

VISION DESTINY 2020 14

I am going to review some of the things that were key in 2019
I will share my journals; that will include:
What God said in 2019
What God did in 2019
What does that mean for 2020?

Some of the major themes during 2019

- The restoration of all things
- The oracles of the Father's heart
- Love's light
- Happy eschatology
- Joshua generation arising in sonship
- Rest

Son, the four streams of restoration that are flowing towards each other can become a river that fills the earth.

Son, the restoration of energy healing in all forms is another stream for you to be associated with.

Just as the river of life flowed out of Eden to become four streams of life that watered the earth, so too will these four streams be restored back to one river of life, united and abundant.

I will give you access to these four streams

Son, I am has been at work within all four communities independently to restore each without the knowledge of each other but in this Joshua Generation these communities will begin to flow together.

The flow of momentum will increase as grace, greater grace, grace upon grace and manifold grace is poured out upon each community.

Great favour will come with grace and the light of truth that each stream has will illuminate more of My children.

My grace will be released to cause each community to arise and shine love's light with ever-increasing intensity so that the truth they carry will explode even into the religious institutions of men.

The light of revelation empowered by My grace is going to penetrate even the hardest hearts within each of the communities against the other.

The mystics will begin to see the logic and truth of realised eschatology and energy healing and expanded consciousness.

The universalists will begin to see the obvious connections to eschatology and eventually the other streams.

The realised eschatologists will begin to see the rather obvious connection to universalism and eventually the mystic and energy streams.

The energy and consciousness streams will find it easier to see the connection with the mystic community and universalism and eventually will recognise the need for a unified whole with an eschatological framework.

When My grace has increased, the momentum of this flow for the Joshua Generation will accelerate
Mercy will be poured out into the earth in unprecedented ways as the everlasting doors will begin to be opened fully.

VISION DESTINY 2020 14

Son, call in the harvest of harvesters (most of whom are already waiting in the wilderness, or Egypt, to join in with one of these streams) as they will find it easier to see the unified whole of the river of life and love.

I call for the light of truth and love to shine in increased intensity.

I call for the light of truth and love to unveil true reality to each community of each community

I call for the light of truth and love to shine into the wilderness of religion to engage with those veiled in deception so they can see the light of the promised land of freedom and sonship

I call for the light of truth and love to shine from each group into Egypt; to reach those alienated from truth and cause them to see the light of Jesus and come out of the world.

I call for the Joshua Generation to flow together from all streams into a mighty river of life and love to reach the harvest of harvesters.

I call for the forerunners, the Pauls, the Timothys, who are hidden within the darkness of the occult, new age and all other religions, including Muslims, Hindus, Buddhists, Taoists and atheists, to arise and shine with love's light and truth.

Son, be ready for the shift from justice to grace that is coming exponentially for the next season so the full unveiling of the restoration of all things can take place.

Only the tip of the iceberg has been seen: there is more beyond what most can imagine or think. It is coming slowly but inevitably until fully revealed.

Son, to move forward together there needs to be a together that can encourage moving forward

By seeking Me together
Eating together
Fellowshipping together
Sharing life together
Supporting each other
Encouraging each other
Challenging each other
Helping each other.

Being together:
Being living stones together
Being an Ekklesia together
Being an embassy together
Being ambassadors together
Being light together
Being love, joy peace together

Meditating together
Growing together
Maturing together
Legislating together
Establishing and expanding the kingdom together
Bringing heaven to earth together
Opening the everlasting doors together

Son, there is the being and there is the doing: you cannot effectively do without being who I called you to be.

VISION DESTINY 2020 14

It is My name that you bear and My identity that you are to reveal.
You are My ambassadors and you represent Me on earth; and I am building you together as living stones.

Ephesians 2:19-22 So then you are no longer strangers and aliens, but you are fellow citizens with the saints, and are of God's household, having been built on the foundation of the apostles and prophets, Christ Jesus Himself being the corner stone, in whom the whole building, being fitted together, is growing into a holy temple in the Lord, in whom you also are being built together into a dwelling of God in the Spirit.

Eph 2:19-22 (Mirror Bible) The conclusion is clear; you are no longer frowned upon as a foreigner; you are where you belong and part of an intimate family. Your lives now give tangible definition to the spiritual structure, having been built into it by God upon the foundation that the prophets and apostles proclaimed. .. The first evidence of this building was Jesus Christ himself being the chief cornerstone. In him everyone of us are like living Lego blocks fitted together of the same fabric giving ever-increasing articulation to a global mobile sanctuary intertwined in the Lord. In him you are co-constructed together as God's permanent spiritual residence. You are God's address!

Son, go back and revisit the heavenly blueprint that I have given you from Isa 61 and Luke 4 and frame them for today.

Isaiah 61:1-4 The Spirit of the Lord God is upon me, Because the Lord has anointed me To bring good news to the afflicted; He has sent me to bind up the broken-hearted, To proclaim liberty to captives And freedom to prisoners; To proclaim the favourable year of the Lord And the day of vengeance of our God; To comfort all who mourn, To grant those who mourn in Zion, giving them a garland instead of ashes, The oil of gladness instead of mourning, The mantle of praise instead of a spirit of fainting. So they will be called oaks of righteousness, The planting of the Lord, that He may be glorified. Then they will rebuild the ancient ruins, They will raise up the former devastations; And they will repair the ruined cities, The desolations of many generations.

Luke 4:18-19 "The Spirit of the Lord is upon Me, Because He anointed Me to preach the gospel to the poor. He has sent Me to proclaim release to the captives, And recovery of sight to the blind, To set free those who are oppressed, To proclaim the favourable year of the Lord."

Son, normalcy keeps people perpetuating the past in the present with there being no hope for a transformed future.

Son, the future is going to be different from the present in that the systems My children have come to rely on will not provide the answers to the problems they have created.

Things appear to be better when viewed through human eyes compared to the past, and technology has solved some of the current problems; but the future will bring a total failure of the DIY tree systems. Nothing that comes from following the DIY tree will be restored, because it was never My intention from the beginning.

Independence from relationship with Me cannot, and never will, produce fruit; and all that has been produced will not be restored.

The greatest achievements in the name of mankind will end in the same way as the tower of Babel: in abject failure.

Those places on earth that represent Me as Embassies of heaven will be true demonstrations of what it is possible to achieve by walking the path with Me and drawing from the inexhaustible supply of the tree of life. I will restore all the abilities I intended My children to have, as seen in My Son, and greater, to those who will establish Embassies of heaven on earth as sons of the living God.

When My children arise into sonship so will their abilities also ascend and increase as they mature in heaven and on earth.

I will release the full capacity of the expanded consciousness of the mind of Christ to those who ascend in maturity; then creation will truly observe the light of sonship revealed.

When My children give up their independence and choose to walk with Me, the sons of God will be unveiled and creation will be restored to the freedom of their glorious rising.

Son, the Embassies that truly reflect heaven on the earth will surpass the greatest imaginations of men, to become what would have been if the Garden had expanded as was intended, to fill the earth with the fruit of the tree of life.

Wisdom, knowledge, understanding, counsel, power and spirit beyond beyond and beyond sonship will be flowing from the ascended fathers who will rule creation as family.

Son, nations have come and gone: they are but a drop in an ocean, a mere wisp of breath; but family will be restored as one, with all barriers, boundaries and divisions removed. So kingdom family will bring the full blessing to fruition.

What Adam, Abraham, Moses and David failed to do will be fulfilled in the new covenant when all the promises are fully realised in Jesus as My Son and through all who are alive in Him as sons and coheirs.

Son, do not limit your thinking to DIY technological visions of Embassies but allow Me to expand your mind to see and embrace organic garden possibilities.

Son, it will not be 'living under an open heaven', but living as it is in heaven on the earth.

Son, embassies will not be subject to the corrupted creation dynamic but to the dynamic of paradise restored. Therefore perfect weather conditions, perfect growing conditions with no curses; and full elemental and atmospheric cooperation.

Creation restored to the oneness and limitlessness of the freedom of sonship in restored paradise.

Son, do not be limited to the DIY possibilities that are restrictions but be free to explore the limitless potential creative possibilities of an expanded mind of Christ-inspired consciousness.

Son, open your home, open your heart and overshadow Freedom with your spirit to create an atmosphere of love, joy and peace for the process and journey to continue in rest.

Trust Me and walk with Me together and I will lead you along the pathway of the tree of life towards your destiny in fulfilling your blueprint.

Son, you have been given and have accepted the mandates for 2 scrolls of the Joshua Generation and the harvest; now you have the relational foundation from which the government and the living stones can be built together that I will occupy.

Son, if you create the environment I am will be there and I will bring other living stones with Me.

The environment that I am is looking for is open homes, open hearts and minds. Where love is the priority, then joy and peace will be the consequence; and rest will flow like a river from heaven.

Son, call together those who I will show you to form embryonic Benches and begin the journey together to establish the governmental foundations alongside the relationship foundations.

Seek Me together and I will unveil the journey ahead and take you beyond what you can imagine or think.

Trust Me and walk with Me into your destiny.

Son, the opposition to restoration just gives a greater opportunity to bring the restoration of all things to the attention of My children.

Whenever there is a controversy, more people will seek Me for revelation; and I will be able to bring some of them into a revelation of the oracles of My heart.

Son, ensure that you do not polarise people over personality but debate the issue from a love perspective. The public nature of the controversy has now made the issue public and that will be the open door to a deeper revelation of My loving nature.

Son, only debate the issue; and leave names and personalities out when answering questions about this subject.

Make sure to keep your heart right and love those who seek to persecute you; and model the opposite spirit, where relationship has a higher value than agreement.

Son, this is a mark of maturity, when you don't allow the religious or political spirits any space within the debates.

Son, always let love win over having to be proved right; and others will see the fruit of sonship and character over gifting and charisma.

It is love that conquers all, not the need to win an arguments or put anyone down to elevate self.

Son, Jesus could have won every debate and argument with those who were trying to trick Him but He chose not to because He knew His identity and the truth, so did not get drawn into personal attacks or character assassination.

He spoke the truth to bring revelation, not to prove a point or justify Himself. He humbled himself under My mighty hand and look where that took Him: to the highest place, far above all rule and authority.

Love is what will win out in controversy, because love does not need to prove itself right at the cost of relationship and integrity.

Son, live loved, love living and live loving, even when others don't, and you will stay in the place of rest.

Son, the kingdom is at hand for all My children but sadly most cannot see it or enter into its fullness because they are blinded by their lost identity.

It is the role of those who have seen the kingdom as sons to be ambassadors of reconciliation by unveiling the truth in love so all will be able to see Me in My body on earth.

Sons, arise and shine love's light and reveal who I am truly is, and the whole of creation will see true reality.

Son, darkness is only the absence of light; and My sons are called to be that light that carries the true frequency of My precepts, essence and nature as love.

Son, it is only unconditional love that can illuminate the darkness that covers the minds of those who cannot yet see.

The perversion of love by the religion of the DIY tree has caused the diminishing of the light and obscuring of the truth behind theology, doctrine and dogma.

I am calling for those who have seen Me and heard My voice to arise and shine. Take your places, seated in Me in heavenly realms, positioned as sons, to bring heaven's light into the earth and illuminate creation

When My sons are enthroned in heaven and are gateways of My kingdom, flowing the river of life into the earth, creation itself will respond to the brightness of their rising.

Creation itself will respond to love's light and be set free from its bondage to corruption into the freedom of the glory of your rising.

I am calling My children to grow up, take responsibility for creation's groaning in darkness, and be the light of love and true freedom.

Son, the season of grace is coming for those who have begun to embrace their responsibility for the restoration of all things as ambassadors.

Greater grace, grace upon grace will be released as My manifold wisdom reveals manifold grace.

It is only My grace that can divinely empower My children to shine love's light to set My children and creation free from its deceived state by revealing the true nature of My character that has been assassinated by religion.

Son, boldly tackle religion and its mindsets head-on, by revealing My ultra and ultimate grace in shining love's light.

The veils of religious deception that have hidden and distorted My true nature as love must be challenged and exposed so it can be deconstructed and destroyed.

Son, this is not the time to hold back but to go boldly and courageously on the offensive in love; and speak the truth in love to support all those who are being intimidated by those in opposition to the restoration of all things truth.

Son, use the conferences to reveal the 4 streams of partial truth that are becoming one river of true reality and abundant life to fill the earth with My glory once again.

Son, it is time to deal with the other two fallen ones who have been assigned against your blueprint. They have heard the testimony of Destiny but think it is a trap and are being deceived.

I took my place on the Freedom mountain and transformed into radiant light and I called for Bondage and Disharmony to come into the light.

Slowly circling the two distorted dragon-like beings came into view and stood before me in the light of love.

I declared their forgiveness and released them from their debts.

"We do not believe you. This is not possible."

I repeated my declaration and in the name of YHVH offered them restoration.

I sensed their feelings and a glimmer of hope.

I repeated the offer and extended My light around them in love so that they could feel love's light, filled with mercy and grace.

The scales of darkness began to fall off and light began to burst forth until these two radiant beings, Freedom and Harmony, emerged.

I offered them their position within the kingdom and within the sphere of our blueprint: they accepted with rejoicing.

I felt a strong bond as Destiny came to join them in the light and the bond was complete.

There was an overwhelming feeling of excitement and joy and a celebration of restoration.

I felt the angelic realm rejoice as a brother is restored from darkness to light

Son, it is time for a shift in season for those who are establishing heaven on earth.

The time is coming to move to grace and greater grace; but only those who know the desires of My heart will discern this change.

Those still operating in the wilderness will have My grace begin to be removed from their wilderness ministries.

I desire My children to come out of the wilderness of the Moses generation and enter into their inheritance, so I am going to diminish My grace from DIY path religion.

I am calling to My children but many cannot hear because they are listening to the voices of their mediators, not Me.

I am removing My grace to encourage those who are trusting the Moses mediators to come to the realisation that the cloud has moved, and they are now without My anointing under the control systems of religion.

The old season has come to an end and those who continue to keep My children in the wilderness will be operating more and more in their own strength as My grace leaves them.

I have been merciful; but justice will be in full force for those who have brought My children close to the promised land but have settled in the wilderness.

Most will be like Samson of old who did not notice that My grace had left him, therefore they will begin to use their own understanding.

I am calling My children to cross over into their inheritance and embrace the grace and greater grace that will be available to them in their promised land.

Son, legislate for the removal of My grace for the old order; and the increase in grace for the new, to those who are seeking to establish new order Ekklesia and Embassies of heaven on earth.

Son, great grace and greater grace will be needed for the equipping of the Joshua generation to mentor the harvest of labourers that will begin to trickle in until they are flooding in.

Demonstrations of grace and greater grace will begin to take place, not as before in the Moses generation through one man, but through all who know their identity in Me and are seated in their heavenly positions of sonship.

The works of sonship will become commonplace, not in meetings but in the marketplace of everyday life.

I will give greater grace to empower the supernatural lifestyles of those seeking first My kingdom with the desire to only do what they see Me doing because they are heart to heart with Me.

Son, do what you do in the secret place and give others the stage to demonstrate greater grace.

I have called you to legislate for the success of others so you can decrease and they can increase. Your destiny is to establish in heaven so others can be the focus and work it out on the earth.

The shift that I have been preparing you for, that is coming in 2020: as you complete the [Engaging God Programme](#), you can spend more time with Me and being an Ambassador for the Joshua Generation in the courts and assemblies of heaven.

I will give you the grace to travel as an Ambassador on earth for the restoration of all things and that will become your main mandate.

I am going to open up doors of opportunity to bring the restoration of all things message to a wider sphere.

Son, be prepared to step through those doors with boldness and be courageous in the face of opposition.

Son, always act with respect and honour to those who dishonour you and demonstrate love to those who see themselves as your enemy.

Son, the restoration of all things is not to be limited to what you consider to be living beings.

I am going to reveal the full extent of restoration and how it includes all of creation.

I am within all things as the frequency of light and life; and all things exist within the circle of Our being.

When everything was but a thought and desire in Our collective mind, it was complete and alive energised in Our eternal now existence.

Everything has Our frequency vibrating within it; at the core of every particle, element and molecule is Our grace, the divine energy.

There is nothing that is inanimate from Our perspective because it exists within Us and We are within it. There is the ability for sentience encoded as Our thoughts and intentions, expressed as living letters, waiting to respond.

Son, creation is sentient and there are what are being called Elementals that are the intermediaries between the physical and spiritual worlds.

The Elementals are connected to the fabric of creation itself, tasked with the ability to enable My sons in all their forms to interact with each other and with creation itself.

Son, these Elementals (that go beyond just air, water, earth and fire) were not created to ever be independent but to work in cooperation with My physical and spiritual sons.

Our design for creation was birthed from Our precepts and it is fundamentally relational, as We are.

Creation in all its manifoldness was designed to be in glorious harmony in the beautiful simplicity of love.

Son, restoration is the return to our original design and intention for oneness expressed in diversity, harmoniously expressing symbiosis.

Son, you have heard the music of the spheres, the symphony of perfection, when I took you back to see the beginning, to experience the intent within Our heart.

You know what that creational harmony feels like and you know the present disconnect and discord of creation's groaning.

Those experiences birthed the desire you have for the restoration of the dimensional beings and their environment, and the fallen ones are but the beginning.

Son, you have taken the first steps on the journey towards full restoration but there are so many more.

You have learned to legislate in the spiritual and physical realms but you must begin to expand your rule towards the Elementals and other dimensions.

All of creation will respond to mature sonship but the limitations and restrictions of human consciousness must be deconstructed and expanded to engage new level of the divine reality.
