

VISION DESTINY 2021 7

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in so far 2020

What God did in so far 2020

What does that mean for 2021?

Shift preparation began in 2017

Personal preparation for a more global mandate

Personal focus on ROAT

Global shift to change the spiritual landscape

Shift to shake the global DIY man-made systems

18 May 2017

Son, you are an ambassador for the Joshua Generation; it is time to make representation for mercy and grace as the time and season is about to shift focus for the forerunners.

Justice according to the judgment of the 70 will continue but grace must begin to be called forth. Grace, manifold grace and grace upon grace are the seasons to come forth beyond the capacity of your present experience to explain or understand.

Beyond normalcy will stretch your imagination so you must now start to engage beyond beyond, not just in the reality of your mind's consciousness and in the nonlinearity of your present but in your physical, nonlinear experience.

Son, get ready and be prepared for the suddenlies to begin to appear as your normality. The physical laws are about to be rewritten from beyond beyond and you have been chosen with other forerunners to be part of this process.

Son, it is time to arise and shine like stars as the mountain of the house of the Lord rises from the wilderness prison to the place of prominence governmentally.

Son, the circles of the deep and the deep within the deep must be aligned; that is why there are twelve ambassadors that represent the 12 ages of creation order.

Son, call to them to prepare for the shift that is coming that will fracture space time continuums to then unify all things in one Son, who will sum up and be all in all.

The dimensional boundaries must be removed and the gates opened for full restoration to be accomplished; there can be no barriers or boundaries, everything must become all in all.

Son, the balance of probabilities is beginning to shift away from what has been to what will be. Unifying and restoring the past will release the future from the curse of normalcy.

I will come upon the Ekklesia and shift it to feel My heart for those who are to belong.

The you that you know will not be the same, so you must be prepared for a radical shift of focus and be willing to embrace the changes and not fight them.

VISION DESTINY 2021 7

The shift from justice to grace for the Joshua Generation will be a subtle but discernible change that will increase through desire.

The shift will change your perspective and focus and change the world.

6 November 2017

Son, great shifts and shakings will start to take place in the transition between the old season and the new.

You will not be shaken if you are standing on the true foundation of your original design.

Trust in the world's or the religious systems will not keep you standing firm when the shakings begin. Son, these shakings are the movings of My heart aligned to the groaning of creation.

Creation is quaking in response to the manifestation of the sons of God taking their places. As My sons begin to know their true origin and identity, creation begins to throw off its yoke to bondage.

The freedom from the yoke of religious depression and suppression will begin to bring creation itself into liberty.

The shifts will reflect the revelation of true sonship as the sons of God arise, throwing off the tyranny of the old order and embracing the new order of freedom.

Creation itself will flex as it begins to emerge out of darkness into the light of the rising of the sons of God.

Reality itself will shift, once the religious veils have been removed from the minds of the sons of God.

There will be shakings, manoeuvrings and exposings within the hierarchies of the Moses generation that will cause another exodus out of the wilderness.

The great commissioning is beginning to prepare the sons to take their heavenly governmental positions with new mantles, scrolls, weapons and discoveries.

27 November 2017

It is an opportunity to connect to your eternal destiny and be part of a great shift.

The river is flowing with grace and faith to restore your identity and equip you for new positions of kingdom governmental authority.

I am calling you to shift your focus away from the wilderness and its valley of decision to Egypt and its valley of decision which reaches beyond death to the grave.

Son, begin to shift your thinking to global not local issues.

5 December 2017

Son, prepare now for what is about to come, and be ready.

Stir my people to become my children so they recognise their sonship and take their places in the government of heaven.

Prepare for the shift that is coming by seeking to engage Wisdom's pillars and engaging in the assemblies where the times and seasons are being set.

2 January 2018

Son, if the old generation fail to respond, I will keep calling to them to come out from the coverings of men's religious mountains but I want you to shift your focus and prepare for the new challenge ahead.

Son, get ready to reveal who I really am to the world who cannot see Me yet.

30 January 2018

Son, focus on preparing your blueprint for the shift that is coming.

Call forth the government to arise. Release the blue light that will draw people out of the old to come into relationship with you who will be key governmental figures.

In preparing the local blueprint, the wider ministry will be able to increase and your focus will shift. You must shift from the earthly to the heavenly over the next 2 years as you learn to function here. Begin to withdraw from local government.

The council sits in 2 days; your spirit will be engaging but over the next 2 years your soul will become more actively participating and you will become more cognitively aware of the activities and functions of the council within the affairs of the circle of the spheres.

8 March 2018

Son, do you feel it? Do you sense it? Do you hear it? Can you see it?

The dawning of a new day, the beginning of a new season, a new vista with a new horizon.

If you do not hear and see, then feel the wind shift, feel its intensity increase.

8 May 2018

Son, it is not your responsibility for what others do; keep your heart right and don't be despondent.

Trust in Me and in My destiny and purposes for your life and I will fulfil your dreams and desires.

I told you to prepare for 2020: there will be a great shift.

9 May 2018

Son, in January 2020 I want you to shift your focus fully onto FAR and the Engaging God Programme and resign all other duties and positions.

Prepare the materials for growth to be ready for 2020.

17 May 2018

Son, this will need a radical shifting, through mindquakes of increasing intensity, so that only the truth of My kingdom remains.

The tree of life must be the source. No other source can create the consciousness of sonship necessary for co-creating through the power of creative thought.

Son, choose who you will serve because you will serve and be influenced by someone or something. Present the opportunities to My children for their minds to be renewed by a radical shift of world-quaking proportions.

4 July 2018

Son, the times and the seasons are shifting and the wheels within wheels within wheels are being aligned to open the Chancellors' Houses for grace to come out of justice.

Increase in governmental authority will be the result when the sons of God arise to be seated, enthroned and ready to bring agreement as gateways of heaven into this earth.

4 July 2018

Son, the times and the seasons are shifting and the wheels within wheels within wheels are being aligned to open the Chancellors' Houses for grace to come out of justice.

New earthly foundations must be laid and the atmosphere must be cleared so that the everlasting doors can be opened and the glory of the children of God can be displayed through sonship on earth as it is in heaven.

Issue the call: reenergise the blue light call for the sons of God to arise and take their places of responsibility within the tree of life.

My sons must be ready to take responsibility for the shift in 2020.

I call for the light to shine to penetrate the veils of darkness and deception over those under the coverings of men.

I call for the angelic messengers to go forth with the call to cross over beyond the veil into inheritance and birthright.

I call for those whose hearts are beginning to ask the question 'There must be more than this?' to connect with the [blog](#), [YouTube](#), [Engaging God](#) and the [book](#) and rise up and take their places within the Joshua Generation.

I call for the frequency of sonship to call the sons of God to arise and resonate with their destiny scroll to tune into their destinies calling them to hear the cry of the Father's heart.

I call for true love to release the true identity of sons and for the true heavenly positions be unveiled and revealed.

I call for the scandal that has twisted the character and nature of God to be revealed so that love can penetrate the religious systems, both Catholic and Protestant.

I call for love to be poured out and love bombs to be exploded to expose the lies that have distorted the reality of God's true essence and man's full inclusion.

I call for heaven's light to shine and burn brightly to attract sons like a moth to a flame.

I call for the revolution of the circle of the deep to begin the new season.

Son, the time for action is here and as your focus shifts, so will the desire of your heart to function as ambassador for the Joshua Generation.

I have reserved you a place within the 70 but your role as ambassador must become more of a priority and more strategic as you present your cases for nations and people groups.

I have My gifts and callings for the families of the earth that have been lost but it is time for restoration to begin.

Send out the blue light call that carries the resonance of My heart so deep will call to deep to connect the ambassadors with the families within the Father's heart.

I call for the restoration of family within the government of heaven for the Joshua Generation.

VISION DESTINY 2021 7

I call for the ambassadors to respond to the frequency of God's heart.
I call for the hearts of God's children to be turned back to their identity and destiny as ambassadors.

I call for the sound of the trumpet to resonate within the Engaging God programme to reach, engage and connect with those who have been called so they can be gathered, equipped and released.

I call for the angelic messengers of the Joshua Generation to go forth to engage the wilderness and release the desire for those seeking and searching to cross over.

I call for the message to equip the Joshua Generation with the EG Programme to break into new territories.

29 August 2018

God has told me there is a shift coming for me in 2020 which will not just affect me as I will be stepping down from my governmental roles, both spiritual and in governance, to focus on completing the Engaging God programme and to write 2 more books.

14 April 2020

Son, share your heart and love encounters to reveal the limitless grace that is who We are as I am that I am.

This revelation of the truth and true reality is the message that you carry as an Oracle and a legislator to converge time and the eternal now, heaven and earth.

The shift needs to be administrated but also nurtured and protected in its infancy as people free from normalcy will feel insecure and will default back to the comfort of old religious systems and patterns.

Legislate and govern in unity of heart and mind to call Our children into the fullness of their inheritance.

Legislate with the Elementals for the planets to be at rest during this tumultuous period of great shifting and shaking.

Legislate for the safe release of pressure building up as a result of the fear Our children are feeling. Son, perfect love will cast out the fear so keep releasing the love frequency through Our oracles into the spiritual atmosphere around the world and your spheres.

Knowing love by personal experiences and encounters, just as you have, is the only way Our children will have the revelation of their sonship through knowing fatherhood and true fathering.

Son, Our ultimate desire and goal is for all Our children to become ascended fathers, capable of loving their creation with limitless grace and mercy.

Son, remind Our children that this shifting period is not Our negative judgment upon them but Our love bringing good out of what is being reaped because they have sown injustice, division, strife and enmity.

Our mercy always triumphs over the consequences of following the DIY tree path of independence out of the knowledge of good and evil.

Our love will not allow Us to watch passively as Our children suffer the consequences of their corrupt government of creation.

Our loving essence is constantly and continually at work to bring good out of every situation and circumstances although many do not see Our handiwork because of the suffering they are experiencing.

Son, We do not remove the rights of Our children to choose but We do work within those choices to restore balance in creation and fulfil Our original desire and intention creatively through Our children's choices.

Son, this is not fate or fatalism but constant micro course corrections to facilitate all the choices that are being made throughout time and space.

The more the sons of God mature, arise and take their places alongside Us in heavenly Kingdom government, the more restoration will be the result.

Our sons and heirs are in tutoring and training for becoming the co-creators they are destined to be so all of the dimensional realities can be fully restored and expanded.

Son, strategic fallen ones need to be engaged during this shifting period as the hope of sonship is beginning to penetrate light into their darkness and hopelessness.

Seek to engage with those who were in opposition to the knowledge of life and immortality being revealed in light as they will give you insight into those areas and beings you need to target with love so they can be restored from darkness to light.

The light of truth is rising like the sun from the darkness of night through a new dawn to shine in the brilliance and radiance of a continual noon.

Son, align the circle of the deep with Our precepts for restoration to release the new mantles, weapons, scrolls and commissioning needed for the discovery house to be opened and the affairs of the nations to change the culture.

Son, administrate grace within justice and judgment for mercy to be released at unprecedented levels so the sons of God can enter a season of rest that will bring peace to the elements.

Son, a global government will need to work within the seasons of heavenly government, judgment, justice, grace and mercy, but can administrate seasons within seasons as the circle of the deep is aligned.

The 12 High Chancellors' Houses will need to be engaged and opened to release the resources needed for heavenly government to manifest on earth.

All heavenly government must be based on the eternal now foundations of Our precepts – Our heart; Our statutes – Our mind; Our laws – Our voice.

Only with these in alignment can the ordinances of heaven begin to be released into the earth.

The ordinances of heaven will release the new mantles of authority to function with love to use the new weapons of love to unveil the scrolls for the commissioning of sons into new roles and positions of mature government.

15 April 2020

Son, today marks a new era of unity which is the beginning of the end of the old systems of empire and wilderness life for so many of Our children.

The coverings of the old covenant systems are being removed and many of Our children are starting to see the light that is shining.

Today that light will shine more brightly and its radiance will begin to affect Our children on a global scale.

Son, as you gather today with those of like heart and mind towards restoration, the veils of darkness will be penetrated by unity of heart mind and purpose on an unprecedented scale.

The unity and trust that will be demonstrated by turning from independence will become a catalyst to great changes that will transform the landscape of the true Ekklesia forever.

The end of competition and the beginning of true cooperation will change reality and begin a new era of restoration and expansion of the Kingdom on earth as it is in heaven as things are reset.

Son, this example of what can be accomplished by a few people with one heart operating in unison will be the model example to mobilise Our children around the world to arise and shine.

Empower Our children to know their identity and fulfil their destiny and release them to outwork their mandates.

Son, prioritise your focus and seek for the heavenly strategy and a clear blueprint and mandate.

The key is unity not uniformity; and whatever you do together, ensure you are motivated by love and function in the opposite spirit to that which is opposing you.

The Oracles of Our heart are to be your motivation, not militancy, so mobilise the global relationships, connections and influences to love not war.

Son, this is so important as this shift that is taking place is to reveal who We really are as I am that I am as love.

As the sons of God arise and shine from their heavenly positions, the whole of creation will begin to see Our true essence as love, light, fire and spirit.

Son, you will become beacons of light as Oracles and Legislators of the heavenly government of kings and priests into the earth.

It is time for heaven and earth, time and the eternal now to converge together and the four streams that I have revealed to you to become one mighty river of restoration.

It is time the everlasting doors are opened around the earth to pour out the blessing that this unity will command.

VISION DESTINY 2021 7

Son, do not get side-tracked by individual agendas by always seeking Our heart together as one and always acting as one with no individualism.

The converging of hearts and minds will facilitate the merging of individuals into one body to lose the independence of the tree of the knowledge of good and evil for the path of the Tree of Life.

Creation will respond to the revealing of the sons of God and now is the time to rule over the seven weather systems and the nine tectonic plates to establish peace.

As you arise and shine love's light together the darkness and fear will need to be dispelled to reveal Our loving heart towards all Our children and all creation for restoration.

The restoration of all things is Our agenda; do not lose sight of that for individual agendas but the different agendas within restoration can be dealt with better together by supporting and encouraging through what each part brings to the whole.

16 April 2020

Son, as you function as collaborators with Our unity you will pulse with the rhythm of Our beating heart.

As you are in oneness with Our heart you will expand to become a shield that is continuously energised by unity and oneness.

Unity continually infuses you with the knowledge of Our heart from which you act as one.

Your mandate for restoration government authorises you to be the shield that protects the world from outside influences but the priority is to turn to look into the earth sphere and from your positions and thrones around the earth to release the sound by being the Oracles and Legislators of Our heart.

You all carry the frequency of sonship for restoration, so focus that merged and combined energy to target the specific obstacles and hindrances to restoration that We will show you heart to heart.

Son, remember this is not warfare, this is the exercise of governmental authority with honour, love and unity, that will enable you to operate in the opposite spirit to that which opposes restoration.

The great shift both personal and global is something We have been preparing you for. Do not minimise or underestimate the scale of this shift as the ripples of the great shaking are touching the dimensions.

Encourage everyone to evaluate everything in light of this opportunity for change and transformation.

Evaluate their priorities in daily life, their focus of attention, their relationship priorities, their beliefs and mindsets, their vision for the future, their passions and priorities for creation, their opportunities for government and legislation.

Son, encourage everyone not to default back to previous normalcy but to be transformed and never go back but forward with a global perspective.

VISION DESTINY 2021 7

It is time to be world shapers who will shape the landscape of spirituality globally to reveal Our true loving nature and character to a world of Our children who will be desperately insecure and looking for comfort and solace.

Now is the time for the sons of God to arise and shine with love's light to draw Our children out of the wilderness of religion and out of the Egypt of the pathway of the DIY tree of the knowledge of good and evil.

Son, only the unconditional love that is I am that I am can restore all things; let it begin with you and never end in its expansion through government and peace.

Son, you are an opener of doors so that others can go in; so be content to be the doorkeeper who opens the doors through your experiences and beckons and welcomes Our children to enter sonship and go beyond.

Son, do not be intimidated by those whose minds are blinded by race or religion.
You live in a new covenant where all Our promises and covenants are fulfilled in Christ.

Son, there are so many who are influenced by dispensationalism and do not even know it.
They are bewitched and fooled to live under the influence of what were meant to be only types and shadows of the new covenant that is now in force.

Son, all these shadows lessen the fullness of the new by drawing Our children back to the inferior covenant of works where festivals and Jewish dates and systems place them under bondage, not liberty.

All the Jewish religious and ceremonial observances such as Passover, Tabernacles, Rosh Hashanah, Pentecost, Yom Kippur , Purim, Hanukah are at best just pale reflections of the real way, truth and life which is one new man in Christ who is the true Israel and Lion of the tribe of Judah that you are all included in.

At worst the observance of festivals is a major deception and keeps people in bondage to an old system that is obsolete and has ended.

Son, there is no need to go back to that which has no validity and is a deceptive illusion.

All the festivals are just men's attempts to satisfy their own need to appease Us by their own self effort.

Son, let me state it plain and clear: all the promises for natural Israel and Judah are fulfilled in Jesus, who made and established the new covenant with His blood; and that blood is now permanently recorded in the heavens.

This issue has the potential to polarise and distract those seeking to establish restoration government; be careful, and always act with love, honour and unity; and never let relationship be sacrificed to doctrines.

Never hold back from speaking the truth in love when and where you have a mandate to challenge the mindsets that hold so many of Our children in bondage to religions of all kinds or none.

Son, you can see it from this elevated position, seated and enthroned in the heaven of heavens; keep looking to where there are absences of light and focus your attention on restoring light and truth, no matter what the personal cost to you.

Son, you have no reputation or position to lose, so keep arising and shining the light and truth of restoration into the darkness that veils Our children from their true inheritance towards creation.

Son, the four streams that are converging together as the river of restoration each have mindsets that create separation and division from each other.

Challenge those mindsets through teaching but also through legislation, by releasing frequencies of truth that will penetrate the veils and reconstruct those false beliefs.

Demolishing strongholds of thinking that separate and divide is a priority but always do it with love and honour with the goal of unity.

This is not a theological debate with an argument to be won but sincere desire to remove the barriers and hindrances to true unity for the desire of a restored creation.

I legislated into the darkness of mindsets that divide and separate with love's light.

I call for lightning bolts of heavenly truth and revelation to be released to penetrate and demolish strongholds that limit, divide and separate.

I call for angelic messengers to visit those who are influencers within each stream with dreams and visions that will unveil the truth.

I release the frequency of truth as love's light to call them out of the darkness of limitation and restriction.

I release love bombs to explode around those influencers who need revelation of the oracles of the Father's heart concerning restoration.

I call realised eschatologists to follow the sound towards universal restoration.

I call the universal restorationists to follow the sound towards realised eschatology.

I call the mystics to follow the sound towards universal restoration and realised eschatology.

I call the energy and frequency healers to follow the sound towards universal restoration, realised eschatology and true mysticism.

I call for all the streams to become a mighty river of restoration to free creation from its bondage to corruption.

I release the frequencies of the Oracles of the Father's heart towards each stream to create a passion and burning desire for creation's freedom from its groaning.

I call for the harmonious symphony of creation to be restored to its primordial state of oneness.

Son, use all the weapons at your disposal in this love quest and align the circle of the deep to release new mantles and weapons for Our limitless grace and mercy to be poured out into creation.

I am that I am and I am is love

I am love and love is I am

Love is who I am and love is the motive of every desire, thought and action

VISION DESTINY 2021 7

I am that I am and I change not. I have always been and always will be love, as love is an eternal constant.

Live loved
Love living
Live loving
Rest
