

VISION DESTINY 2020 13

I am going to review some of the things that were key in 2019
I will share my journals; that will include:
What God said in 2019
What God did in 2019
What does that mean for 2020?

Some of the major themes during 2019

- The restoration of all things
- The oracles of the Father's heart
- Love's light
- Happy eschatology
- Joshua generation arising in sonship
- Rest

Son, I told you a shift is coming for 2020: this is for you and for the Joshua Generation.
I will open new doors of opportunity to take the restoration of all things message of true hope further.

You are to not hold back but boldly and courageously, in love, challenge the religious mindsets that restrict and limit My children becoming mature sons.

Son, you carry the oracles of My heart so express the deep love I have for all things with the same passion, burning desire and overwhelming love; and live life to the full, with My intense joy and deep compassion. Legislate with the oracles as your motivation.

For the Joshua Generation, there are choices: possess the land or settle for the security of the old. The intensity of the challenge will increase as the opposition tries to resist from within and without. Son, I am that I am will release greater grace to those who will establish Embassies of heaven on the earth.

With the intensity of the opposition comes greater grace to overcome with love, joy and peace. The blue light call to connect and gather will resonate with greater grace and the empowerment to overcome with love in rest.

For those who respond to begin to gather, there will be equipping and releasing with new mantles, weapons and scrolls.

Son, the oracles of My heart for restoration carry the precepts, statutes and laws that will release the ordinances of greater grace.

Son, do not look for the signs of the past but look for the signs and sounds of the new things that I am about to do.

The old methods will not accomplish what is needed for the next season of grace. There will be new expressions of grace for those who will leave the old ways behind.

The principle of *latter glory* is true but the *former glory* never wants to end.

There cannot be the new grace until the old grace has ended and it will fight to remain. There will be death knells amongst the birth pangs.

The signs of the end of the old will be the signs of the greater grace of the new: it is always confusing and messy.

Don't get caught up in the end of the old but focus on establishing the new; and live loved at all times, so that you can truly love living, and by choice, in the face of opposition, live loving.

VISION DESTINY 2020 13

The political maelstroms that are going on in many places around the world are just a picture of that which is going to take place spiritually in the revolution of restoration that is coming.

There are no answers and solutions to be found, using the political and religious spirit; but there will be greater grace, using the opposite spirit.

Those resisting the new will expose themselves as using the religious and political spirit to those discerning enough to see through the charisma and see the absence of the fruit of love within character.

The fruit of lovingkindness is the true hallmark of the new, expressed as My oracles, motivating the restoration of all things.

Limited, conditional love is expressed as the uniformity of agreement; but true, unconditional love is revealed in the unity of relationship.

Unconditional, loving relationship is what the essence of who I am is; and that precept, expressed through the oracles, will inevitably lead to both deconstruction and restoration.

The death knell of the deconstruction of the old is the sound of the birth pangs of the new.
Son, do not be afraid to embrace the deconstruction of the old so that the new can be revealed.

Include the truth about transition from old to new – both in government and structures – and their difficulties, with honesty.

Those transitioning find it very difficult to let go of the old mindsets, systems, positions of power and structures that are comfortable because of the identity that they give.

Becoming an amateur in the new is so difficult for those who have been professionals in the old.
This is why transitioning is so difficult: new foundations cannot be laid over the old but have to be relationally established, with new footings that are truly new, not just rehashing the old.

The old, hierarchical, mediatorial covering structures cannot coexist with the new, relational foundations.
Son, Isa 61 DNA is the foundation; so return to the simplicity of that truth and encourage participation.

Expanding the quality is key, not focusing on the quantity. Release the healing, restoring and equipping ministry.

Son, start with those you can influence the most; and this will expand, as others join the centre to help facilitate.

If you don't gather, you cannot be an Ekklesia and you will have no local government.

Gather together regularly for food and fellowship and testimony in homes, and include the move-on houses in those gatherings.

Belonging to family is the key to growth; so provide a family atmosphere for love, joy and peace to flourish.
Son, issue the call and keep the sound resonating for the mandate for the Joshua Generation to be fulfilled locally as well as globally.

Fellowship is an opportunity to communicate and share, and therefore to support and encourage each other.

This is the crucial time: the death knell of the old must become the birthing pangs of the new.

Coming to the end of DIY understanding will enable the tree of life revelation to be unveiled.

VISION DESTINY 2020 13

On earth as it is in heaven begins with earthly relationship but that context must be seen through heaven's lens.

The heavenly blueprint can only be established on earth by legislating for the preparation in heaven. Being seated in heaven to release heaven's authority into the earth is the only way a new order Ekklesia will rise from the ashes of the old.

New mindsets will enable new practices on new foundations. You cannot change the mind-set by changing the practice.

The only way to change a mind-set is through encounter; so facilitate encounters, and I will transform the beliefs to enable the Ekklesia to rise.

Abundant life flows through relationship and not meetings; but true relational gatherings will facilitate an increase in the flow of the tree of life and fruitfulness.

The early church is only an example but it can be transposed into today's culture.

Acts 2:42 They were continually devoting themselves to the apostles' teaching and to fellowship, to the breaking of bread and to prayer.

Acts 2:46 Day by day continuing with one mind in the temple, and breaking bread from house to house, they were taking their meals together with gladness and sincerity of heart,

Continually

Devoting

To new covenant teaching

Fellowship

Breaking Bread

Prayer encounters

Daily

One mind unity of heart and purpose

House to house

Eating together

Joy

Heart to heart relationship

Father, I present myself to you upon the altar as a living sacrifice.

Here am I, send me as Ambassador for the Joshua Generation to do your will, Father.

I embrace my destiny as a son of God to answer creation's groaning and, by being restored to mature sonship, to be revealed on the earth as I am in heaven.

The 2020 shift: what is my role within it, Father?

Son, remember the prophetic timetable of overlapping seasons?

Continue to release the call to sonship to engage My heart

Continue to release the call for transformation to remove the stumbling blocks of religion and old covenant thinking

Continue to release My judgment to end the old systems of religious government

Continue to call for the harvest of harvesters to come out of the wilderness into the promised land beyond the veil

VISION DESTINY 2020 13

Continue to call for the shaking of the systems of the DIY tree, both within and without
Continue to call for the deconstruction and expansion of consciousness

Continue to call for the rising and shining of the Joshua generation within the rising of the mountain of the house of the Lord

Continue to call for new order Ekklesia and Embassies of heaven to be established on earth according to heavenly blueprints

Continue to administrate the seasons for aligning the circle of the deep and the 12 High Chancellors' Houses. Son, I am about to release the next season of greater grace to those of My children who have embraced the grace expressed within the *restoration of all things* revelation.

Son, for those who are resisting the grace message of restoration the season of deconstruction will continue and there is still grace for that process.

The greater grace that will lead to grace upon grace will be missed by those who are becoming rigid within the cycle of judgment that is coming upon them.

As they judged the old systems, so they are now reaping what they sowed and are setting up the same systems under new names in delusion.

This judgment is not to death but to life, if they will but acknowledge their darkness and embrace the light of grace is still shining.

Those forerunners are taking people back into the wilderness of the old covenant Jewish systems of law-based living in the illusion of freedom; but they are in fact in the delusion of the old dressed up as new.

They are living in the delusion of thinking that they are living beyond the veil of Jordan, but in fact they have now settled back into deception of wilderness living just like the 2 and a half tribes of old.

Son, the *one new man in Christ* message of new covenant, realised eschatology must be revealed, along with the restoration of all things, to the mystic community to free them from this bondage to the old covenant festivals, dates, customs and language of Jewish mysticism.

The mystic community must not settle for the old covenant, old Jerusalem, old physical symbols, traditions and customs of the shadows and types when the new covenant, New Jerusalem reality of the *one new man in Christ* is a here-and-now, present reality, not a veiled future hope.

Son, all the promises and all the covenants that I, as Father, have made to My children are all fulfilled and realised in My Son; and are present realities to be embraced and enjoyed.

Son, the shift to the greater grace that is coming will only be fully experienced by those who have embraced the transformation and deconstruction of the last season of justice.

Justice is the outworking of the judgment that was released from the Council of 70 in 2014, that began with the new beginning and the new generation in 888: 8th August 2015.

That marked the beginning of the end of the old order government; and the unveiling of the *restoration of all things* agenda for the Joshua Generation.

VISION DESTINY 2020 13

Those forerunners who have begun to experience deeper love and the oracles of My heart are being motivated by restoration and they will be blessed and empowered by greater grace during this next season.

I am continuing to reveal the deception that has its roots in the fruit of the poisonous tree that is Brethrenism. There is great resistance, but I will not stop until the truth is revealed. Restoration is the emphasis of greater grace, firstly restoring truth about all things and its full meaning.

Then will come the practical demonstration of the restoration of those presently within the fire of My consuming love before the truth of dimensional restoration and angelic restoration becomes fully revealed.

My children must begin to take responsibility for the restoration of their family lines by engaging with the transforming fire of My love themselves to prepare them for taking the good news of redemption, reconciliation and restoration into the fire.

Once this season of grace is in full flow, the greater grace necessary to restore the angelic realm will be released so that creation can begin to be restored from its bondage to corruption.

Once this greater grace is in full flow, the grace upon grace necessary for the restoration of other dimensional beings will be released.

Son, you have been willing to be a forerunner for grace, greater grace and grace upon grace, and have experienced the opposition that this causes; so do not become weary of doing good.

Love that is experienced is the same love that can be released
Restoration is the ministry of love that incorporates redemption, reconciliation and restoration without limitations, barriers or boundaries.

Son, no one escapes love as everything and everyone can only exist within Me – and I am love. Love can be resisted; but the illusion of separation and exclusion perpetuated by religion cannot overcome love.

Son, nothing can overcome Me, as love has won, love wins and love will win. I am love and I am cannot be resisted forever as I do not give up or fail, no more than I am can cease to be I am.

Love conquers all because love has already overcome the greatest enemy: that is death, which has no lasting sting.

Love won before the foundation of creation; and love won in time and space; and love is the continual, eternal now constant.

Who I am is the battle that is raging.

Those opposing the *restoration of all things* message are actually trying to diminish I am to the DIY version, which is but a figment of men's religious imagination, without realising it.

The power of My love is limitless; as I am is, by definition, omniscient, omnipotent and omnipresent, so is love.

Love is all-powerful, all-knowing and everywhere: that is why separation is a delusion and deception; and why turning the consuming fire of My love into a place of punishment instead of refining restoration is absurd.

Son, take this message beyond and do not stop; and My grace, greater grace and grace upon grace will bless you abundantly.

Son, enter rest and focus living in love, joy and peace.

Develop this state in every circumstance and situation by practising how to live loved, no matter what appears to be going on around you.

Practise how to live loving, and look for things to be thankful for
Seek first kingdom opportunities to be fruitful and increase, by subduing and ruling over the circumstances in every situation by administering peace from peace

Live with a positive 'can do' attitude and an expectancy that sees the potential in every circumstance and situation.

Practise living loving by choosing to forgive and release in every situation and circumstance; and love will win and overcome.

Son, learn to choose the reality that best aligns with My heart in every situation and circumstance and let nothing else be a possibility to distract you from rest.

Son, do not major on the minor things of life that have no eternal consequence; always be looking from the perspective that is above.

Son, do not let circumstances deflect you from living in rest. Some things that can affect you emotionally have no eternal, heavenly importance.

Son, rest is living from heaven on the earth and manifesting heaven on the earth in every situation and circumstance.

Son, My grace is sufficient to empower and equip you at all times, anywhere and everywhere, but it is only available to you when you are at rest.

Son, look at everything from the eternal now and heavenly governmental positions that you are seated in and you will find that most things can be aligned on earth as it is in heaven by simply seeing the correct reality

Son, most of the things in life which distract people are inconsequential when viewed from My perspective. Do not be fearful or let your heart be troubled by worrying. Choose to trust Me by seeking first My kingdom.

Son, rest is not the absence of storms, troubles and trials but trusting Me in them and overcoming the fear through perfect love.

Son, love is your shield and helmet of defence and your sword of offense. As perfect love casts out all fear, then there is no need to be anxious or worry.

Son, never live in the absence of something, as in a vacuum, but be filled with love, joy and peace and there will be no room for anything else.

Son, I am always more than enough, abundant and overflowing

Son, I will open the doors to take the message of restoration within and beyond the mystic stream.

I am working within all the man-made streams to reveal Myself as Father, that all men would know My father heart and enter into sonship.

All men are on that journey, even though most do not know it; but I am faithful and true and My love can never fail and will never give up on My children.

VISION DESTINY 2020 13

Those of My children who have connected with the oracles of My heart know how totally committed I am to restoring all – and I mean all – back to the place of face to face innocence.

All were created for relationship in all the dimensions and I will see all restored to that relationship. I never change: I am the same; and My desire and intention has never changed and can never change as I am.

I am faithful and true.

I am trustworthy and dependable.

Son, you know you can always rely on Me and rely on the fact that My love will never fail nor ever give up.

I am is love through and through and We can never be anything other than love.

Unconditional love is the very essence of I am and Our nature, character, precepts, statutes and laws are completely motivated by love.

Son, you are to be as I am: let the oracles of My heart as love be the motivation for all that you are destined to be and do.

Love is the consistent constant within the whole of the created order that makes restoration not just possible, but inevitable.

Son, I am not *coming*, I am is *present* within all My children. Do not be deceived by any agenda, doctrine, teaching or theology that puts what is present into the future.

I came physically and I came spiritually and I am present in all –but I am visible mostly in those who know Me and know love by personal experience as the light that is rising and shining to reveal the true nature of who I am.

Son, in reality there is no second coming, or first coming for that matter, as I am has always been present in manifold ways, even before the beginning as you know it.

I am, therefore I am present and never coming, and all exists within I am.

All live, move and have their being within I am and I am is omnipresent and therefore present within all things.

I am visibly present as the light within My people who have hidden that light under the coverings of the religious DIY systems.

Have I not called My people to arise and shine to be on display so that I am on display as My body on earth as I am in heaven?

I am light and love; and love's light is to shine brightly through My transfigured children like a light on a lampstand and a city on a hill displaying its glory.

I am here, now, in My children; not 'coming again' in a future event which is a figment of religious imagination.

I am that I am; and I am is not distant and detached but present and imminent as Immanuel: with you and in you.

I call My sons to arise and shine with love's light and take their places in the heavenly realms to be the convergence within time and space.

What has been misinterpreted as My second coming is in fact My already presence on earth in My people, those who know Me, so they can be the light to reveal that I am within all who do not yet know Me.

VISION DESTINY 2020 13

Just as I was manifested as light that shone brightly around Saul to transform him into Paul, I am present to be the light that radiates from My body on earth as they are in heaven.

Son, My people are My presence and are not to be looking for My coming and therefore futurise what should be a present reality.

Son, there has been so much deception perpetrated by the futurist agenda that has hidden the light and obscured My presence; but I am arising and shining in My children as they discover the freedom of their glory as My sons.

Son, the restoration of all things must become the focus of your ministry in the shift that is coming to bring the three streams together into a unified whole.

Finish the EG Programme by unifying restoration with eschatology from a mystic perspective and go into detail to deconstruct the poisonous fruit of the Brethren tree.

When My people are free from the deception of futurism and Zionism they will be more able to embrace the full implications of restoration.

To embrace fully mature sonship, a complete understanding of the full scope of the restoration of creation itself is vital.

A limited understanding that restricts restoration to Israel and the land, and limits the Ekklesia to a heavenly future, must be exposed and deconstructed as the lie and deception it is.

Son, this will bring a challenge from those entrenched in the old and you will have to face many accusations on a scale you have not previously experienced but I do not want you to hold back.

Do not be intimidated but be wise in how you respond and only enter the debates that I specifically mandate you to engage.

Son, keep your heart pure; and ensure that you live loving, choosing to forgive and release those who criticise and attack you personally.

The *one new man* doctrine that separates My children into spiritual and heavenly from physical and earthly is demonically inspired.

Zionism's agenda has hijacked My people's focus onto Israel and away from creation and has blinded the evangelical stream from the truth of both their responsibility and their destiny as sons.

The Zionist agenda has separated and divided and twisted the truth of one new man in Christ from a present and completed reality to a future, divisive doctrine.

Son, the accusations of antisemitism must be addressed and the issues of replacement theology must be challenged with the truth that there has only ever been one people of God through the righteousness produced by the faith of God.

There was never only one race who were My people but always those of faith like Abraham who was commissioned with the task to bring blessing to all the families of the earth.

This is the true gospel, the restoration and discipleship of the nations – that have separated My children by manmade divisions of geography, race, colour, wealth, education – back to what I always intended: beautiful diversity, but one family

Peter was inspired to clarify that now those who are in a Christ are the true one race, one nation, one name and one people.

VISION DESTINY 2020 13

1 Peter 2:9 But you are a chosen race, a royal priesthood, a holy nation, a people for God's own possession, so that you may proclaim the excellencies of Him who has called you out of darkness into His marvellous light;

As all are included and alive in Jesus, My Son, then all are already one family; and all are destined to be restored.

One world government, My kingdom, composed of all My children: that is the goal of restoration; but it has been made into an agenda to be feared and opposed, as if it is the enemy's idea.

One family, one kingdom, one nation, one people, one land mass, one tree, one river, one universe, one dimension, with no separation or division is the true goal of restoration: that is peace.

Harmony, unity, unison, oneness, peace will truly be the answer to creation's groaning because it is in bondage to the corruption that is division, strife and enmity.
