

## VISION DESTINY 2020 7

I am going to review some of the things that were key in 2019

I will share my journals that will include:

What God said in 2019

What God did in 2019

What does that mean for 2020?

What heavenly season are we in now?

What has God said for 2020?

What does God want us to do in 2020?

Where does God want us to go in 2020?

Some of the major themes during 2019

- The restoration of all things
- The oracles of the Father's heart
- Love's light
- Happy eschatology
- Joshua generation: sonship
- Rest

Son, the restoration of all things within the context of relationship with Me is the outworking of My love. How could I be a loving God and not be motivated by love towards the whole of creation to restore it to firstly its original estate and then to see it fulfil My original intention within the context of true sonship?

Son, the first and the last will be restored.

The sons of God will be restored both first and second through the last Son of God who gave Himself as the offering before creation to ensure the eventual restoration of creation.

The blood, representing My life and love, has always been the testimony of I am on the foundation stone of creation to ensure restoration.

Son, only that which was not My intention cannot be restored; and that is the DIY-tree-path, as the fig tree has been destroyed from the roots up.

After all the shaking, only that which is of My kingdom will remain as the platform to the ascension of man within creation's restoration.

The ascension of sonship will reveal and facilitate the full scope of restoration and ongoing expansion within the ages to come.

Son, restoration is but the beginning not the end; there is so much more that is possible for My ascended, mature sons who are occupying their places by being seated in the heavenly realms.

Son, once the [RoAT conference](#) has created a platform for restoration you can focus on going beyond this dimension to engage the other dimensions.

Son, I also will begin to give you insight into the sentience of creation and how to engage it though what are being presented as Elementals.

The truth is that nothing that has been created or made is separated from Me, as I am within all things and all things are within Me.

That truth means that all things have life within them: as I am alive therefore all of creation is alive.

## VISION DESTINY 2020 7

This has been accepted metaphorically but there is a reality behind the metaphor of the stones crying out or creation singing and the trees clapping their hands.

This truth is coming to light because sonship is being unveiled

Creation does long and is groaning in reality, not just metaphorically; and is waiting, looking for sonship to be displayed so that it can respond to the influence of love.

Arise, shine with love's light, and you will see how creation responds to the frequency and the energy of the true essence of love.

Son, embrace your destiny and be bold and courageous and do not hold back from the inevitable course you must take to help bring the Joshua Generation into mature sonship.

As an ambassador of the Joshua generation, be more strategic and make representation to the courts of heaven for justice to release grace.

Son, there are so many more of My children getting ready to cross over into their inheritance and be empowered!

Invest into the Ambassadors groups to facilitate the increase in intensity of the call into the wilderness.

Son, the authority of the Moses generation is being removed and many of those resisting the call to leave the wilderness will fall away.

There is great resistance from the same spirit that motivated the Babel event

There must not be a vacuum of authority that the enemy will use, so the Joshua Generation must be invested and enthroned in the heavenly realms and be equipped to rule as mature sons.

Son, that is your primary task: to equip governmentally. Don't let what is happening on the ground with Freedom cause you to hold back.

The benches and the mountains are still valid; it is the people who failed to establish the lifestyles of intimacy in relationship with Me and each other to outwork it.

Encourage the people around the world to embrace the relationship that will enable true governmental authority to be exercised.

Son, focus on the future; the past is the past but it must not be allowed to taint or cloud the future.

Love wins in the end, so show love; and discipline by correction where necessary, for blessing not cursing. I flew over heaven, seeing the relationship between the gardens and the city on the mountain.

This gave me a perspective of the geographical and dimensional

There is nothing inanimate: everything has consciousness.

There are living walls, the living gates, the meeting and merging of thrones, mountains, gardens, waterfalls: a true multiversed, living, dynamic environment.

The pyramid of thrones with the centrepiece of the mercy seat, which is the foundation stone of creation, holding all relationship and responsibility in perfect balance.

There are a number of interconnected thrones that have different functions

The throne of grace, perfectly in harmony with the throne room.

This throne in the temple, in perfect harmony with the throne of the Ancient of Days.

We have thrones in different dimensional heavenly realms

We are also positioned in light dimensionally within the Tree of life etc. geometrically

## VISION DESTINY 2020 7

The mobile throne of justice fully represents the 4 faces of the mercy seat throughout all dimensions of creation.

Each courtroom in perfect balance and harmony throughout the heavenly realms in righteousness and justice.

The circle of the deep and the 12 High Chancellor's Houses and the Ambassador's houses, in perfect balance and harmony, centred around the mercy seat at the centre of Metatron's cube. Sacred geometric balance and harmony

Where judgment and justice are in perfect balance and harmony with grace and mercy, expressing love's essence and intrinsic glory and the oracles of the Father's heart.

The seasons of heaven, aligned with the circle of the deep

Priest, King, Prophet/Oracle, Apostle/Legislator, and Scribe are fully in harmony and in alignment with Passion, Burning desire, Intense joy, Deep compassion and Overwhelming love.

The royal priesthood aligning heaven with oracles and legislators on earth

Each of the thrones and courts having multidimensional and multifaceted levels and layers of form and function, simultaneously in balance and harmony.

A garden and a throne in perfect harmony and synchronisation.

A waterfall and a courtroom in perfect harmony and synchronisation with a throne and river.

Oneness and unity, but diversely manifold:

3 in 1 and 1 in 3;

1 in 4 and 4 in 1;

1 in 7 and 7 in 1;

1 in 9 and 9 in 1;

1 in 12 and 12 in 1.

Son, trust Me and put your trust in Me; and I am will be to you all that you could possibly ask or think.

I am beyond beyond your highest thoughts or deepest experiences; and I am loves you and wants the very best for you.

This is another expression of the oracles of My heart.

I am is always more than any absolutes you try to set and beyond your ability to presently comprehend.

Son, as you ascend you will have a greater capacity to know as you are known, to go beyond into the maturity of sonship.

I am expanding your consciousness to beyond what you can possibly know; and there can be no end to that expansion, as you are destined to become conformed to the image that you are made in!

All My children are created in Our image and likeness

Mankind was made to be in our image and likeness, so do not be limited and restricted by fear-based religious constructs or by faithless scientific philosophies.

Trust Me, and we will journey beyond your beyond in both relationship and responsibility.

Son, time and the eternal now are converging in those of My children who are beginning to see the truth and are willing to pursue it no matter where it takes them.

'The truth is out there', beyond the boundaries of your present, in the depths of who you are made to be.

Son, rest is trust in Me, and in My reality that has no limitations and restrictions other than pure love.

## VISION DESTINY 2020 7

Son, focus on the restoration of sonship through the deconstruction and expansion of consciousness, in both relationship and responsibility.

Restoration of I am as love, through the deconstruction of the wrong image of the angry GOD of religion, is vital  
Restoration of all things can only be framed in My love relationship with creation through My love for all My children.

Restoration of all things must be framed by the oracles of My heart, which is limitless grace and abundant, overflowing mercy  
Grace and mercy are just expressions of My precepts; the pure essence of love, that is who I am.

Resurrecting, restoring, reconciling, redeeming, renewing, refreshing love that is bringing creation back to My original intention within the *Perichoresis* of I am, so that you can be all in all, in all that I am intended.

Son, I am your Father; rest in Me and your sonship will be revealed, one degree of glory after another, until you become an ascended father in your own right.  
Son, keep close to My heart and let My thoughts become your thoughts so My oracles will be your motivation and your guide.

Son, feel the heartbeat of heaven and resonate with its rhythm; follow the seasons of judgment, justice, grace and mercy; and align the circle of the deep.  
The old order have repeated the patterns of the past and are being removed. Do not let the same mistakes be made again.

Herald the dawning of a new season and embrace the freedom that is coming; and issue the warning that justice is being delivered to free the Joshua Generation from the wilderness.

Those who have crossed over but are still operating in the mediatorial Moses systems will lose their positions of influence as I will expose the hypocrisy by the light of truth.  
Mountains will crumble and fall into the sea, the valleys will be lifted up, the rough places made smooth and the crooked places made straight.

Son, do everything in honour; with honesty and integrity.  
Son, be careful; and ensure you do everything righteously in love  
The kingdom is righteousness, peace and joy in the spirit, living in the state of rest.

The kingdom and rest are in fact synonymous terms, as you can't rule without the rest of relationship.  
Resting in Me is trusting in Me for provision, protection and direction and doing nothing from the DIY tree path of independence.

I am Jehovah Jireh and I am all in all, your sufficiency.  
Son, trust Me and rest. Mobilise the cloud of witnesses and the angelic legions and begin interacting and assigning missions and tasks.

Engage the angelic canopy and learn to function with the living beings at a new level.  
I am desires that you take your place within My councils and become more active within My kingdom government.

Son you have embraced your role within the Joshua Generation but there is so much more that needs legislation.

## VISION DESTINY 2020 7

As your thinking has been renewed, and the old covenant influences replaced by new covenant grace, you are now able to legislate more effectively.

Eschatology affects everything: not just expectations of the future, but how you see the past and how you see Me.

The idioms of the old covenant writers misrepresent Me, twisting My character and My nature and perpetuating fear-based religion.

I am has always been love, and always will be love, because love is the continual now that all of creation lives and exists within.

Son, demonstrate that worship does not always need singing by using the crystal bowls to call for the atmosphere of heaven to manifest through the torn veil.

Son, legislate for love, joy and peace to fill the environment with honour and respect.

Legislate for open hearts and open minds for encounters of deconstruction and cognitive dissonance to renew minds and expand consciousness.

Son, I am will come; and My presence will pull back the veils that are covering the minds of My children to reveal fresh new truth.

Son, restoration begins with this age but within the ages to come there is deep is calling to deep.

Son, ensure that there are no limitations, restrictions or obstacles to My restoring truth and challenging the status quo of orthodoxy.

Son, call for the angelic canopy to hover over the atmosphere where the Seraphim can be a consuming fire of truth.

Call for the cloud of witnesses to bring the truth of their heavenly and earthly experiences

Call for the glory of heaven to manifest the truth so it resonates throughout the earth.

Call for the atmosphere around the world to be charged with the frequency of truth; to break through the religious veils, and the restrictions of the darkness of deception about the true nature, character and essence of I am as love.

Son, legislate for the destruction of false belief systems and the unveiling of love's light to enable My children to arise and shine with the freedom of their glory.

Son, call for the truth to this generation to come forth loud and clear so My sons can take their places in heaven and on earth.

Son, focus on the restoration of sonship by sharing your encounters with Me that expanded your consciousness of love.

The deconstructing and rewiring of the mind is key to My children having the abilities of their sonship restored.

Sonship is the key to restoration.

As My children's identity, position, authority and power are restored, creation will respond to their freedom. The freedom of the glory of sonship must be restored for creation to be restored to My original intention and purpose.

The restoration of all things begins with the restoration of My children through reconciliation of a love relationship

## VISION DESTINY 2020 7

The journey continues with the renewal of the mind and the expansion of consciousness to the place of ascension as mature sons.

Son, the modern day parables of Hollywood can be used to open the mind of My children to the potential possibilities that are available e.g. The Matrix, Lucy, Dr Strange, to name a few.

The restoration of the power of the mind to choose and create reality as sons must be aligned with a restored cardiognosis of a heart to heart, mind to mind, face to face relationship with Me as Father.

Love encounters are the only thing powerful enough both to restore relationship and facilitate the deconstruction and renewal of the mind, to expand the consciousness to enable the responsibility of sonship to be correctly motivated.

Encountering the oracles of the Father's heart will create the desire for true restoration in relationship and responsibility.

Passion of the Father's heart for all His children and all creation

Burning desire of the Father's heart for all His children and all creation

Intense joy of the Father's heart for all His children and all creation

Deep compassion of the Father's heart for all His children and all creation

Overwhelming love of the Father's heart for all His children and all creation

Son, I am that I am; and I will unveil and reveal Myself

I will manifest true reality to clearly demonstrate love as My very essence.

I am revealing love's power to change reality

It is only true love, and love that is true, that will change, transform and renew the minds of those trapped beneath the religious veils of deception that have misrepresented Me as distant, angry and needing appeasement.

The old covenant is man's covenant with Me through the knowledge of DIY religion that has created many gods in their own image.

The god who needs appeasing through sacrifice and offerings is the god of their own imagination.

I have travelled all roads to find those of My children who have been lost - but they were not roads of My making.

Religion has obscured relationship by making it conditional on performance and works when it has always been about love and grace.

Son, legislate for the RoAT conference for true love to be revealed and for love bombs and heavenly lightning bolts to explode and penetrate any veils of darkness and deception.

I call for love's light to shine brightly

I call for love's light to reveal true reality

I call for love's light to expose man-made religious doctrines and theology

I call for the protection of the environment to allow openness and honesty

I call for the freedom portal to be open and for sentinel angels to guard and protect

I call for a heavenly manifestation of love's power to deconstruct and renew minds and change hearts.

I call for heavenly encounters, dreams and visions; to create cognitive dissonance that will produce transformation.

## VISION DESTINY 2020 7

I call for the cloud of witnesses to engage with true love's testimonies

I call for protection for all the speakers and full liberty to open their hearts and minds  
I call for respect and honour to fill the atmosphere with loving kindness, tolerance and patience  
I call for the favour and blessing of our loving Father to be abundantly flowing with love, joy, peace, grace and mercy.

Son, rest and relax; trust in Me and do not take responsibility for that which is not yours to carry.  
Remember, come to Me to find rest because My yoke is easy and My burden light.  
Find rest for your soul as you know Me and discover your identity

Thank you, Father, that you are 100% trustworthy and reliable and I choose to put my trust in you and rest in your provision, protection and direction.  
I thank you for the joyful opportunities for today and this week.

I choose to live in peace and I forgive and release those in your family who have created disorder and I choose to bless them  
I call for the favour and blessing of the Father to create the atmosphere for transformation

Son, you can deal with destiny robber - now you have the testimony that can restore him to his position and he can fulfil his destiny.  
If you choose to do this then his position of power and influence will be released to operate within both your local and wider spheres.

Son, there are two others that will need to be restored:  
The principality that has oppressed your region to keep it from its redemptive purpose  
And the ruler that has controlled the local government to be cautious and fearful in its purpose.

These three will form a powerful bench of three over the atmosphere to cooperate with your blueprint.  
Son, your main mission is to help people find and fulfil their destinies. Focus on that; and rule over the environment to create an atmosphere of love and light to draw people.

I will show you how, and I will empower you in this quest. Once this is fulfilled, you can hand over this authority to others.  
Restoration of destiny is for all things within all dimensions and all realms of the created order and we are coheirs of this intention.

Son, come closer and focus on My heart of love revealed within the circle of the dance, and you will find fresh motivation and desire.  
Heart to heart within My heart: become one heart of love with Us, not just one spirit.

I want My children to truly know the light of love that exists only within the beating heart of Father, Son and Spirit.  
Abide in Me as I desire to abide in you; let Me restore your true destiny, and you will be empowered by love's light to arise and shine.

Son, can you feel it? Can you hear it?  
It is the rhythm and cadence of the Merkabah: the connection and convergence between Father and sons, heavens and earth, physical and spiritual, time and eternity.

Son, frequency is not something just to understand and harness but to be released

## VISION DESTINY 2020 7

When you vibrate with love, creation can resonate with the sons of God in the harmony of the music of the spheres.

The sevens are the completeness of the three and the four of governmental relationship converging with the nine and the twelve, governmental perfection.

The sacred golden mean is My fingerprint within the fabric of creation

Son, engage the threes and the fours of positional authority and functional authority; and establish the sevens of heavenly completion over the sixes of the DIY tree path of earthly brokenness.

Relationship and government in unity will release restoration

Son, to restore a fallen one you will need to focus your frequency and shine the light of love to penetrate the scales of darkness and deception that cover their minds.

Only love's light, with true desire radiating with the oracles of My heart, can truly restore a fallen one.

Do you have such passion and compassion, to release the light of overwhelming love for their restoration?

Son, that is why I asked Wisdom to reveal the mystery of love's light to you, so you would be prepared for your destiny in restoration.

Son, not many are ready or prepared to go to the next level of restoration; but you can be a forerunner for the Joshua Generation in this area.

The choice is yours. If you choose to accept this quest, you will need to be prepared to give an account for the hope of restoration that is in you and shield your life and ministry from those who will attack you personally.

Son, these are the next steps; they are the beginnings of the 'greater works' but there are many more to follow if you keep walking in the light and as the light.

Live loved

Love living
