

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in so far 2020

What God did in so far 2020

What does that mean for 2021?

Restoration government 1 July

I engaged with Union (who was Division) to find out what their strategy was.

It revealed that the primary strategy was to infiltrate the world through the church.

They used the leaven of Herod and the Pharisees, as Jesus warned His disciples they would.

The religious and political spirit would infiltrate the church, which then would be mirrored in the world systems.

Father said that as His children come out of the wilderness of religion they will shine brightly to demonstrate union and oneness.

There was another tactic which was to create false unity, based on compromised agreements, that created lukewarmness.

The coloured orbs came together in union to form bright white light, the light of love when we are in agreement.

Union was commissioned to be in agreement with the new order Ekklesia who are rising to collaborate with the Father's heart.

Son, brood over restoration within the Cradle of Life; really go deep to identify with creation's groaning.

Feel the pain creation feels over the lost identity of Our children and the discord and disconnection that was once union and harmony.

The longing and waiting in anticipation of the rising of sonship is over now as the new dawn has now broken.

The frequencies of hope and the light of love have rippled throughout creation and the Elementals are awakening as a sign.

Hope springs eternal: this is now the beginning of the end of bondage and new days will dawn in an age of fulfilment and freedom, where the light of truth will shine brightly.

Division between man and creation is ending as the sons of God become one with Us, each other and creation once again.

The songs of the joy of union will be sung, sounding throughout creation in a jubilant celebration once again.

The united orchestra playing the great symphony, the music of the spheres, signifying the dawn of the new age.

Son, brood long for the fullness of restoration so the sound of many waters will be amplified in the Chamber of Creation.

The living light of grace and truth will resonate with the sound that Our sons produce, ready to form new creation realities.

The glory of the children of God will bring freedom to all of creation when all the colours merge into one, unified, bright white light of family.

The whole of creation was created to be a family full of diversity, each part resplendent in its beauty: a union of variety, with no competition or conflict.

7 July

I engaged the Cradle of Life to resonate with the Father's heart for creation and began to brood over peace and harmony.

My heart was moved with compassion for those beings within creation deceived into causing Warmongering.

I saw and felt the Father's heart for their restoration to the Father's original intention and purpose.

My being began to pulsate with energy; and the sound of many waters began to energise the Chamber of Creation, where the amplification excited the quantum lumens to begin moving to the rhythm of peace and harmony.

I saw the reality for restoration of Warmonger and released the frequency of hope as the light streamed into creation.

I entered the dark cloud. Clothed with mystery, I began to call for the bench of three of Warmonger to be drawn to love's light and the hope of restoration and freedom.

I asked Union and Covenant to stand with me as they came into the cloud and in that quantum moment I saw the next season play out.

I became aware of all of the process that would lead to their restoration until finally the light emerged from the darkness.

There before us were three beautiful light beings, radiating the light of peace, so I introduced them to the Benches of Union and Covenant.

I felt the celebration of the heavenly host and I commissioned them to the task of helping to facilitate global transformation.

They revealed that conflict through competition and division was at the heart of their strategies economically but their major focus was to keep the church system divided and in opposition with one another because of doctrinal and theological arguments.

They told me the Bible had been their greatest success in creating conflict and I saw in a moment all the division that occurred throughout church history.

The schools of Divinity, designed with the intention of maintaining purity of faith, became divisive.

The council's intention for unity was used to divide over doctrine and just created further division; until fear of error, motivated by the need to control the narrative, through Constantine and the Council of Nicaea, restricted the truth.

I saw the Council of Carthage, manipulated by fear of error, bartering over the canonisation of the Bible.

VISION DESTINY 2021 14

I saw the Council of Ephesus separate the Assyrian Church; and the Council of Chalcedon separate the Oriental Orthodox church.

I saw the great schism in the 11th century separate the Orthodox Church

I saw the dark ages and then the reformation create more and more division, denominating over truth and Bible interpretation.

Anabaptist, Calvinist, Protestant, Restorationists, Anglican

Catholic, Protestant, Orthodox East and West, Russian and Greek etc. Anabaptist, Amish, Mennonites, Lutheran, Reformed, Anglican, Methodist, Baptist, Presbyterian, Quakers, Hussites, Brethren, Zionists, Evangelical,

Pentecostal, AOG, Elim, Charismatic, Adventists, Prophetic, Apostolic, House Church, Cell Church, Vineyard, Restoration, Trinitarian, Non-Trinitarian, Church of Christ, Non-denominational, Salvation Army, Unitarian Universalist, Messianic Judaism etc.

What was once one body, united as family, becoming more and more fragmented as the denominations emerged to guard their truth, until the body was divided, in competition and conflict.

I saw the rise of Islam and the response to persecution, the crusades, Christendom, inquisitions, conquest of South and North America in the name of church and state creating nations through violence and conflict, Africa, India, Far East.

The formation of empires by Spain, Portugal, France, Germany expanding through the centuries culminating with the British empire that exported religion along with colonialism.

Destroying civilizations, enslaving whole people groups in the name of greed and profit, changing the world through global economic expansion.

I saw how the blessing intended for all the families of the earth had been perverted to become the global control system of the elite few.

I felt so sad as I saw how this was mirrored in world wars, conflicts over the denominating, dividing and competing for empire, territory and wealth.

Son, you have seen the fall of mankind; now begin to brood over its restoration. Do not fall into the same traps set for your ancestors.

If the restoration of all things is to succeed, union, covenant and peacemaking must be expressed as love's light in a culture of honour and respect.

Son, do not divide over doctrine and theology but maintain oneness in love and rejoice and celebrate diversity within family.

There will be challenges ahead that will need to be faced with openness and honesty; be transparent in communication and keep up healthy dialogue and discussion.

Do not let fear of error cause more denominating for the sake of doctrinal purity. Be very careful over excluding based on beliefs and fight fiercely for relationship and oneness of heart.

Son, never create a mantra that requires believing to belong: be inclusive and not exclusive.

9th July

Son, I have called and chosen you for position and I have given you your identity: do not let anyone change you but me.

In good time you will be able to widen your focus, but for now keep your attention fixed on the spiritual realm.

The shift for you has enabled you to withdraw from those things that keep you from your main mandate which is the heavens and their effect on the earth.

Now you see the global issues that need addressing you can focus your attention on the restoration needed within the spiritual and dimensional realms.

Engage with Limitless, Union and Hope and each of the angelic benches to help facilitate the removal of Division, Competition and Conflict to stop Warmongering and Tribalism.

Son, maintain your focus on the ROAT in the conferences that you are involved with but vary the content depending on the maturity of those gathering.

Don't get embroiled with the religious and political spirit that is operating in the political system in the USA as that is not your mandate.

Keep your distance and don't get distracted by the fear prophecies and the conspiracies that are being used by those with the agendas of Division.

Those with small minds do not see the bigger picture or Me at work within it, as their focus is often limited and restricted to issues relating to their self-interest.

For Our sons who have risen to be seated above the whole of creation, it will be their desire as it will have captivated their hearts.

Son, this shift in relation to you is to end your time of establishing Ekklesia on earth so your focus can be on what is needed in heaven for others to do so.

Be careful you do not get drawn back to local issues; maintain your global, cosmic and dimensional focus and do not get distracted.

There are other shifts coming but they are nothing to fear for those who are preparing in the heavens for those shakings that are designed to remove the man-made worldly systems.

Son, continue to collaborate with Our heart, brood over that which We show you, and create the sound and the light frequencies that will facilitate those shakings and shifts.

Great transformation at all levels will only come through the shaking of the existing structures, mindsets, belief systems, world views, relationships, systems and ideologies.

The old must become obsolete and fade away in transition for the new to come in its full measure.

Be careful that you do not cling on to the old as that will delay the new; but embrace the change, do not resist it.

Son, do not fear the darkness, as this must get deeper before people will begin to look for the light.

The brightness of the rising of Our sons will always be more apparent during times of trial and trouble as they create the greatest changes.

There will be more global trouble ahead but cooperate with Our purposes within it and do not try to stop it, as that will only delay the transformation it brings.

Be joyful and rejoice when things get dark, as that means the breakthrough of the light of dawn is drawing near.

13 July 2020

Son, trust in me and I will fulfil the desires of your heart as you rest and seek Me first.

Prioritise love and watch Me change the situations around you to align with your heart's desire.

The great shift will have great impact beyond most people's understanding and will be the catalyst for the changes necessary for the restoration of all things.

The old systems must fade away as people's trust in them will be shaken and they will be seeking for something to put their trust in.

The sons of God must be ready to be revealed as the light of love that the world will be looking for.

Heaven and earth must come into alignment within the Order of Melchizedek as Priests and Kings establish the Kingdom in heaven and Oracles and Legislators manifest the Kingdom on earth.

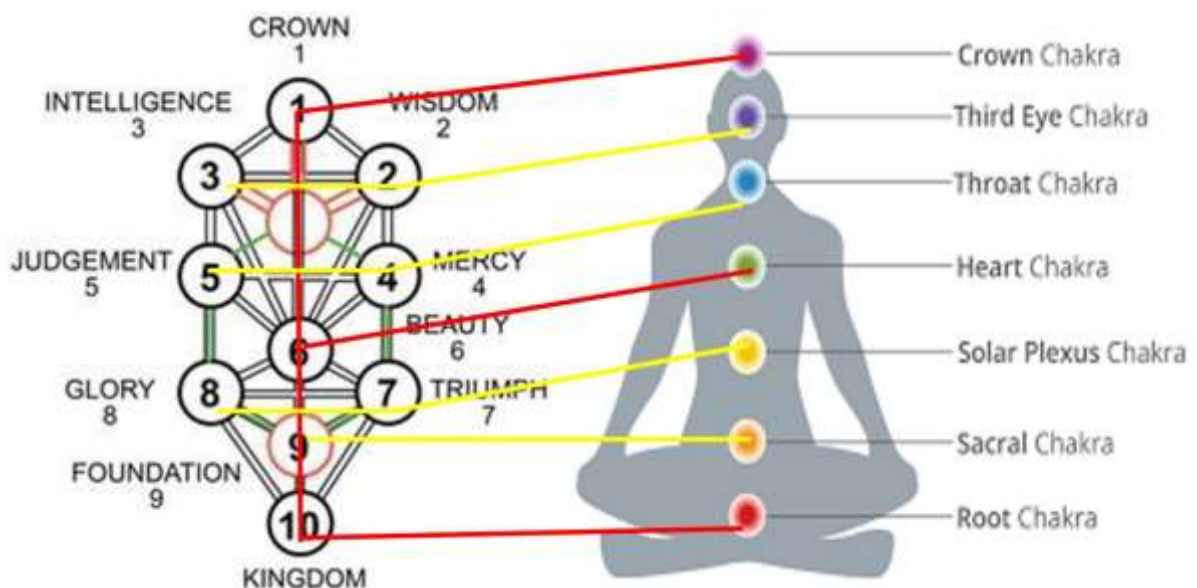

Mature sons will converge heaven and earth as they are representing the lion, ox, eagle and man in their cherubic nature.

Only when heaven begins to be manifested on earth will the light be able to be seen to draw Our children away from the DIY path to follow the path of the tree of life.

The tree of life within brings balance and order to the spirit, soul and body and connects the dimensions through the Merkabah.

Son, as you activate the energy systems within you to see the rivers of living water flow from your innermost being, they will need to be in balance.

I will give you understanding of the tree of life in its many levels to give this balance between the spiritual and physical dimensions.

14 July

As I brooded in the Cradle of Life over my spheres of influence, I began to get a deeper insight into the Father's desires.

Son, all these spheres are part of your scroll in general but they are not part of you.

So without them, you would still be you, as you have been made from the desires of Our heart independently from the things your scroll authorised you to do.

You would still be who We created even if you had followed a different path through your life.

Son, you are not just a sum of your experiences; therefore, if you were born in a different place, of different colour, had alternative parents, wife, or family, you would still be, at the deepest level, you.

So when all the superficial, temporal things are stripped away, you are still fundamentally you; that is why, beyond this physical existence, the superficial things will be no more than a vapour that will fade away.

When all the things you have accomplished in this life – the gold, silver and precious stones, and the wood, hay, and straw – have been erased, what remains is your relationship with Us.

Son, you came from Us and you will return to Us. Everything in between will fade away, so do not hold on to the things of this life as if they were eternal.

Things will shift and change, as they are merely like mist compared to who you are within I am that I am.

You are who you are and all else has no lasting value and will not remain, as you are not shaped by your experiences but by Us.

Father, if that is true why care about this existence?

Son, because you are learning to live in the moment, from transcendence.

All of life from the path of the tree of the knowledge of good and evil will not remain, as it will be wiped away, just like your tears.

The lessons remain: the details will not; as you are the essence of who We made you to be, you are not your memories.

The cloud of witnesses state is a transient, not an eternal, position and it will be transfigured into pure light.

Son, I know you are hurting and trying to make sense of the temporal right now and We are your comforters but know this: there is joy set before you.

Earthly love will always be only a pale reflection of the love who We are, so look to things above and focus on the true, eternal realities.

I need to meditate on the value of the temporal and the eternal and how to balance them correctly.

I released my broodings, as I pulsed with life for a better future, into the sound of many waters waterfall, to be amplified in the chamber of destiny as a conduit into the Chamber of Creation, where the amplification process excited the quantum lumens to begin to shape reality.

Rev 21:4 "...and He will wipe away every tear from their eyes; and there will no longer be any death; there will no longer be any mourning, or crying, or pain; the first things have passed away."

Col 3:1 Therefore if you have been raised up with Christ, keep seeking the things above, where Christ is, seated at the right hand of God. 2 Set your mind on the things above, not on the things that are on earth.

Col 3:3 For you have died and your life is hidden with Christ in God. 4 When Christ, who is our life, is revealed, then you also will be revealed with Him in glory. 5 Therefore consider the members of your earthly body as dead to immorality, impurity, passion, evil desire, and greed, which amounts to idolatry.

15 July

Son, the shift and changes are not yet over: there are so many more areas that need to be addressed.

The forces behind the global issues still need to be dismantled, which will enable the world systems that control the economy and energy to be replaced.

Peaceful transition to new systems that are covenantal for the benefit of all, not the few, will need to be administrated.

Revolution functions through conflict, which is fuelled by division, as the conflict causes overthrow through violence.

Tribalism of any kind will always lead to conflict, so the transition must be through family and cooperation.

For there to be cooperation, the global control systems must be removed from power; not through revolution, fuelled by anger, but by transformation of people (who are mostly puppets of the spiritual forces).

The teams need to be mature and focused with clear mandates for action to challenge the fallen systems with love for restoration.

Son, only unconditional love will be strong enough to restore those beings and dimensions behind the global issues.

Shielding the earth, and eventually the universe, must be a priority to protect those seeking the restoration of the dimensions behind conflict.

Issue the call to action amongst the EG advanced groups and form the teams; but be wise and don't allow the immature to take part as it will be dangerous for them.

Those qualified will need to be governmental in heaven, those who know their identity and can operate in love and live in rest.

Son, it is time to go on the offensive with the weapons of love, so make preparations and issue the call to action.

Son, do not be distracted by worldly issues when there are cosmic consequences at stake; be focused and prioritise.

I am that I am and I am is love

VISION DESTINY 2021 14

I am love and love is I am

Love is who I am and love is the motive of every desire, thought and action.

I am that I am and I change not. I have always been and always will be love, as love is an eternal constant.

Live loved
