

## VISION DESTINY 2021 6

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in 2020

What God did in 2020

What does that mean for 2021?

Son, I am calling to Our sons to arise and shine love's light into the darkness of fear; to call and draw Our children out of the darkness of the fear of death into the light of resurrection light.

We are calling Our children out of the darkness of the wilderness of fearing Us and being under the fear of men into the light of their heavenly identity and positions.

Religion has created distance from Us and a form of relationship that requires performance.

Son, this is the time to rise up and overcome the darkness of fear with perfect love by living loved, loving living and living loving in unity and blessing.

Son, take advantage of the shaking the world systems are undergoing by demonstrating the rest of sonship and true Kingdom government of peace.

Be seated in rest on your heavenly thrones to legislate love, joy and peace into the earth as it is in heaven.

As above, so below. Let not your hearts be troubled for Our peace is expanding in you and through you into the world; so Our children can see who We really are as Our sons demonstrate Our heart and love to those around them.

Son, reveal Our true essence, nature and character as love; to remove the scales of darkness that religions have created is the key to the harvest.

The world as you know it will never be the same again but do not fall into the darkness of fear by continuing to shining love's light.

This is a time of great opportunity in the midst of great disadvantage; embrace your destiny and call the sons of the true God to arise and establish embassies of heaven on the earth.

The storehouses need to be ready to receive, mentor and release the harvest that is coming.

Creation is groaning in bondage to fear. Raise the frequency by releasing love's light through the message of restoration.

The darkness cannot overcome the light of true sonship identity.

The true sons are rising up to dwell in their heavenly positions to align the earth with heaven in the convergence of the order of Melchizedek.

The order of Melchizedek is needed to facilitate the expansion.

Expand the Oracles with Unity and Blessing beyond the physical realm to bring the hope of restoration to all the dimensions and all created beings.

I went to the Court of the Upright. Jacob was waiting for me with Paul, who came and held my hand. I felt his heart, how being the one who was persecuting believers (and Jesus) felt in light of Jesus being revealed in him.

## VISION DESTINY 2021 6

I felt the shock he felt when the realisation dawned on him that his whole life's work had been in opposition to the true reality.

I felt the emotions he felt being welcomed into the family to carry the message of one new man in Christ.

The unity of the old being revealed in the new covenant, his passion for unity flowed from his inclusion in Jesus.

I felt his burning desire for all divisions and separations to be ended; whether that of gender, race or privilege.

I felt his intense joy as he saw that the middle wall of partition had been removed, revealing one new man: no separation of Jew and Gentile, just all included and justified by the faith of Jesus in the royal priesthood, holy nation and one family as the one people of God.

I felt his deep compassion for those still living in the darkness of religious deception, in the bondage of enmity and strife caused by the Judaisers still trying to live under the law.

I felt the overwhelming love he felt, carrying the message of inclusion that Jesus was in the Gentiles.

I felt the great blessing he felt of being seated in the heavenly places in Christ, seeing from above that all the promises of God and all the covenants of God were fulfilled completely and finally in Christ Jesus, the King of kings and Lord of lords.

Then father Abraham came forward and held my hand.

I felt a burst of emotion of blessing he felt to be the father of many nations.

I felt how he felt to be called and chosen out of the darkness of idol worship into the light.

I felt how he felt to leave and follow the promise of a better heavenly country and city where all the families of the true earth would be blessed.

I felt how he felt to be engaged by Melchizedek, the heavenly priest, who revealed the sacrifice that was made before the foundation of the world that inspired him to offer the promised son because he already knew the blessing of restoration.

I felt the blessing he felt to see Jesus' day and be glad at the gospel message going into all the world. I felt what he felt to be given the identity of the father of the faithful so he could see all the families of the earth blessed and restored to relationship once again.

I felt what he felt to see in advance the good news of the fulfilment of his covenant in Jesus and the new covenant.

Blessed to be a blessing as a Father to all families of creation.

Son, Our love is as limitless as We are, I am that I am,

Infinitely expanding and increasing to encompass all of creation.

Our nature as love, spirit, light and fire is limitless; therefore omniscient, omnipresent, omnipotent.

We are, therefore you can be; so you can experience being in the midst of the circle of Our loving conversation.

## VISION DESTINY 2021 6

Your true identity as sons can only be found within that circle of the vast sum of Our thoughts about you, expressed as love, light, fire spirit to spirit.

Son, learn to live from within Our being so you can be and become all that you are from Our creative desire's perspective.

All Our children are more than they could ever imagine to be but are limited and not limitless because of the lack of intimate cardiognosis heart reality.

Son, live from within Us to become fully realised as the three in one limitless sons you were always meant to become.

The path of DIY independence can never produce maturity; and nothing it produces can ever be restored.

Your independent self can never be redeemed but it can be resurrected through Our death on the foundation stone of creation expressed in time through the cross.

When We died, you died; and when We rose, you rose.

It was appointed that every man would die and all men did die when We took their death.

The judgment has been passed and all men have been declared innocent and included in Our resurrection.

Death has been abolished as the final end; and life and immortality have been revealed in the truth of love's light.

Son, the whole of creation is waiting for Our sons to be revealed so their frequency can be released through the order of Melchizedek government.

Royal priests and Oracles and Legislators converging the heavens and the earth, time and the eternal now carrying and expressing the five oracles of Our heart as gateways into the earth.

The three of government becomes a window of four.

Son, there is more, as four is expressed through the five oracles that will become seven then nine and eventually twelve.

Start with the five oracles to restore heaven and earth to their correct alignment then activate the seven to engage the heavenly and dimensional beings.

Son, you can ascend to the full level of the stature of sonship represented by the nine firestones; and when mankind matures to add three more stones, they will become ascended fathers in the full government of twelve.

Son, this can only be accomplished by abiding within the circle of Our being as love, light and fire; thus Spirit to spirit, heart to heart, mind to mind.

Son, learn to be here, dwelling within the Perichoresis reality.

Son, everything that you express towards Us as worship, praise and adoration, here is echoed back towards you as the desire of Our heart towards you.

I expressed my love, "I love you" and what was echoed was "We love you."

"I worship you" – "We respect you."

"I adore you" – "We esteem you."

## VISION DESTINY 2021 6

Son, everything you sow you reap in abundance as your one is echoed back by three.  
Son, We appreciate your desire to give honour and you will receive an increased harvest of what you give.

We desire to give you immeasurably beyond what you are capable of giving, so become a receiver of I am's infinite abundance.

Manifold grace, lavishly, limitlessly flowing through the River of Life's unceasing, continual supply.

Son, the shift into the season of grace that We have been asking you to prepare for is nearly here.  
The world is on reset and We will bring good out of this fear-induced darkness as Our children arise and shine love's light.

When the frequency of love generated by Our sons reaches critical mass, the revealing of the sons of God will truly have begun.

The whole of creation is waiting for this moment and it will send ripples through the fabric of all space dimensions.

The last to feel it will be those closest to it because they are caught in the DIY tree deception of fear of death.

The shining of love's light will enable perfect love to overcome the darkness of fear and the deception of humanism.

Son, take advantage of this shift as more and more of Our children come to the realisation of their own vulnerability and mortality during this season of shaking.

This is the beginning of the end of the trap of normalcy that has deceived so many of Our children.

Now the possibilities that have been hidden behind normalcy can come into the light as people's trust in their own DIY systems is being shaken.

The revelation of Our true nature as love will be the key to unveiling the truth to a generation that has come face to face with their own mortality.

Now is the time to bring life and immortality to light with the real good news of mankind's reconciliation and inclusion in the new creation resurrection reality.

Now is the time to go beyond; do not shrink back, embrace the controversy and advance.

Son, legislate for the revealing of love's light through the Oracles of our heart and raise up the Joshua generation as oracles of the order of Melchizedek.

Become the voice that is the sound of many waters that creation will resonate with.

The hope of the restoration of all things will shine like a beacon throughout creation, awakening it to Our true loving desire for restored relationship.

Son, come walk with Me.

I found myself in the realm of eternity. Looking at creation from that position, it caused me to gasp with amazement at an awesomeness and beauty that can only truly be perceived from the position of mature sonship that will lead to ascended fatherhood.

I felt the pure unconditional pleasure of a Father towards creation.

## VISION DESTINY 2021 6

The view of creation was spectacular, perceiving the micro and the macro as fractals of mathematical genius of a love-motivated creator Dad was simplistic in its complexity.

This was the pinnacle that Jesus saw creation from; and not for a microsecond did He hesitate in affirming that He and the Father were one heart and one mind, totally unified in their desire for the restoration of all things that He had come to accomplish in time as a convergence of the eternal now.

Now I saw why unity and blessing were the other two oracles of the Father's heart towards a sentient creation waiting for its freedom from corruption.  
Union and Blessing brings oneness and completeness.

The harmony of creation seen from the perspective of a loving Father who hears and sees His original desire and intention as the symphony of the music of the spheres.  
What a wonderful amazing sound when Union and Blessing are added to the oracles' harmony!

I saw afresh why this could never be without the restoration of all things as with only one person's piece missing the whole symphony would be discordant.  
The restoration of all things must be inevitable if God who is Father, Son, and Spirit is the loving creator.

This was settled before the foundation of creation itself within the Oracles of love's motivation for inclusion within Perichoresis.  
We are predestined to live in the oneness found only in face to face innocence.

Son, today as with all days I am that I am is with you; but today I desire to take you deeper into the oracles of Our heart.  
Come, stand here within Us in what you call the eternal now, which in reality is Us.

Son, listen intently to Our conversation and feel it penetrating within your being so that it begins to define you.  
I felt the thoughts, I heard the thoughts, I am the thoughts.  
I am becoming one.

Like the resonant sound of a crystal bowl, the frequency of love cocoons me, vibrates every fibre of my being with love, more love and overwhelming love.  
The grace, greater grace, grace upon grace and manifold grace is the blessing and empowerment of limitless, unconditional love.

Judgment and justice expressed as mercy are the blessing and empowerment of love.  
Everything is love's essence and I was standing in the midst of this amazing circle of love.

The emotion is love, the motivation is love, the thoughts and intents are love, the desire is love, the passion is love, the burning desire is love, the intense joy is love, the deep compassion is love.  
Love is all in all and fills all in all.

Love is overwhelming; love is united; love is blessing; and this amazing truth, that love is totally unconditional, is the very core and heart of everything; and it is directed towards all of creation equally, with no distinction.

I am is love and love is I am in unison; united, complete, whole, consistent, continual.  
All is love and love is all: that is what I felt, sensed and knew to be 100% the true reality of creation from the perspective of I am that I am.

Love is the eternal now; love is, and that is all that can be said: love is, love is, love is.  
Son, this is why the restoration of all things is inevitable. Now let this true reality be who you are.

Moved and motivated as an oracle and ambassador of love, passionate and burning with desire for restoration.

The restoration of sonship through the restoration of fatherhood that woos, draws, calls, beckons  
Our children home.

Returning them to the Perichoresis of love's unconditional embrace.

The restoration of identity: no longer lost and perishing but found, welcomed home to the position of coheir and co-creator as sons and heirs of creation.

The restoration of our sonship position, welcomed into the councils and assemblies of heaven to facilitate creation's freedom from bondage to fear and corruption into the glorious freedom of that sonship.

The restoration of all things, in all dimensions of time and space, to love.

Where we are all to live, move and exist in love, to be love.

The wondrous symphony of love's harmonious being, where all things are in oneness and oneness is in all things.

Love consumes my being, consumes my thoughts, consumes my feelings, as love is a consuming fire.  
I am consumed by love, absorbed into love's embrace. I am love and love is who I am.

The beginning and the end is love, the alpha and omega is love, the aleph and the tav is love.

Time is a mighty river of love, consuming all.

The beginning is love, so all in the end will be love just as it was in the beginning.

Love is all and all is love; and that is why the restoration of all things is the inevitable consequence of love, as I am that I am.

A mighty river of love flowing through all space-time, consuming all in its flow and assimilating it into love.

Son, the shift that you were warned to prepare for is here.

The last two and half years have seen great changes, preparation, deconstruction and renewal of your mind so you would be ready for this season of great change.

You have introduced ambassadors, deconstructed the Ekklesia, deconstructed the gatherings, expanded your consciousness to accept the restoration of ALL things.

## VISION DESTINY 2021 6

Your experiences with love's light going deeper into love have revealed the Oracles of Our heart and you have become an oracle of restoration by engaging the dimensions beyond beyond.

You have seen the four streams flowing together to converge into a mighty river of restoration. You have embraced energy frequency healing and helped introduce crystal bowls to the Joshua generation.

You have released the *Sons Arise!* call through the [Engaging God](#) programme, [conferences](#) and the [book](#).

You have established [restoration conferences](#) and formed strategic relationships, joining the cosmic bench and become a heavenly ambassador for the Joshua generation and restoration.

You have aligned the High Chancellor's houses and released new mantle, weapons and commissions to converge time and the eternal now for this shift.

You have joined the restoration government and help shield the earth.

All these things have been preparing you for the shift so that you would be ready to be a forerunner at this juncture in history.

Son, you have responded to the call to be ready personally and have facilitated a measure of corporate readiness with those who have resonated.

There is more personal transformation needed so that the love you have experienced can be expressed.

Now is the time to mobilise the sons to arise and shine love's light into the darkness, to dispel and overcome it with love.

All the networks that have been forming around the world that you are now in relationship with can be mobilised to take advantage of the great shift that is taking place.

This is so you can be ready for the new landscape after this period of shaking comes to an end.

Global ascension network, Marketplace Ministries, Company of Burning Hearts, FAM, Engaging God programme, Global Community in Yeshua, Kingdom Talks, Freedom Ambassadors, Bath group, Glory Company, Ekklesia Mumbai, Business network, New Renaissance ministries, Heart Math, NW Ekklesia, Morgan Group, Toronto Ekklesia, River 47:4, Winnipeg, Dallas, beyond Courtrooms of heaven, Quantum Ministries International, LieBusters, The Hub in Texas, New Orleans.

Son, it is time to issue the call for cosmic convergence for life and immortality to come to light in the restoration of all things reality.

Son, you have come through the fire and embraced the pain of transfiguration for a time such as this. Now embrace the shift and be ready for global and cosmic transformation.

Son, the great shift that We have been preparing you for is upon you but you are ready to seize the season of great opportunity that is about to dawn.

This shift must become life-changing for your relationships so they express love.

## VISION DESTINY 2021 6

The new vista will present many challenges but also many opportunities to bring about a true cosmic awakening to the true reality of human existence in relationship with Our very essence and being as love.

This shift is a cosmic awakening to love, light, spirit and fire; to unveil and reveal the sons of God onto the cosmic dimensional stage.

Son, the shifts always start within, so embrace the challenges of change.

The great enlightenment of true rest as revealed through the engagement with the oracles of Our heart will accelerate the ascension development of Our children to an age of great enlightenment.

The ages to come are beginning to converge and expand from this point where time and the eternal now intersect.

The next age of Aquarius is dripping into this age so the dam can burst and the waters can be poured out as mighty flood.

This great convergence will bring unity and blessing to those who resonate with Our heart and the four streams of restoration will begin to flow together as a mighty river to water the earth through the opening of the age-enduring doors between the earth and the heavens.

Son, it is time to strategically mobilise those who will resonate with heaven's sound to begin to answer creation's groaning by establishing global networks and embassies of heaven on the earth.

Global and cosmic councils will need to be established to nurture the foundations of this new age of limitless grace beyond the shift.

The next age shift is upon you but you are ready and prepared for this new adventure as are others who will be drawn together for this momentous change.

Son, release the sound, the call for the sons of God to arise and shine with love's light at this moment of great darkness and fear for the peoples, so that the true glory of Our essence will radiate throughout the earth.

Son, call the children of God, who are wandering the wilderness of religion, into the promised land of their inheritance; to come beyond the veil into true intimacy and immortality.

Proclaim the message of hope that death has been abolished and life and immortality have been brought into the light.

The fear of death has been abolished and a new age of freedom for mankind has been announced as the true jubilee of jubilees.

Mankind has sought immortality through magic, ritual and technology but now the truth of immortality through relationship is unveiled so all can know the truth of their inheritance and be free from their slavery to the fear of death.

Hebrews 2:14 Therefore, since the children share in flesh and blood, He Himself likewise also partook of the same, that through death He might render powerless him who had the power of death, that is, the devil, 15 and might free those who through fear of death were subject to slavery all their lives.

## VISION DESTINY 2021 6

2 Tim 1:9 who has saved us and called us with a holy calling, not according to our works, but according to His own purpose and grace which was granted us in Christ Jesus from all eternity, 10 but now has been revealed by the appearing of our Saviour Christ Jesus, who abolished death and brought life and immortality to light through the gospel.

I am that I am and I am is love

I am love and love is I am

Love is who I am and love is the motive of every desire, thought and action

I am that I am and I change not. I have always been and always will be love, as love is an eternal constant.

Live loved

Love living
