

VISION DESTINY 2020 5

I am going to review some of the things that were key in 2019
I will share my journals that will include:
What God said in 2019
What God did in 2019
What does that mean for 2020?

What heavenly season are we in now?
What has God said for 2020?
What does God want us to do in 2020?
Where does God want us to go in 2020?

Please don't believe anything I say just because I say it
If you resonate with anything I say in your spirit or if you object strongly to anything I share, take it back to God and openly ask Him to give you direct revelation

I can only share information about my revelation that has come through my personal encounters and experience
Only by engaging God yourselves can you have revelation, not information
We all need to know the truth

Some of the major themes during 2019
The restoration of all things
The oracles of the Father's heart
Love's light
Happy eschatology
Joshua generation arising in sonship

Son, to enter into a new season you must come to the place of rest in the present season, having embraced the fullness of the transformation it was designed to bring.
Administrate justice to bring rest to the outworking of judgment.

Son, I judged the old Moses order and its government and found it out of alignment with heaven; so justice has been the removal of the mediatorial wilderness coverings for those who have heard the sound of heaven's cry, 'there must be more than this'.

Justice calls for the Joshua Generation to arise and cross over into the promised land of heavenly rest and be the forerunners of the new heavenly order of Melchizedek.

Only those who have entered heavenly rest can lead the next generation into rest beyond the veil.
Son, true rest is living in the love, joy and peace of a restored face to face relationship of innocence
Rest is the end of the self-effort of religious dead works and seeking the affirmation and approval of men.

The restoration of rest is the beginning of the end of the old season where the birth pangs of the new are easy and light.
Rest is being yoked to Jesus as a son in gentleness and humility of heart.
Rest is not needing to strive for the acceptance that is already given.

The rest that is entered brings a new reality where the fruit of the tree of life is always in season and the fruit of the DIY tree is withered.
Rest is living in the peace of the full provision of the Father's heart of love, knowing His passion and burning desire for oneness.

VISION DESTINY 2020 5

Rest is living in the full experiential knowledge of the intense joy that the Father has for all His children and the deep compassion expressed in His desire for health and wholeness.

Son, rest is living in the eye of the storm: not the absence of storms, but being able to declare 'Peace, be still'.

Rest is living in perfect love; with the absence of fear, anxiety, worry and stress.

Rest removes stress through trust, by seeking first the kingdom of God and living in the grace of heavenly provision.

Son, expectancy for the new season is birthed from being at rest in the inadequacy of the old.

Rest will never come out of stress, strife, and enmity with the old order but from the respect and honour that flows from forgiveness and blessing.

Son, rest never comes in the state of war, so be at peace with all men and with creation itself.

Creation will respond to sons who are at rest in their sonship, knowing their identity and being surrendered to their destiny.

Son, rest will pursue you and overtake you when you cease the DIY work of self-righteousness and live in the righteousness of God in Christ.

Rest and restoration go hand in hand, as without rest there can not be restoration

As I am is rest, that is who I am: love, joy and peace personified within relational oneness.

All of creation was included within I am and was in rest; that is the harmonious symphony that you have felt the longing for.

All things were included, are included and always will be included within I am; but Our desire is that all things will come to know this, and embrace this, and be fully restored to what is the 'now' of the desires of Our heart.

For I am: this is Our state of rest; but for all of creation, restoration to this state is the ongoing process of Our kingdom purpose.

The expansion of Our government and peace is restoration in process; and will continue to be: there is no end to the increase of rest, as it goes beyond beyond beyond, through mankind's sonship, throughout all the dimensional realities.

There are no limitations within I am; just the limitless potential possibilities of your sonship, when at rest, living in love, joy and peace.

The expansion of rest's possibilities can only be limited by the loss of the identity of sonship.

Restored sonship is restored rest; and increase and expansion is inevitable when Our children live loved, love living and live loving as co-creators.

Living at rest, in rest and from rest is the state of consciousness that enables creation to continue to expand through the limitless creativity of sons made in Our image.

Son, learn to live in the constant now of rest and your joy will know no limits as you live in the appreciation of all things that are good.

The mind of sons is unlimited consciousness in unlimited observation of all that is the good that all things work together to create.

VISION DESTINY 2020 5

Son, come walk with Me. We walked through the river of fire pausing to sink into the fire of love, consumed by love's passion and burning desire.

I began to feel the power of love, the depth of love, the fire of love within God's oracles, the desires of His heart for all His children and for me.

The intense joy within the fire, the deep compassion within the consuming fire that is purifying me into health and wellness, into wholeness.

Restoring and integrating my spirit, soul and body into the oneness of love

I felt even more deeply the intensity of God's overwhelming love, penetrating deeper and deeper into me. I saw why fire is within the nature of God Himself: the essence of love cannot be separated from fire, they are both true expressions of the precepts of God's heart and desires.

I sank further, even deeper, into the intensity and heat; and the pressure of love intensified.

The fire's intense heat and pressure is the process of transformation that can turn coal into diamonds.

Son, embrace and welcome the heat and pressure that is symbolic of what you are going through in your life right now with joy, and maintain peace.

Son, let the fire at this depth break open all the bonds within your life so all the trapped and hidden things within the fabric of your being, even down to your DNA and space within your atoms, can be released.

Son, you know where this river goes and who will be exposed to the presence of My consuming fiery love; but because they don't know Me, they get caught up with the anguish that is revealed in their soul.

They need fire walkers to reveal My love and My loving nature within the fire.

They need the testimony of love within fire as good news within the pain of true self-awareness; or their soul will create guilt, shame and condemnation from the choices they realise they have made.

Who but those who have embraced the consuming fire of My love in their lives can present that testimony? Son, help the Joshua Generation to come into the fire of transformation that is the expression of the oracles of My heart.

Son, the fires of adversity produce the purest of hearts that can truly know Me, to become gold, silver and precious stones within My kingdom.

Son, the more intense the heat, the purer the heart; and the more the precious stones radiate love's light.

Son, the political spirit is like an octopus, with 8 tentacles that reach out from the centre to control.

It uses people who are angry, disappointed, insecure, resentful, bitter, feel owed by injustice, who feel inadequate, to work through.

The control tactics are nepotism, fear, favouritism, position, charisma, inducement, tribalism, and exclusion; which it uses through its central core to influence, manipulate, control or pressure people.

It operates with the religious and Jezebel spirits to maintain control and through fear and deception.

Tribal streams are the inevitable result of the political and religious spirit. Ensure you establish family through relationship, respect and honour to avoid tribalism.

Political, Religious and Jezebel spirits are a negative bench of 3

Son, don't be intimidated by this bench of 3; but establish your life around the bench of 3 of rest which are love, joy and peace, and you will not be susceptible to fear or control.

VISION DESTINY 2020 5

Son, let love, joy and peace be the foundation of everything you do and all that is established and rest will become the true foundation of the whole blueprint.

Son, come walk with Me. We walked to the garden, to the golden mountain, and there I looked out to see Eden in all its beauty and glory.

I saw the river of life flowing down through waterfalls of intense joy.

I saw the pools of revelation as places of intense peace and the gardens where the tree of life and throne of grace are, places of shining, intense love as light.

Son, Metatron is to be your guide for the next phase of your journey towards mature sonship. Listen carefully and learn from the timekeeper of the seasons and the key keeper of the seasons to establish *kairos* and *kainos*.

Son, taking charge of My house in your destiny will need you to facilitate changes in time and season as a son of Issachar.

Son, look from the position of this golden mountain: not just at the majesty of Eden, but see how Eden is to be reflected into the earth through your life and blueprint.

Son, see the earthly expression from this heavenly perspective through the times and seasons.

Son, see the matrix that is the multidimensional, multifaceted expression of the cube and the circle of the deep, wheels within wheels within wheels of the cycles and seasons.

Son, engage here with Metatron for key insight, revelation and a true reality perspective

This will enable you to take charge of the opening and closing of seasons and doors of opportunity and change.

As I shook Metatron's hand my mind expanded beyond to see the multiple matrices of reality superimposed and interconnected as interdimensional cogs that turn the wheels of the created order

I stood in perpetual hope, where love rests in joy and peace

I felt the heart of God, the *Perichoresis* of the circle of the dance, and I sensed the hope that the oracles of I am creates in the passion, burning desire, intense joy, deep compassion, and overwhelming love.

That is the true hope for creation.

I felt it, sensed it, knew it: that love is resting and all things are working together for the good of all God's children and all of creation.

Everything within the now is at rest, empowered by love, filled with joyful expectancy and overflowing with peace.

The sound of heaven's joy and glorious harmony, resounding to resonate on the earth, is amplified through the intensity of the oracles of God's heart.

I encountered the 5 members of the cloud of witnesses in the Court of the Upright that I shared in session 2:

Samaritan woman - passion

John the apostle of love - burning desire

Mary - intense joy

Leprous man - deep compassion

Lazarus - overwhelming love

VISION DESTINY 2020 5

Son, keep loving as I am love; and love is the power that holds the created order together, so love's light is the true essence of all things.

The restoration of all things is to fully restore love to all and to everything.

Son, it is the eternal now expression of I am and is to be fully expressed in every moment as I am always now.

Every "is" is a quantum moment for everyone within all things so that I am can be continually expressed to create a quantum reality.

Love is, because I am is love, light, Spirit and a consuming fire.

Every moment is an opportunity for the quantum reality of I am to be expressed and realised.

Son, embrace love and light as spirit within the consuming fire

Quantum reality is a moment by moment manifestation of love's light to reveal the now of I am in the is of the heavenly realms to unveil what will be in the physical realm.

Son, choose love, and choose life, to express love's light through the glory of your sonship.

The quanta of pure love's energy in light contain all the possibilities of reality for choice; so choose love, so that I am will be fully expressed.

Son, let My joy be in you so your joy will be full and overflowing with expectancy within each quantum moment.

Son, love is expressed in joy and joy is expressed in peace; so all can be restored to complete rest within I am and all find the rest of I am within them at each moment of transcendence within immanence.

Don't try to balance these extremes of grace and love: embrace them and allow Me to be Me whenever you gather.

Don't try to cage Me, contain Me or limit Me but embrace the extremes of love and peace and the excesses of joy.

Son, don't try to tame Me as My love is excessive, burning with intense desire, passionate and extreme, overwhelming and effulgent.

I am the God of extremes and excess; lavish, abundant, overflowing in grace and mercy.

I am awesome in almighty power; untameable, uncontrollable, unlimited.

I am that I am; do not let your mind limit Me to your own understanding but be ready for the unexpected and the surprising, with no limitations of what is possible.

I am a consuming fire, passionately expressing My love; there are no depths, heights or widths that I am not willing to go to remove every obstacle, barrier and defence against My love.

Son, nothing can separate My children from My love and presence.

I am love and I will not be denied.

Son, reset and reset the desires of your heart. Refocus on the key foundations across the whole blueprint: that is rest.

Bring the whole of Freedom into rest; focusing on love, joy and peace to restore passion, desire, joy, compassion and love.

Son, My oracles are to be the motivation of all My children but they all need to experience the depth of My heart of unconditional love.

Rest goes deeper than love, joy and peace as love is defined by My oracles and they will inspire joy and peace to a greater depth of reality.

What you experienced from the testimony of the witnesses can be experienced by others, so open the door to that opportunity.

The overwhelming nature of unconditional love will overcome and conquer everything that stands in the way of redemption, reconciliation and restoration for each of God's children; even death itself is swallowed up in victory.

Love is *Perichoresis*; and *apokatastasis* and the restoration of all things is love's inevitable consequence. There can be no end to love; it is eternal and infinite and is expanding with the order of creation in government and peace.

My love has no beginning and no end, and is the alpha and omega, the aleph and tav, the living word and truth; and is the fullest expression and intrinsic essence of I am that I am.

Son, walk with Me. We began to walk in the Father's garden by the pool.

Son, remember your journey deeper into My heart began here when you embraced the fire of judgment and entered this pool.

There is always fire and water, as they are representations of My love which is purifying and cleansing. Remember how you connected to creation here and felt the memory of harmony and the present groaning.

The fire and the water are necessary for the transfiguration needed to reveal the light of your glory. Remember how you saw what I see here with the multicoloured, multifaceted, manifold ability to see all the potential possibilities in the now.

I love the diversity of creation and My children and all creation can but be restored in the now of My heart. Son, I have shown you glimpses of My heart and mind; that has inspired you to pursue rest and live loved.

You know how powerful My love is and to what depths I have been willing to go to ensure restoration.

Son, you know I cannot fail to fulfil My desire for the full restoration of all things.

Son, do not be intimidated by those who have a theology but no testimony.

Son, all things can be restored and all things will be restored

I do not fail and My will is inevitable because I see all that there is and I know the end from the beginning.

I will not lose one thing of all that I have created; none will perish and all will be restored, and I will accomplish this without violating the right of creation to choose.

My love is more powerful than any created thing and it is certainly more powerful than any resistance.

John 3:35 The Father loves the Son and has given all things into His hand.

John 13:3 Jesus, knowing that the Father had given all things into His hands,

John 6:39 This is the will of Him who sent Me, that of all that He has given Me I lose nothing.

John 10:28 and I give eternal life to them, and they will never perish; and no one will snatch them out of My hand.

John 10:29 My Father, who has given them to Me, is greater than all; and no one is able to snatch them out of the Father's hand.

VISION DESTINY 2020 5

Remember the choice of Dr Strange in *Infinity Wars*; he saw all that was possible and the only way for victory was through sacrifice.

I made this choice before the foundation of the world.

Son, remember that I am not limited to just seeing all possibilities.

I am at work within all possibilities and I am continually adjusting all things towards the goal of full and complete restoration.

I love it when My children choose the relationship route towards restoration in reconciled union and cooperation as coheirs; but so many do not know the depths of My heart and are therefore seeing only from the limitations of their unexpanded minds.

I am using love's power as I have shown you by revealing the oracles of My desire to reveal My true nature essence and character.

Love wins because love has always won, from before the beginning, in the now of My being.

Love can never fail or give up because it is infinite in its capacity.

Love has always been, and will always be, as I am that I am is love.

Son, I have shown you the beauty of love and its infinite power to overcome through the sacrifice of itself for others; therefore it is perpetual and can never stop or give up because it is continually I am.

Son, love is stronger than death and the grave, as is seen in the power of the cross and resurrection to swallow up death; and eventually all things will be refined and purified by the consuming fire which is My love.

Live loved
Love living
Live loving
Rest
