

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in so far 2020

What God did in so far 2020

What does that mean for 2021?

22 April

Son, as you collaborate with Our heart, contracting into Us, you can expand around the earth, shielding the earth from external and dimensional influences.

Positioned globally, you can, in unity, focus your attention on Our priorities and contract in a circle around that issue.

Once focused, you can release the opposite Spirit into the opposition, to restore the redemptive purpose that has been corrupted and perverted.

Son, this is not to be a war but a series of restoration events that will restore those of Our children who have been deceived into opposing Our intentions.

Son, the key is to not just treat each other with honour and love but to bless those who are operating in the curse, so that they can be returned to the fold and have their identity restored.

Our children's destiny has been twisted and perverted – that is why they have been deceived. But every crooked path can be made straight and every mountain of self can be made low in humility and every valley of bondage on earth can be lifted up.

Son, You have been given limitless grace to release limitless mercy so that Our mercy can triumph over all of men's DIY judgment and justice.

Son, let mercy flow down like a mighty river of love from your position of collaboration with Our heart

Bless those who have been in opposition into submission with the same unconditional love that We have lavished upon you.

Son, restoration government rules and overcomes through love expressed as mercy in forgiveness.

Son, forgive them for they do not know what they are doing in the darkness of their lost identity.

Son, gather to deal with global issues and mobilise and release others to deal with local, regional and national issues.

Son, I call you to focus on and prioritise the restoration of all things mandate with conferences, webinars and books; to see a great reformation take place in this season of great shifting and shaking.

This message must go forth to captivate the hearts of the sons of God so they can become oracles and legislators of Our heart to all of creation.

Only those who carry the Oracles of Our heart and become living oracles will be revealed to creation, because they are shining and radiating love's light as transfigured sons.

## VISION DESTINY 2021 8

Son, embrace the continual process of transfiguration to become who you are, transfigured by love to be love's light.

And arise and shine with creative light as a mature son, ascended in the realms of glory, looking upon Our face, reflecting the radiance of Our express image and likeness.

I was suddenly overwhelmed by intense feelings of love through the oracles as waves rolling and breaking over me.

Waves of passion, burning desire, intense joy, deep compassion, overwhelming love, unity of oneness and lavish, abundant blessing.

As each wave crashed over me I felt deeply for a different aspect of creation in bondage.

People of all kinds and categories in bondage to death and corruption, the fallen ones in their hopeless deception.

Then the dimensional beings who are trapped in hopeless, despair and deprivation and the Elementals enslaved to corrupt motivations, the groaning of the earth and physical universe itself.

I felt the pain of lost identity wrapped up in a heavy hopelessness and despair; but love rose up in me, overcoming all the negative emotions I was empathising with.

I felt an explosion of such glorious love that to me makes restoration inevitable.

Love wins because love has always won: it is the true 'deeper magic', in the phrase coined by C S Lewis.

23 April

Son, rest; and from your position, seated in the heaven of heavens, look and see the created universe and the 12 constellations you know as the cosmos or the Mazzaroth.

As a group united in oneness of heart, mind and purpose, this is where I am calling you to expand from.

The boundary that you set is ever increasing, so must your consciousness be ever enlarging and increasing in government and peace.

From the outer rim of the circle of the deep look in and declare 'we are here for you', just as you have declared that from your position as guardians of the earth.

This is where the restoration government administrates the restoration of all things, as all things are contained within this boundary or can be accessed from within the twelve constellations and their portals.

Son, fill this sphere with your love so your songs can be the catalyst for the harmonious symphony that restoration will result in.

As sons we are the sound frequency that creation will respond to.

The groaning of creation can be heard and felt from this boundary; and your frequency will begin to entrain creation as your collaboration with Our heart produces a resonance that cannot be resisted.

This resonant pulsating to the rhythm of Our heartbeat will release the rest of love, joy and peace so that the oneness of unity will bless the whole created order, releasing the hope of restoration to all things within its sphere.

Son, each of you just has to be, because it is in your being that this rhythm will be produced, from the honour, love and unity that you are.

Being, not more doing, is what creation needs in this season to bring it to rest, from which restoration will begin to spread like an infection of hope through the shining of love's light.

The rest of your oneness, where there is no competition, strife and enmity within your circle, will become contagious, spreading peace and ease not disease.

Son, do everything from the opposite spirit and the contradictory position by being the oracles that express Our passionate, burning and deepest desire for creation's freedom and restoration.

27 April

Son, I as your Father have been preparing you for this moment, to be one of those forerunners who converge *chronos* and *kairos*, time and eternity, heaven and earth, man with creation.

You have been called for a time such as this as it is your destiny given to you before the foundation of the earth.

Son, I am well pleased with you as you have been willing to let go of the old and focus single-mindedly on the new, which is in fact just the restoration of what was also meant to be.

Your passion for restoration has developed throughout the journey of your life as the circle of the deep was aligned for the time and seasons and *kairos* moments that directed your path.

Your childhood love of nature, your pursuit of the unknown and desire for adventure, your unwillingness to accept the obvious, your thirst for answers to the difficult questions that We presented to you,

Your willingness to let go of career and embrace spirituality, your curiosity to look beyond for deeper meaning to the mysteries of creation.

Son, your journey has been an adventure that has needed the characteristics that you have been given so that you are not confined to the normality that limits others to maintain the status quo.

Now is the moment for who you really are to be revealed to creation to a fuller extent; to keep the balance, as this great shift shakes that which can be shaken.

Son, open your heart to the greater possibilities that exist beyond the limits of reason and the quests that you have received will be expanded to reveal their full purpose.

We have held back much of their true meaning, giving you only glimpses that have drawn you beyond, as you were not mature enough.

Son, you have been faithful within the limitations and now the restrictions are going to be removed so you can truly go beyond beyond, which is true destiny.

You have not allowed the small thinking and the social and cultural norms of others to hold you back on your pursuit of the truth, so do not allow conformation to the mundane to control your journey beyond.

Son, ascend beyond to open the pathway for others to follow and write the books of restoration; that is to be your focus beyond the shift.

Son, be comprehensive and hold nothing back as your journey moves beyond the tethering to the physical universe.

Son, We want you to see the key milestones on your journey towards the full restoration of all things message that has become your passion.

The memories flooded my mind: the once disconnected events were now unveiled in their synchronicity.

The defining moments of my choices throughout life were no random chances but carefully orchestrated opportunities to go beyond and not be conformed to the mould of normality.

...my choice to forego a soul mate, my choosing never to be one of the crowd, my choosing to reject the pursuit of career, my challenging religious norms, my choosing to accept the invitation to speak, my willingness to forgive the betrayals,

...my willingness to leave job security and lay the foundations of Freedom, my refusal to be conformed to one stream, my pursuit of baptism in water and spirit despite the opposition, my choice to embrace eschatological deconstruction, my choice to reject Zionism in all its forms,

...my choices to actively pursue Kingdom concepts, my choice to reject study for meditation, my choice to actively pursue conversational relationship with Jesus, my choice to seek visionary experiences, my choice to leave the wilderness and cross over,

...my choice to have my father wounds healed, my choice to say 'yes' to impossibilities over and over, my choices to continually go beyond my comfort zones, my choices to embrace the fire of the firestones, judgment seat, river of fire, altar, fiery sword, fiery place,

...my choice to reject orthodoxy, my choice to reject penal substitutionary atonement, my choice to reject the hell delusion, my choice to pursue frequency and energy, my choice to accept Enoch's quests, my choices to walk into the unknown with my Father,

...my choice to go beyond beyond into the dimensions, my choices to restore the fallen ones, my choice to engage the dark cloud of transformation, my choice to accept invitations to travel for conferences, my choice to engage the eternal now,

...my choice to accept the chancellor's seal, my choice to accept ambassadorship, my choice to accept the court cases to the council of seventy, my choice to engage Wisdom, my choice to engage the seven Spirits, my choice to accept Prudence's tools,

...my choice to engage the cloud of witnesses, my choice to engage the face of the Father's person, my choice to become part of regional and cosmic benches, my choice to write the book, my choice to create the Engaging God programme,

...choosing to go it alone, choosing non-linearity, choosing the difficult paths, choosing not to play it safe, my choices to say 'yes' against my soul's resistance, my refusal to be limited, restricted or intimidated by fear of man,

...my choice to reject the temptations of celebrity, materialism, position, title, my choice not to trade negatively on the floors of Tyre, Athalia, my choice to pursue relationship over advantage.

All these key moments on my journey beyond towards the restoration of all things flashed before me, encouraging and inspiring me to press on towards the goal and to never go back. Beyond restoration is my destiny and that of all God's children.

28 April

Son, restoration is what is inevitable when you discover and experience the oracles of Our heart. The Oracles express Our desires and emotions towards all that We have created for a harmonious unconditional love relationship.

We created all things to live in united synergy and harmony with Us and each other but independence first in the angelic and dimensional realms and then in the physical realm with man spoiled that unity and selfishness became the overriding motivation.

There was no selfishness in the beginning, just oneness; when the bonds of unity were broken and some of the all things of creation separated from each other, the groaning for restoration began.

From before the foundations of creation were laid provision was made upon that which would become the foundation stone of all creation.

The offering that was the fullest extent of Our unconditional love was the antidote to selfishness which is self-sacrifice.

Creation itself was established on the deeper hidden principle of love's desire for oneness expressed by the willingness to give one's self for others.

Son, no rebellion of selfish independence can ever overcome unconditional love as it is who We are.

Son, the restoration of all things is not just something We desire to see accomplished but it is the inevitable culmination of who We are.

As we are I am that I am, the beginning and the end are found within Our being.

The sonship that is being unveiled amongst Our children is an integral part of that restoration process.

When Our children rediscover their true identity and take their places alongside Us, seated in the heavenly realms, true government will begin to manifest.

The government of Our Kingdom, will and purpose will shine brightly with love's light in the glorious hope of freedom.

The cry of freedom is resonating throughout the creation order creating the hope that will inspire restoration.

Son, as an oracle, inspire other oracles to cry freedom and legislate the message of hope to rally Our children to the restoration call.

Love equates to restoration as love never fails, never gives up and can never be overcome because love wins as it has always won.

As We are unconditional love, the heaven of restoration will infiltrate all of Our creation to become the all in all.

Our very grace as Our divine power is already within the fabric of everything We have created, ready to be activated by the consciousness of Our sons ;so that the all that is already within all will become the substance and fully realised.

Love is all in all; to be realised as all in all; to become a reality for all within all.

We are within all and all live and exist within Us.

Acts 17:27 though He is not far from each one of us; 28 for in Him we live and move and exist, ..'For we also are His children'.

Separation is but an illusion for a fleeting moment within the figment of man's imagination but that can never change or overcome the true eternal now reality of oneness that exists within the circle of Our conversation.

Restoration is settled; but not as an event, as some see it, but as an ever-increasing expression of Our government and peace.

Peace as wholeness already exists in the eternal now of Our pure existence, therefore as We are so shall you be: All in All.

1 Cor 15:28 When all things are subjected to Him, then the Son, Himself also will be subjected to the One who subjected all things to Him, so that God may be all in all.

Eph 1:23 which is His body, the fullness of Him who fills all in all.

1 Cor 15:21 For since by a man came death, by a man also came the resurrection of the dead. 22 For as in Adam all die, so also in Christ all will be made alive. 23 But each in his own order: Christ the first fruits, after that those who are Christ's at His coming,

1 Cor 15:24 then comes the end, when He hands over the kingdom to the God and Father, when He has abolished all rule and all authority and power. 25 For He must reign until He has put all His enemies under His feet.

1 Cor 15:26 The last enemy that will be abolished is death. 27 For He has put all things in subjection under His feet. But when He says, "All things are put in subjection," it is evident that He is excepted who put all things in subjection to Him.

1 Cor 15:28 When all things are subjected to Him, then the Son, Himself also will be subjected to the One who subjected all things to Him, so that God may be all in all.

Eph 1:18 I pray that the eyes of your heart may be enlightened, so that you will know what is the hope of His calling, what are the riches of the glory of His inheritance in the saints,

Eph 1:19 and what is the surpassing greatness of His power toward us who believe. These are in accordance with the working of the strength of His might 20 which He brought about in Christ, when He raised Him from the dead and seated Him at His right hand in the heavenly places,

Eph 1:21 far above all rule and authority and power and dominion, and every name that is named, not only in this age but also in the one to come. 22 And He put all things in subjection under His feet, and gave Him as head over all things to the church, 23 which is His body, the fullness of Him who fills all in all.

Col 3:10 and have put on the new self, which is being renewed in knowledge in the image of its Creator. 11 Here there is no Gentile or Jew, circumcised or uncircumcised, barbarian, Scythian, slave or free, but Christ is all, and is in all. 12 Therefore, as God's chosen people, holy and dearly loved, clothe yourselves with compassion, kindness, humility, gentleness and patience.

Col 3:13 Bear with each other and forgive one another if any of you has a grievance against someone. Forgive as the Lord forgave you. 14 And over all these virtues put on love, which binds them all together in perfect unity. 15 Let the peace of Christ rule in your hearts, since as members of one body you were called to peace. And be thankful

Eph 1:10 with a view to an administration suitable to the fullness of the times, that is, the summing up of all things in Christ, things in the heavens and things on the earth. In Him

Acts 3:19 Therefore repent and return, so that your sins may be wiped away, in order that times of refreshing may come from the presence of the Lord; 20 and that He may send Jesus, the Christ appointed for you, 21 whom heaven must receive until the period of restoration of all things

29 April 2020

Son, globalisation is the counterfeit of true family, which provides mutual support and encouragement through covenant.

Globalisation has left local communities and countries vulnerable to manipulation and control because of greed and exploits the weak.

Globalisation has played into the hands of those cabals and corporations who seek to control the world through their humanistic agendas.

Son, it is time to restore family to the earth, whose purpose is peace and wellbeing, not profit and greed.

It is time to reconnect people with the creation in a symbiotic union that was to be harmonious and bountiful.

Creation is longing, waiting for restored relationship, where it is not being asset-stripped and exploited.

## VISION DESTINY 2021 8

It is time that Our sons arise and restore Kingdom government as the DIY systems begin to crumble and fall as they shaken.

Son, prioritise the targets by seeking Our heart together in unity with pure hearts seeking only to do Our will.

Lay down your agendas and take up a more noble cause through Wisdom's pillars according to the ancient paths.

Portals of opportunity are opening to focus heaven's frequency into the earth to bring great change.

It is time for a peaceful revolution to take place as the great shift turns the hearts of Our children back to Us, as they begin to seek for security and peace in the midst of turmoil.

It is time for the sons of God to unite and decree 'Peace, be still' to the chaotic systems that have failed, so they can be removed without war.

It is time for peaceful overthrows to bring an end to systems exploiting the world and Our children for their selfish purposes.

Son, call for Our children to rise up and shake off the oppressive tyranny they have willingly submitted to.

Son, call for global peaceful protests against the oppressions they have submitted to.

Call for their eyes to be opened to the light of truth, to bring them a realisation and consciousness, awakening to the evils of globalisation and its negative effects on their well-being.

It is time to free Our children from their slavery to global systems of the false economic machine.

It is time to expose the matrix of exploitation and control to end the illusion and reveal the delusion of the following the DIY tree path.

Mobilise the counter-culture to infiltrate and leaven the world systems with an infection of the true Kingdom ideology of righteousness and justice.

Call for this global awakening to oppression of the control systems of the tree of the knowledge of good and evil.

It is time for the mountain of the house of the Lord to arise out of the wilderness, to shine love's light; to expose the mountains that have made a name for themselves.

The independent path of the tree of the knowledge of good and evil is doomed to inevitable failure, so legislate to hasten its end.

Release the frequency of hope to turn Our children from darkness to follow the sound and the light, to be drawn to the mountain of the House of the Lord.

Let the sound of the cry for freedom resonate throughout creation as they are drawn to the light of love shining from the city on the hill.

Son, it is time for the true God to arise in a global awakening to Our true loving identity, so your enemies can be scattered and confused like at a Babel.

It is the mountain of the House of the Lord and the name of YHVH that is to be lifted up, not the names of individual ministry mountains.

## VISION DESTINY 2021 8

It is true unity that commands the blessing: all the counterfeits of unity must be exposed in the light of love shining from the true heavenly mountain of Zion.

I am that I am and I am is love

I am love and love is I am

Love is who I am and love is the motive of every desire, thought and action

I am that I am and I change not. I have always been and always will be love as love is an eternal constant.

Live loved

Love living

Live loving

Rest

Live in the reality of immortality
