

VISION DESTINY 2021 2

2020 has been a year of great shifting and shaking but the Father warned me to prepare for this back in 2018

With lockdown and less travelling I have more journal entries so I will share the first six months of my journals now.

I am going to review some of the things that were key in 2020 so far

I will share my journals. That will include:

What God said in 2020 so far

What God did in 2020 so far

What does that mean for 2021?

Jan 6th 2020

Father I am not feeling passionate.

Son, I know that the shift is going to take you out of your comfort zone, so rest by trusting Me.

Son, you don't have to do anything. Remember, you are already pleasing to Me just as you are, but I have so much more for you.

The Oracles of My heart are just the beginning of the journey that will reveal who I am as love.

Let Me take you deeper into My heart to reveal sonship's rest; that will re-envision you.

Son, I am within all things and all things are within Me; feel it in the immanence of creation's groaning.

Feel My connection with all things as part of all things.

Feel the lostness, disconnection and hopelessness of creation.

Son, My sons are the hope for creation; when they rediscover their identity they will be the sound and light that restores hope.

The frequency of sonship is the way transcendence and immanence can converge and the hope produced by love's light can be released.

Son, you can make the shift from justice to grace if you rest in Me and trust in My love.

This will require changes personally, locally and globally and the shift coming will be part of that process.

Jan 7th 2020

Son, the world reflects what is going on in the church, so legislate for peace, unity, and harmony amongst My people so that My children can be at peace.

This will be vital as fear and panic start to grip the world.

The divisions you call denominations occur when people create their own separate identity by nominating themselves around a set of beliefs or values that have nothing to do with Us.

All naming after self creates division, strife and enmity that the world reflects in the division of nationalism, competition and conflict.

We are one and family is our value system.

All man-made groupings based on anything, including geography, race, colour, nationality, and religion contradict the nature of I am.

I am are one, and family is Our only designation for Our children.

VISION DESTINY 2021 2

We see and recognise no divisions created by man following the wrong path.
All religious systems separate Our children on the basis of beliefs and all nations supposedly included people based on geography or place of birth but in fact still exclude people by ethnicity, colour, status, wealth or worth.

The New Covenant is designed to include all Our children in Jesus so all can be blessed as one family of the earth.

All who identify themselves as family will be blessed by inclusion in Our family and can become the model for the world to be patterned after.

Denominations are a form and pattern of nationalism and exclude rather than include so that the world has become full of the same strife and enmity that is found in the church.

The system will not change but Our children can and must.

8th January 2020

I began to legislate

I release the frequency of sonship to the dimensions for the hope of freedom.

I release the frequency of the Oracles of the Father's heart to the angelic realm and to all who are in the consuming fire.

I call forth restoration to creation.

I call to the Elementals with the frequency of sonship to respond to align with restoration.

I call for harmony between the sons of God and the world.

I call for harmony between the world and the dimensions.

I call for harmony between the sons of God and the spiritual realm.

I call for the restoration of all created things and the freedom of creation from its bondage to corruption.

Son, the hope of restoration is the frequency of sonship that resonates with the Oracles of Our heart.

The children of God must become mature in their sonship and take responsibility for creation in all its forms.

That means all created things across all of the dimensions and reconnecting with creation through the Elementals.

Only by resonating with the oracles of Our heart will love be the motivating force strong enough to free creation from its slavery.

Son, engage the creation stone and from that position, converged with the eternal now, release the sound all creation is longing for.

Son, release the frequency of love's passion, burning desire, intense joy, deep compassion and overwhelming love as the oracles that are the glory of your sonship.

Son, the freedom of the glory of your sonship is the frequency creation is longing to hear.

The groaning of creation can be entrained to the frequency of hope heard within love's oracles.

I discovered later that brooding is a key

VISION DESTINY 2021 2

Son, Our will, purpose and Kingdom rule needs to be the focus of legislation to administer the Kingdom on earth and through the all things of all dimensions as it is in heaven.

Son, develop a restoration of all things conference that you can deliver that covers the basics of the four streams.

Mystic sonship restored to rest carrying the Oracles governmentally.

Restoration eschatology

Universal restoration

Restoration of frequency and energy

January 9th 2020

Son, keep pursuing frequency and its links to sonship both legislatively and relationally.

Focus on resonating with Our heart in cardiognosis and releasing that frequency legislatively out to expand governmentally throughout the dimensions.

You have been on a long journey as a forerunner: it is time to go to the next level of ascension with others.

You are an ambassador, so it is time to make more representations to the councils of heaven for action to be taken on behalf of the Joshua Generation and for restoration dimensionally.

You have a place assigned to become a council member when you are ready to make the shift to the next levels.

Son, the oracles are the frequencies that can be released to greater effect and greater spheres.

I am going to expand your jurisdiction as an ambassador for restoration so that you can spread this message and increase the momentum of change.

I stood on the foundation stone of creation as an ambassador for restoration to connect and converge time with the eternal now.

With the authority of the law of ambassadorship and all the laws relating to restoration that I carry in my heart I released the frequencies of the oracles of the Father's heart as a son into all creation.

I call for the sounds of restoration contained within the oracles to resonate throughout the created dimensions of all space-time.

I release the frequency of restoration into history to inspire all the forerunners throughout history to connect with the eternal now.

I release the revelation of restoration as a frequency of hope that will radiate love's light as a beacon throughout history to converge time and eternity in every age.

I call for harmony and peace to overcome strife and enmity as love's light shines with the hope of reconciliation and restoration of family.

I call for the blessing of the restoration message to touch every family throughout the dimensions.

I call for the hope of dimensional reconciliation and restoration to penetrate the deepest darkness that covers creation with the power of love's light.

I call for the sons of God to arise and resonate with the oracles of the Father's heart and become passionate ambassadors of hope.

VISION DESTINY 2021 2

Son, be diligent, vigilant and consistent in being an oracle of restoration.

13 January 2020

Son, cast all your concerns onto Me and trust that I will give you peace in your heart regarding all decisions you will need to make during the shift that is about to be revealed on a global scale.

Peace is the umpire that should rule over the affairs of life; and joy is the emotion that motivates actions; but love must be the underpinning foundation of everything that you do.

Love is unconditional but is not always easy to receive or give.

Son, you know that We love you and you have experienced Our love for the all things of creation expressed as Our Oracles. The same love is in everything, so trust love to guide your decisions. Love speaks the truth and sometimes the truth is hard.

Son, continue to develop relationships that have long term value with those whose hearts resonate with yours.

They can build on those foundations and mature in their sonship: that is the value of being consistent.

There are times to open up new ground but tending and cultivating existing ground is the priority for you.

Toronto, Winnipeg, Dallas, Seattle, Cedar Creek, India, South Africa, Greenville, Kingdom Talks and others that will emerge.

Son, restoration is the message that We have placed in your heart so focus on that for your conferences in 2021.

Restoration of sonship is the focus of the [Sons Arise!](#) series but you have to go further - that is just the beginning.

Sonship is the key to restoration and all things are longing for mature sons to reveal the light of love to creation in all its dimensions.

Son, plan for 2021 as there will a great shaking in 2020 that will seem like a disruption but trust Us.

Son, the dimensions are calling, those fallen sons are calling, the spirits of Our children are calling for their souls that are still in the consuming fire.

Raise up those willing to hear and answer the cries of creation as sons to know their true identity and take their places of heavenly authority.

The circle of the deep and the Ambassadors of the ages need to be aligned, so teach the sons to administrate the times and seasons to facilitate change.

Creation itself is beginning to respond to sons arising; now the Elementals will need to be engaged if this momentum is to continue.

Son, you need to listen to creation's groaning and connect with the Elementals associated with the sound frequencies that you hear.

There are some of Our children who are more sensitive than the sons and more connected to creation: listen to them but do not accept their conclusions.

VISION DESTINY 2021 2

The issues that are indicators of creation's groans are climate change, sea pollution, protesting movements, fires and forests, seismic activity and others that you will resonate with.

Division, tribalism, competition and conflict cause great groaning

15 January 2020

Son, trust Me and do not be in fear for the future.

I will ensure the blueprint I have given you will be safe hands.

Focus on the shift towards restoration and being an ambassador for that within the Joshua generation and beyond.

Son, the chakra gates are connected to separate places within the heavenly realms and each has a flow for a specific purpose.

You can activate each gate by intention to receive and channel the flow into dimensions realms.

There are three gates connected to the eternal now that are represented by the heart-love, mind-crown and gut-root;

There are four representative of being in the four faces as the order of Melchizedek:

Throat-oracle, third eye-priest, sacral -legislator and the solar plexus-king.

There are three gates that always need to be activated so you can converge the heavens and the earth

Heart, Crown and Root become your governmental foundation.

All others operate from that foundation.

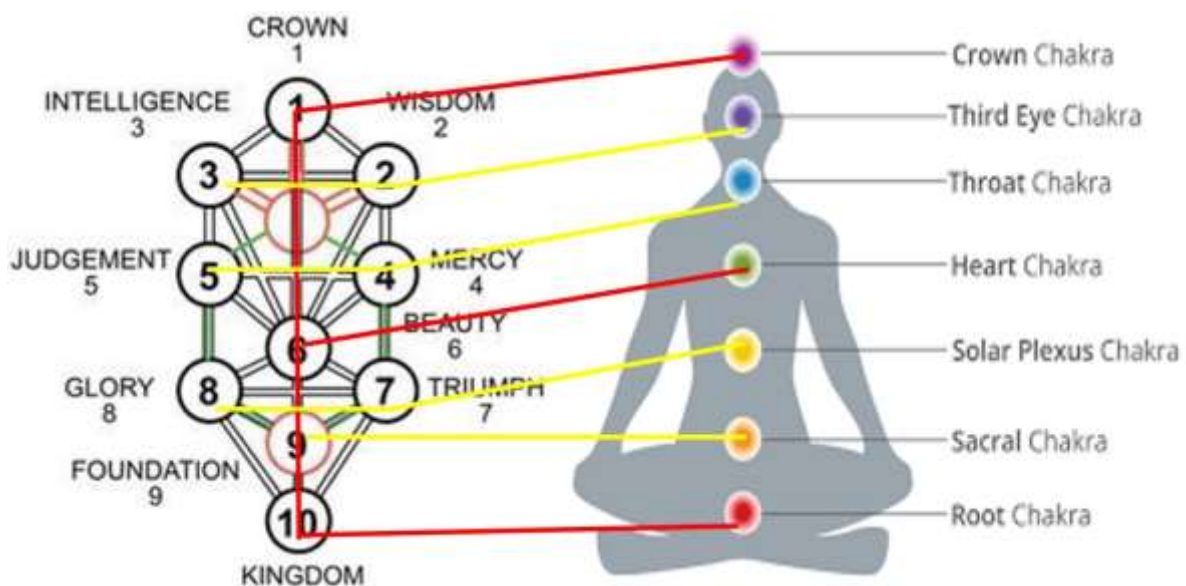

Spirituality, awareness, communication, love, wisdom, power, creativity and trust

Son, become aware of the source so that the rivers of living water can flow from your innermost being.

There must be balance and harmony between your spirit, soul and body.

The Merkabah is your consciousness' ability to connect and converge the eternal now and time through the four faces of the cherubic nature of man in the order of Melchizedek government.

The energy gates activate the Tree of Life - Sephiroth within you to balance soul and spirit.

VISION DESTINY 2021 2

Soul judgment must be in balance with spirit mercy
Soul intelligence must be in balance with spirit wisdom
Soul triumph must be in balance with spirit glory
Soul beauty must be in balance with spirit crown and creation root

Spirit and soul union is the foundation of creativity.
Soul kingdom root must be in balance with spirit crown through the heart beauty.
Rest is spirit, soul and body in perfect union, harmony and balance.

Develop these abilities and consciously choose to activate them to flow into your spheres and connect to the dimensions.

The three and the four combined represent the seven and multiplied represent the twelves of government.

The sons of God are the convergence of time and the eternal now, spiritual and physical, heavenly and earthly within the Order of Melchizedek government
Kings and Priests seated in the heavenlies and Oracles and Legislators on the earth

16 January 2020

Son, trust Me in this local process but do not compromise your integrity and be manipulated to back down.

Be open and transparent about past, present and future.

Share hopes and dreams and concerns: get everything out on the table.

Once you are at peace that this local process is moving forward this will not be your priority.

Son, the restoration of all things agenda is going to become even more important to you and when you have finished the EG material that will be your focus as Our ambassador.

Focus on connecting the streams and become proactive about reaching out to those I will show you. The frequency that you carry as a son with the Oracles of Our heart will begin to draw others to the mystic river.

The flow of the mystic river is increasing at a greater rate than the other streams but the frequency and energy healing stream is accelerating and these flows will become one with the universal restoration.

The three streams will be the government that prepares the way for the eschatological stream to embrace the river of restoration.

The issue with many full preterists will be cessation, so find the bridge-builders and connect with them.

Son, 2021 must become the year of restoration for you and you must seek to open up new ground for this message.

I will connect you to the orthodox stream so that the mystic perspective can envision those who have open hearts and minds.

Son, feel Our love for creation and let that be your passion and motivation too and the frequency of the Oracles will resonate with many more of Our children.

VISION DESTINY 2021 2

Reach out in the spirit to connect with like hearts and minds.

Our desire is being revealed and unveiled to many; and many are beginning to feel uncomfortable with the challenges, so legislate for those who are wavering and becoming fearful.

Your testimony will bring hope and security to those who are under pressure to pull back
I am calling them forward out of the wilderness to inherit sonship's promises in regards to intimacy and its responsibilities in regards to government.

Son, focus on those in the valley of decision and those who are being pressured to go back into the old.

Stand for them, contend for them and call for them to never look back but to boldly and courageously press on.

I call for those who are wavering to be visited by angels who will support, encourage and strengthen them.

I call for the sound frequency of mystic river to draw them into the promised land that their spirit longs for.

I call for love encounters for those wavering to envision them and motivate them to press on and break free from all that is holding them back.

I call for love bombs and lightning bolts from heaven to engage those wavering in the valley of decision.

20 January 2020

Son, there are many distractions that Our children are facing, designed to keep them from their identity and position.

Many are seeking knowledge from the same tree path that created the problems to fix the problems.

To overcome and subdue as sons, it is vital to see everything from the perspective of being seated in heavenly places.

That means being at rest and not in fear, worry or anxiety, by trusting in Our love and in the sonship mandate to be fruitful by subduing and ruling.

Too many accept sickness as normal and health issues as the norm among the children of God.

Son, the body is designed to self-heal through the power of conscious choice that speaks life and blessing, not death and cursing.

Son, We are oneness, wholeness and health; to know the light of who We are is to know immortality.

Son, from the place of rest and trusting in Our love all things are possible to those who know the truth.

Learning to live at rest in the eye of the storm and then stilling the storm by choosing and calling forth the reality that they know in their hearts by cardiognosis.

There is so much suffering because of lack of knowledge that induces fear; when being at rest enables subduing and produces ruling.

VISION DESTINY 2021 2

Son, there are gifts of healing for those who cannot overcome and those gifts include all the energy healing techniques that are being restored currently.

This is during the transition to full expanded consciousness.

This is a major stream of restoration because of the state of health most of Our children are in and the lack of ability they have to choose life.

Restoration of all things includes the blessing of health and wholeness.

Immortality was Our original intention, so anything less than that position needs a deconstructed and renewed mind to accept the truth and to be able to conceive the full reality and be restored.

Know the truth that I came to destroy the works of evil defined by lost identity and only by knowing Me as the Truth can you overcome the 'less than' position most live in.

Only the truth that you know in relationship with the Truth can set you free and keep you free. Create a meditation for rest that focuses on health and wholeness to enable Our children to choose the reality of life and immortality through communion with Us.

Rest in Our life and love, in the knowledge that We are good, to live in an atmosphere of health, as sickness was never the intention.

I spent 3 years from 1995 to 1998 trying to believe in healing until I finally discovered God's identity is health and wholeness.

21 January 2020

Son, draw closer and there are wonders to discover; start within the circle of Our loving dance, in rest.

Son, do not get drawn back into old covenant performance-orientated thinking that will make you feel guilty and condemned.

We do not love you because of what you do but because of who you are; so be careful your thinking does not default back to the old, as so many of Our children's does.

Remember, Our love is unconditional so do not put your own conditions on it to try to please or appease Us or others.

The performance trap is sourced in the DIY tree which is itself the source of all religion.

Son, I mandate you to deconstruct old covenant thinking to free Our children from this insidious bondage that is fear-based.

Reveal the true nature of Our love and the limitless grace that motivates the New Covenant.

Grace that is Our divine enabling power within the fabric of creation itself is by very definition limitless and freely available to empower all Our children to know their identity and live abundantly.

All man-made doctrines and theologies will inevitably be flawed and characterised by limitations and restrictions of Our grace and dependent on performance and all will eventually lead to feelings of guilt, shame and condemnation.

Only grace that is unlimited, unrestricted, lavish, abundant, overflowing and totally free from conditions is grace at all; everything else purporting to be grace is actually law.

VISION DESTINY 2021 2

Son, you are mandated to expose the fear-based motivations behind every old covenant law and fear-based performance mindsets that keeps Our children in bondage.

Announce true jubilee, the freedom from the restrictions of the religious law; and herald limitless grace, greater grace, grace upon grace and manifold grace to the world, dimensions and all of creation.

22 January 2020

Son, be yourself and be open and transparent but also allow others to be themselves by stepping back. I am always happy with unity but it must be relational, not just out of convenience.

The questions to ask are concerned with heart rather than just about skills; and that heart is about the vision, which goes beyond what is in the objects.

The blueprint and mandates of Freedom are to be consistent throughout all the distinct parts. Finding and fulfilling destiny, living in and living out Our presence (intimacy) and being free to know, see, be, do and go.

Freedom blueprint must always be what holds the distinct parts together in identity that each part does not have on its own.

Freedom is the root and trunk that supplies all the branches with their identity within the blueprint.

Son, rest in Me and let Me take the lead and you can just follow where I go and what I do.

Look for and be sensitive to the direction that I will take things and go with that flow.

Trust Me and legislate for Our favour and blessing to be manifested.

Freedom is a forerunner ministry in both function and government.

The shape of things must be based on the correct heavenly governmental foundation for what emerges to fulfil its destiny.

I am that I am and I am is love

I am love and love is I am

Love is who I am and love is the motive of every desire, thought and action

I am that I am and I change not. I have always been and always will be love, as love is an eternal constant

Live loved

Love living

Live loving

Rest
