepared. Enoch came and began to infuse me with knowledge about the Titans and how the earth was infected by the Nephilim before the flood.

Enoch opened his heart to me and took me back on the timeline to see when every thought and intention of their hearts was wicked continually.

I was overwhelmed by sadness and yet still filled with hope.

I felt how the earth felt to be polluted by evil and how and why they reaped the consequences as creation released the waters from the earth's core above and below to cleanse the earth.

The earth felt violated by what happened as recorded in Genesis chapter 6, and the connection it had with mankind was damaged by those events.

Gen 6:1 Now it came about, when men began to multiply on the face of the land, and daughters were born to them, 2 that the sons of God saw that the daughters of men were beautiful; and they took wives for themselves, whomever they chose. 3 Then the Lord said, "My Spirit shall not strive with man forever, because he also is flesh; nevertheless his days shall be one hundred and twenty years."

Gen 6:4 The Nephilim were on the earth in those days, and also afterward, when the sons of God came in to the daughters of men, and they bore children to them. Those were the mighty men who were of old, men of renown. 5 Then the Lord saw that the wickedness of man was great on the earth, and that every intent of the thoughts of his heart was only evil continually.

I felt what the Elementals felt, their shame of being involved in the devastation of the earth; but I also felt that everything the Father intended for the relationship between the sons of God is going to be restored.

Even the thought of such a restoration brought joy to my heart and I saw and felt what Enoch was feeling as he showed me those events.

I saw the rainbow of the new covenant of one new man in Christ restoring hope to creation with the promise of restoration and no future destruction.

I felt that the sons of God would be the fire to purify the earth and restore it as we were living flames of love.

I went to the Cradle of Life in the garden of the Father's heart and began to brood over what I saw, my heart filled with love and compassion for the earth and creation.

In a quanta moment I saw one possible future stretch out before me, where I saw Our frequency aligned to the Father's heart creating a sound that will echo in the Chamber of Destiny behind the waterfall and be amplified as the sound of many waters to excite and activate the Quantum Lumens in the Chamber of Creation to form the reality we are in union and oneness over.

VISION DESTINY 2021 16

I saw the future where the quantum wave function collapses and the restoration of the earth becomes reality as the living light beings of grace dance to the rhythm of our song of hope.

I was then back with Enoch, who was smiling, and he tenderly said to us, "Will you accept your quest to engage the earth for its freedom from corruption?"

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God, YHVH.

Breathe in deeply and exhale slowly: Yod.

Breathe in: Hei; and out: Vav.

Repeat in Hei; out Yod; in Hei; and out Vav...

Be still and know that I am God.

I am love, I am joy, I am peace.

I am that I am and I am is love, joy and peace.

I am love and love is I am

Love is who I am and love is the motive of every desire, thought and action, resulting in joy and peace.

I am that I am and I change not. I have always been and always will be love, as love is the eternal constant.

Live loved

Love living

Live loving

Rest

Live in the rest of immortality.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.
