

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in 2020

What God did in 2020

What does that mean for 2021?

Son, the earth shield is getting stronger as more are joining heart to heart. This gives greater security for the process of recalibration.

The global influences can now be challenged directly in the spirit so they can be dismantled piece by piece.

Those behind the earthly dimension will be removed one by one in secret and with each change their power will be weakened.

Son, more earthly governments will begin to come into agreement with the mountain of the house of the Lord and the wellbeing economy will advance.

Legislate for this transition; although few will be aware of it, transformation will take place and the future you seek will come into reality.

Son, engage the realm of light in perfection to know Our heart and brood over the process of wealth transfer.

I engaged the light of the Father's countenance and basked in the radiance and beauty of His face infused with revelation knowledge and truth.

I saw everything as it should be and will be and I was filled with joy and peace and totally at rest in what will be.

Contented, I went to the Cradle of Life and, in collaboration with the Father's heart, brooded in rest. As that quantum moment fast forwarded I became overjoyed again, this time pulsating to the rhythm of the frequency of creative thought.

The process of creating that reality continued in fast forward as the sound of many waters amplified the thoughts into words at the waterfall and the Chamber of Destiny energised the sound until the Chamber of Creation was alive with the dance of the Quantum Lumens.

As I observed from rest, I declared the reality and decreed the future into being.

I call for the earth shield to be strengthened.

I call for the global influencers to be dismantled.

I call for each person in each position of power to be removed or restored.

I call for the peaceful transition of the global systems from the greed of GDP to the well-being economy of covenant.

I call for the governments of the world to become aligned to the mountain of the house of the Lord.

I call for the exposing of the futility of the old DIY systems and that their shaking will intensify.

I call for the atmosphere of the earth to be cleansed and restored and agreements with the Elementals to be established.

I call for the Truth to be unveiled and for the children of God to become awakened to the conscious awareness of lovingkindness.

I call for the alignment of the circle of the deep and the High Chancellors' houses to change the seasons of heaven from justice to limitless grace.

I call for the release of the discoveries of heavenly technology for energy, health, replication, transportation and extinction reversal.

I call for the dawning of the next age of Aquarius, overflowing with love, joy and peace.

Son, rejoice always, at all times, in all things as limitless grace is abounding to enable you to fulfil your destiny within the restoration of all things.

Son, know that limitless grace is continually at work within creation to bring about restoration: that is why you can live in rest, knowing that We are active.

You can rejoice in all things if you truly trust in Our lovingkindness, knowing that We are at work to bring good out of every situation and circumstance for all Our children through time and dimensional space.

Son, an attitude of gratitude produces a frequency that promotes health and well-being and activates limitless grace.

When you brood creatively, ensure that you are operating in joy and gratitude as you brood: you are living in the end at the beginning.

Rejoicing and gratitude produce the frequency of hope that excites and activates the limitless grace light energy to form the reality you are thankful for.

Son, brooding in fear, worry, and anxiety only perpetuates the past and does not create new realities.

The closer you are to Our heart, the easier it is to remain joyful, at rest. That is why intimacy is so important in legislation and government.

Collaborating with Our heart in face to face encounters is the prerequisite of all kingdom governmental activity and must be the priority of all restoration government groups.

Seek first Our heart and you can rejoice in everything you need being added to you as you put your trust in Our provision, protection and direction.

Son, as you rest, filled with love, joy and peace, Our joy is in you so your joy can overflow.

Trust is why the joy of the Lord is your strength.

Trust is living in rest and rejoicing in its empowerment.

You have seen, felt and know that creation is groaning because it is in bondage to corruption and you have experienced what creation is within Eden, where it is rejoicing in its union. Those were both encounters where I engaged creation.

Now imagine and brood over the whole of creation being restored to its glorious union with Us and man, as it once was.

Does that not bring joy to your heart?

It certainly does.

Son, Our oracles are a reflection of Our desire, inspired by the joy set before us; let that be your attitude also.

Be inspired by the rejoicing of your heart and be the frequency of hope that creation is longing for so that you can activate limitless creative light grace energy.

Your reality is in fact what you are grateful for and rejoicing over so be at rest living loved, loving living and living loving resting in the reality of immortality which is your hope.

28 September

Restoration government groups.

Group foundational principles: relationship of union, honour, love, encouragement, openness and honesty.

Son, invite each government group member to join the earth shield.

Engage the realm of light in perfection.

Engage the dark cloud and cloak of mystery.

Engage the Cradle of Life, Chamber of Destiny and Chamber of Creation.

Operate under the law of limitless grace.

Seek to collaborate with the Father's heart for global issues.

Legislate for global changes for the establishing of the well-being economy.

Engage the atmosphere of the earth to transform specific areas by restoring the principalities, powers and rulers.

Legislate for the dismantling of global systems that use division, competition, conflict and tribalism.

Son, the joy of the Lord is your strength so enjoy life to the full and live multidimensionally.

Develop multidimensional awareness and the capacity for greater wisdom, knowledge and understanding.

We will continue to deconstruct, renew and expand your consciousness by encounters that take you beyond your limitations to remove your restrictions.

Son, set the desire of your heart upon the process and pursue it passionately but do not strive.

Rest in your desires and brood over the transformation needed until you can rejoice over it.

Joyful rejoicing in the quantum moment is the true hallmark of living the future in the present.

29 September

Son, limitless grace is an affront to the religious systems and this will become a major conflict during the transition into the next age.

Unconditional love and limitless grace will be the major characteristic of the next age as they are poured out onto creation for its restoration.

Only limitless grace has the power to obliterate the guilt, shame and condemnation that separates creation from relationship with Us.

Son, limitless grace expressed through the cross has already unconditionally forgiven all who have rebelled and been deceived into following the independent pathway of the tree of the knowledge of good and evil.

Limitless grace turns all unrighteousness into justification so all can be restored to relationship with Us.

Only limitless grace can reach all of creation including the physical, spiritual and dimensional beings that were designed with the intention of intimate relationship with their creator Father.

Son, there is nothing limitless grace cannot overcome and nowhere it cannot reach, by definition: nothing is impossible.

Limitless grace is based on unconditional love therefore it cannot be deserved and that is why all works-based religion cannot accept it.

There can be no conditions placed on limitless grace; that is why it applies to all creation, irrespective of performance or behaviour.

The sons of God must manifest limitless grace for creation to be set free from its bondage to corruption.

Son, all the testimonies of limitless grace you have heard are being repeated continually and with a lavish abundance that will go beyond mankind to the angelic and dimensional realms.

Religion cannot cope with the concepts of unconditional love and limitless grace as they make it unnecessary and obsolete.

Be prepared for the opposition and attack from the institutional religious systems and from those of the mystic community who do not really know love.

Limitless grace is an affront to man's perspective on justice that requires contrition, sorrow and their false version of repentance to allow forgiveness.

True repentance is but agreeing with the thoughts of God and that brings transformation.

All righteousness and justice that is from Our kingdom perspective is based on the judgment made before the foundation of the world and expressed in time through the cross and is restorative, not punitive or retributive in nature.

We have reconciled creation to Ourselves and declared it to be righteous unconditionally, entirely based on Our unconditional love and limitless grace; only realisation and acceptance is necessary to enjoy its lavish benefits.

No works, even faith, are necessary, as even faith is a gift that enables all to believe and accept the truth of reconciliation, renewal, redemption, resurrection and all of the concepts associated with the restoration of creation.

Son, stand your ground against all of man's arguments and logic that diminish grace and love to bring anything other than grace's limitlessness and love's unconditional nature.

Limitless grace will eventually bring all to face the reality of their own lostness and admit their inability to save themselves so they become recipients of Our true nature.

Unconditional love expressed through limitless grace is the fullest revelation and definition of who We are as I am that I am.

It is imperative that the sons of God freely experience and freely give unconditional love and administer limitless grace.

30 September

Son, only a global awakening of true love consciousness that reveals who We really are will be able to shift Our children's mindsets away from following the DIY tree path.

The global control systems that maintain the status quo are weakening as the earth shield does its work but they are not yet dismantled.

The cycles of division, competition, conflict and tribalism that are so evident in and amongst the religious systems, even the mystic community, must be dealt with for real change to take place.

Union and covenant leading to peace and family must be legislated for strongly by releasing love, joy, hope and peace frequencies from a place of rest in limitless grace and unconditional love.

The world's political systems are going to come under extreme pressure as Our children begin to realise their futility and constant failures.

With an awakening to love comes a realisation of creational responsibility that will further weaken the economic and the governmental global control systems.

There will be protest movements that carry Our heart and they will be part of the process to awaken sonship responsibility within Our children.

The pathway of the tree of the knowledge of good and evil is inherently selfish. When creational responsibility replaces self-interest you will know that true new covenant lovingkindness will not be far behind.

The shifting and shaking of the global systems that are manmade will need an ongoing reality as the foundation of kingdom government emerges in true righteousness and mercy.

Son, support no political solutions; be the love counterculture leaven that will infiltrate the whole cosmic systems.

The future is both dark and bright as the transition from one age to the next continues but the dawn is about to break and the midday sun will shine to fully usher in the next age.

The restoration of all things agenda is only in its infancy but it is growing stronger as the four streams begin to converge and flow together.

The restoration of all things will be the focus of the outpouring of love and limitless grace of the next age and it will come to fruition and creation will be set free.

Son, the raising up of the Joshua generation to steward and administrate this transition by facilitating the harvest is a key function.

The forerunner Joshuas, Enochs, Daniels and Josephs are beginning to emerge from the shadows and dungeons of obscurity to take their places to prepare the way of the Lord.

Son, the mountains of opposition will come down, the valleys will be lifted up, the crooked places will become straight and the rough places smooth; so persevere and do not get discouraged by opposition.

The Joshua generation will need to be bold, strong and courageous to bring the next generation into their inheritance of Union, Covenant, Peace and Family and live beyond the veil.

The Engaging God programme must be ready to be fully unveiled to equip the Joshua generation to sonship and the restoration of all things mandate.

Legislate for the Engaging God programme to greatly increase its influence and membership as more and more of Our children look to leave the wilderness of religion and church.

1st October 2020

In an ascension group we engaged a circle in the Council of the Fathers where YHVH was standing in the centre, holding a crystal sceptre that had the 4 faces of God, Lion, Ox, Eagle, Man, as its headpiece.

4 angels, Union, Liberty, Limitless, and Blessing, came and stood aligned to the 4 compass points and the 4 faces of God.

Union (North) aligned with the Man face, Liberty (East) aligned with Lion, Limitless (South) aligned with Ox, and Blessing (West) aligned with the Eagle.

As we aligned with a face that we gravitated towards, we were given a mantle with the image of one of the faces and the angel's name woven into it, a crown with 24 gemstones and a crystal sceptre.

This was a commissioning and we were invited to join the earth shield to participate in protecting the earth from external influences during the transition period between ages.

We were joined together in union and positioned where we could see specific areas of the atmosphere that we had access to and responsibility for.

There are other activations to encounter in this council in the future.

In another restoration government engagement, several saw a circle with a mosaic-like floor of circles.

There were dimensional beings in a circle around us protecting us that were large and majestic in appearance.

The beings may have been connected to the solar system and the planets and there was a symbolic cog present that we legislated into by decreeing freedom from time limitations.

There was a mist of golden creative light, the Quantum Lumens living particles, that were seeding the cosmos for change.

I engaged in a circle that was dimensionally connected to inner and outer circles; the Father was in the centre with the crystal sceptre with a head of the 4 faces of God.

The 4 angels came Union, Liberty, Limitless and Blessing stood on cogs at the 4 compass points in the positions of the 4 living creatures.

Union: North, Man

Liberty: East, Lion

Limitless: South, Ox

Blessing: West, Eagle.

There were 12 cogs altogether, arranged along the pyramid base sides in groups of three and four, all connected to the centre cog.

The 12 cogs represented the 12 constellations positioned around the circle of the deep and are connected to the different circle dimensions.

The 12 High Chancellors' Houses is one dimensional circle, the 12 Ambassadors of the ages is another dimensional circle and the Constellations another circle, wheels within wheels within wheels.

Perhaps the circle of dimensional guardian beings is connected to the solar system and is another interconnected circle that needs alignment.

We were invited to connect to an angel's position around the Father and as we gravitated to a position aligned with one of the 4 faces we were each given a crystal sceptre, a mantle with the image of one of the 4 faces and the name of the angel woven into it and a crown of 24 gemstones.

Using our position of authority as sons we could to align the constellations around the circle of the deep that each cog represented to change the time and the seasons.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God: YHWH.

Breathe in deeply and exhale slowly: Yod.

Breathe in: Hei; and out: Vav.

Repeat in Hei, out Yod, in Hei, and out Vav...

Be still and know that I am God.
