

VISION DESTINY 2021 20

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in 2020

What God did in 2020

What does that mean for 2021?

5 October

Son, the frequency of sonship is beginning to reach the dimensions and hope is rising for restoration.

Son, be persistent and be diligent to ensure that the message of hope contained within the Oracles of Our heart is broadcast.

The world and earth are going through the birthing pangs of the transition to the next age and the shifting and shaking that this is producing will increase.

It is vital that the earth shield is strengthened and the love frequencies maintained to guard and protect this process.

Restoration government must be expanded and positioned strategically to legislate during this process.

The weakening of the global control systems and those behind them is beginning to be seen but there must be kingdom government to replace them.

The restoration of all things agenda must provide this government to facilitate peaceful transition out of the old and into the new.

A golden age of union and blessing will rise from the ashes of the old to propel the restoration of all things message into the mainstream.

A global awakening of true unconditional love consciousness will drive the wellbeing economy into global acceptance.

Division, Competition, Conflict and Tribalism will be brought into the light of consciousness and protest will be the seed bed for covenant and family.

The next age will be a golden age of Union, Limitless, Blessing and Liberty as Our children and the earth unite in restored relationship.

Creation's freedom will be the agenda for the next age, with revolutionary discoveries moving mankind from the survival mode of the DIY tree to the abundance of limitlessness found in the Tree of Life.

As Our children become sons they will take their eyes off their own needs to focus their attention on restoring creation itself.

There will be exploration of the dimensions of the cosmos that will unveil the centrality of the earth and mankind to creation's restoration.

Son, align the 12 High Chancellors' Houses for the opening of the House of Discoveries to release next age revelation and knowledge.

VISION DESTINY 2021 20

I call for the Precepts, Statutes and Laws to align with the Ordinances to open up the windows of heaven for mantles, and weapons to open and release the scrolls for the commissioning of the age of discoveries.

As an Ambassador for the Joshua Generation and the restoration of all things I petitioned the Council of 70 for the wheels within wheels within wheels to turn to align the Circle of the Deep for the discoveries of the next age to begin to be released.

The edict was made and the Court of the Fathers convened with the full circle of 48 around the Father to commission the next age government.
24 elders and 24 cloud of witnesses, 12 from the old and 12 from the new, representing one new man in Christ.

The cogs turned slowly into alignment and the Ambassadors of the Ages released the legislation to facilitate the change of seasons to gather pace.
Son, continue to legislate and administrate love as only a love awakening can bring a peaceful transition

6th October 2020

Son, come let's walk together in the garden of your heart.

We went to my secret place and I sat on my swing; the Father gently pushed me and He said, "look at the tapestries".

I saw there were more tapestries than before: these new ones represented the multidimensional reality that I am living.
There was a picture for each set of functions where I live in a quantum moment that has become the reality of my existence.

Son, you have tended and cultivated this place well and the intimacy of rest can be truly enjoyed but there is still more expansion needed for a full creational reality.
Remember when we first engaged here before you were even aware of a garden?
Yes, it was special.

Now in 10 years you are abiding in the garden of My heart as I abide in yours but you need to realise the creative potential you have.
This is the cradle of your life as a son who will become an ascended father made in the image and likeness of I am that I am.

Son, learn to brood here as you have in My heart. Be inspired to be creative so your imagination can be expanded to match your heavenly consciousness.
Son, there are infinite quantum moments here that you can brood into reality created from the light of your being.

Rejoice in your being and be filled with joy unspeakable, full of your creative glory, as that will be your strength.
This is where you can truly see who you are as you engage My face in deep intimacy within yourself.

VISION DESTINY 2021 20

This is another wheel within a wheel that is capable of amazing creativity when you learn to align your 12 houses.

Yes, son, you have a circle of the deep within you with 12 houses that are a fractal of the chancellors' houses, as you are a Chancellor.

Son, the Merkabah has many more dimensions to it that you will discover as you learn to creatively brood here.

I could see it now, the connections within that reflect the heart of God and the creative process.

The Merkabah being the point of connection between dimensions, where everything can be in perfect harmony and balance.

I pondered and mused in that quantum moment and infinite possibilities of creative realities streamed before me.

I felt completely at rest, knowing that I am within the Father and the Father is within me, even when faced with infinite choices.

I was overflowing in the joy set before me, rejoicing as I pondered the creative potential.

7 October

Son, you are destined to be, yes, to just be; but 'to be' has so much more than you can presently imagine or think.

To be loved unconditionally.

To be filled with unspeakable joy and full of glory.

To be at rest.

To be at peace.

To be content.

To be satisfied.

To be fulfilled.

To be whole.

To be immortal.

To be creative.

To be one.

To be in union.

To be perfected.

To be one spirit with God.

To be in I am that I am.

To be seated in heavenly places.

To be in the quantum moment.

To be in multidimensional realms.

To be limitless and unrestricted.

To be abundant and overflowing.

To be free to be, see, know, do and go.

To be all you are destined to be.

To be a convergence of time and eternity.

To be a chancellor.

To be an ambassador.

To be a king and a son.

To be an ascended father.

To be in the name of YHVH.

To be of the order of Melchizedek.

To be a priest, king, oracle and legislator.

To be enthroned in the heavenly realms.

To be beyond beyond.

To be in the heart of God

To be reconciled, renewed and restored.

To be called, chosen, justified and glorified.

To be safe and secure in the Father's arms of love.

To be who I am says I am.

To be, to be, to be.

Son, this is just a small glimpse of what it is to be and there is still so much more to be unveiled.

Rest in being.

Rejoice in being.

Revel in being.

Son, to be is past, present and future simultaneously.

Son, to be all in all.

Son, the restoration of all things is the restoration of being.

Son, enjoy being.

12 October

Son, it is time to mobilise the Joshua Generation to action: prepare for limitless grace demonstrations.

The global awakening to the conscious reality of who We truly are is beginning to take place, so look for the signs of more global figures coming out.

This new reality begins with the household of God coming to a realisation that they have been controlled by the religious and political spirit.

They are controlled by the accuser's Luciferian agenda.

Lucifer is a symbol of enlightenment, independence and human progression and is often used interchangeably with similar figures from ancient beliefs, such as the Greek Titan, Prometheus or the Jewish Talmudic figure, Lilith.

The basis of Luciferian philosophy cultivates and encourages individuality, self-determined choices based on strategic application and continually seeking to enhance the will via overcoming challenges.

VISION DESTINY 2021 20

This system of belief is the outworking of all the DIY independence of the tree of the knowledge of good and evil path.

Using the political, religious and economic systems to achieve its humanistic goals of self-rule.

The false doctrines of those spirits that have infiltrated the beliefs of so many are being exposed and the link to the Hebrew roots movement is about to be challenged.

Son, as you know, Our heart is to honour; so maintain love for those who are deceived during this process.

Things that are hidden in darkness are going to come into the light of love and limitless grace and will be scandalised and exposed.

The futility of man's agendas will become apparent as failure after failure will be exposed and the ideologies and isms will fail.

The end of the old is the beginning of the new, so legislate for the transition to be peaceful and hopeful.

Son, come into the realm of light in perfection and be to see the perfect state of Our desires and intentions.

Immediately as I entered the dark cloud and came into the light of truth I was drawn to one facet of His wondrous face.

The glorious splendour and majesty of pure perfection overwhelmed me in I amness: all was as it should have always been.

The rest of love, joy and peace cocooned me as my reality was immersed in well-being; this was deeper than I had ever been into the reality of who I am that I am truly is.

I was just being as I absorbed the light of truth to be who I was always meant to be in a reality that was always intended to be.

Son, you will soon engage the fire stones once more for the next season of change and transformation to be revealed.

Embrace the fire for the joy set before you, full of hope and glory, so creation can respond to the light of the rising of Our children to sonship.

Son, there will be signs in the heavens and the earth that will be clear pointers that you will recognise as significant that others might miss, so be diligent and vigilant.

With great change comes great opposition so be careful to maintain honour in love to those who resist the challenges to deception.

Rest in the light of perfection and learn to be.

13 October

Son, the Truth will reveal the truth; be careful who you share the revelation about the global deception with.

For some it will come too soon in their journey of deconstruction to handle and they will default to many old positions in defence of what they believe is incontrovertible truth.

For some this revelation will come at the right time and their eyes will be open to accept the reality that the whole world has been hoodwinked into accepting the deception of history itself.

This exposing of the great deception is part of the process to remove global economic, religious, media and political systems behind this great conspiracy.

The spirit of independence behind the religious and political spirit about which Jesus warned the early church has infiltrated all the man-made systems and now controls them all.

The great global awakening of love consciousness will challenge the control of the political and religious systems and media manipulation to expose the agendas behind them.

Son, only the Kingdom of God cannot be shaken and it is the government of peace that is increasing to replace the DIY solutions and false mountains of all humanistic culture.

The mountain of the house of the Lord that is rising.

Beware the leaven of the Hebraic roots movement, which has infiltrated the mystic movement, as it will resist the exposure of its hidden and deceptive links to both Zionism and Marxism.

The political right and left are unaware of their economic and religious roots in the false religion of Talmudic Judaism that has an agenda for world domination and control.

Son, your mandate is to reveal the eschatological deception of dispensationalism and Zionism and its links to mixed covenant theology.

The pollution of the new with the old is your message so Our children can be set free from the deception of the law that has infiltrated the New covenant.

The hidden links between the Hebraic roots Zionist agenda and the economic control systems must be exposed and brought into the light of truth.

Son, only limitless grace revelation can bring those deceptions into the light of truth.

The economic control systems are in partnership with the Zionist-controlled media, who are behind both the left and right of the political systems.

The hidden agenda behind it all is to bring the whole world, cosmos and dimensions under the control of the Luciferian darkness of theonomy.

This is the perversion, pollution and mixture of the new with the old.

Theonomy, from theos (god) and nomos (law), is a hypothetical form of government in which society is ruled by divine law. Theonomists hold that divine law, including the judicial laws of the Old Testament, should be observed by modern societies.

The greatest deception is that all will think they are following the light when in reality they are being hoodwinked into following the darkness.

Son, legislate for the exposure of the great deception and for the safety of those who will be bringing this into the light of truth.

VISION DESTINY 2021 20

14th October 2020

Son, to expose the lies and deception of the religious and political spirit there must also be the revealing of the truth of the true nature of Our kingdom and its governmental purpose.

Only an awakening of all consciousness throughout all the dimensions to Our true character and nature will expose the deception that is bondage.

It is only limitless grace and unconditional love in light that have the power to remove the darkness of deception.

The religious and political systems have so successfully deceived the world that they celebrate as victory what in fact was defeat.

The whole of history has been distorted, to make lies the truth and the truth lies, by the economic-led media systems so that their narratives keep people deceived.

Son, you will find that little of what you have been taught in history is really the truth: it has been spun to fit the DIY tree agenda.

When the truth comes into the light, many will still not believe it as much of their life's agenda has been driven to follow the wrong path.

Legislate for limitless grace to be released to prepare hearts and minds for the shock that is coming. Only experiencing unconditional love first hand will be enough to create the environment where hatred can be turned to love.

Remember that We do love the world and that We came in person to demonstrate that.

Our children must release such unconditional love into the world that it awakens Our children from their induced deceptive sleep.

Only great shaking can reveal that darkness has been perceived as light and light as darkness within so much of history and that has twisted the perception of Our very nature.

Our righteousness and justice has been perverted to mean negative judgment and retributive justice rather than restorative.

The restoration of all things message must become mainstream to prepare for Our children's lives to be transformed from darkness to light.

When the light of the world shone with truth, men loved darkness so they rejected the light.

So love's light must shine through Our sons with such brilliance that the truth will be accepted and received.

Son, do not underestimated the power of the restoration of all things message to reveal the truth of unconditional love expressed as limitless grace.

The glory of sonship has the power to bring freedom to the whole of creation only when Our sons truly know who they are because they know who We are.

The restoration of all things message has the power to reveal the truth, even when the world is covered in the deep darkness of deception.

Son, shine brightly as an Ambassador of the restoration of all things, with love's light and truth.

VISION DESTINY 2021 20

15th October 2020

Son, rest in the knowledge of the truth of who We are as love and who you are a son of love's light. Arise and shine: it is time for you to be revealed in the light of truth to expose the works of darkness that are keeping Our children deceived.

Son, your mandate is to focus on being the light, not on exposing darkness; so be positive, not negative, and let the light do its work.

The truth will always win out in the end because it is the light and its frequency will be higher and will entrain all the lower frequency lies into its light.

As the truth is spoken the light is released and resonance begins to take place but make sure the truth is motivated and released in love or it will not have sufficient light.

The truth spoken in anger, vengeance, fear or any other negative emotion carries no light and will bring no entrainment to light but only entrenches darkness.

The motive of truth must be lovingkindness, not self-righteousness; it is not about winning an argument or proving a point but freeing a person from deception.

Son, the truth that you know from face to face, heart to heart encounters when released in love will bring freedom but intellectual knowledge will just cause arguments and conflict.

Releasing intellectual knowledge, even if it is true, will only divide and cause more conflict and tribalism, so only release revelation that is directly from Our heart.

The spirit of truth is love and is the way that brings light and life and not darkness and destruction. The objective of speaking the truth in love is to build up, not pull down; so ensure love is always at the heart of what you release.

When you legislate for the truth to be revealed, always do so with compassion for those who are living in the deception of lies, as they think what they believe is the truth.

Always legislate with love for people, not for facts or results; as the end never justifies the means if Our children are damaged in the process.

Always seek Our heart of love and compassion before radiating the light of truth to bring freedom from deception.

Son, this mandate will not be easy, so brood over it, motivated from the realm of light in the Cradle of Life, until love fills every part of the process.

The Quantum Lumens will not be activated by anything other than pure love, so take whatever time is needed to be motivated by the purity of Our heart.

Arise and shine with love's light as sons of light and truth to be the catalysts for freedom from the global deceptions of the religious and political spirit agendas.

20th October 2020

Son, you will need to trust Us during the season ahead as the opposition against you will increase and many will walk away and reject you.

Your journey towards the restoration of all things must take you on this path to expose the great deception that is behind the political and religious spirit agendas.

The control systems of media, economy, politics and religion will be brought into the light of truth but many who have invested heavily will struggle to accept the truth.

The religious agendas of the Hebrew roots movement are hidden to those who are unwittingly leading people into bondage.

The religious and political spirit that has infiltrated the church systems has deceived many to create division by becoming political.

The truth is that behind the political agendas of the left and right is the Luciferian religious spirit also masquerading behind all false religions, including Islam and Judaism.

The communistic left Marxist agendas and the far right Zionist agendas are supported by the Talmudic Jewish-controlled media and bankers who fuel the conflicts to create division in both the religious and political systems.

The deception of the futurist eschatology of dispensationalism that has created the doctrine of Christian Zionism has divided the one new man in Christ into an earthly and a heavenly people. There is and has only ever been one people of God.

One world government based on Talmudic Judaism is the mask of the Luciferian agenda that is the counterfeit Kingdom.

Son, exposing this deception will create huge waves of opposition from those who have bought into the lies of Hebrew roots.

The Hebrew Roots Movement revealed that God had foreordained four major moves for the 20th century: Pentecostalism, Faith healing, the Charismatic Movement and finally the Hebrew Roots Movement.

In this false prophecy, the Hebrew Roots Movement is the 'final stage of empowerment' before Christ returns.

Stand firm, do not waver, as I will shine the light of truth to expose the agendas of the religious spirit behind the return to following Jewish festivals, dates and culture.

This is such mixture of covenants and is causing so much confusion.

My people are being led astray into coming back under an obsolete covenantal system of law-based mentality that focuses on the types and shadows that were only meant to point to the full new covenant fulfilment that Jesus is mediating.

All the promises of the types and shadows are now fully realised in Jesus, the mediator of a better covenant.

2 Cor 1:20 For as many as are the promises of God, in Him they are yes; therefore also through Him is our Amen to the glory of God through us.

2 Cor 1:20 (Mirror)

In him the detail of every single promise of God is fulfilled; Jesus is God's yes to your total well being! In our union with him the Amen that echoes in us gives evidence to his glorious intent through us.

This deception is linked to the political spirit's Zionist agenda of the right and the Marxist agenda of the left to maintain the control of this Talmudic Jewish economic system that thrives on division and conflict.

Son, trust us and do not be afraid to continue legislating for the great shift to bring the deception into the light of the truth.

Many of those teaching Hebrew roots theology do not know the political and religious spirit agendas influencing them, as they are deceived, but they are putting many of Our sons back under bondage.

Son, this mandate that I have given you and others will generate much opposition and accusation but you must keep a loving and forgiving heart that honours and respects those who reject you.

History has been hoodwinked by this agenda to keep the real truth of who is behind all the counterfeit systems of religion and politics hidden.

The Talmudic Jewish-controlled media has created its own version of history to hide the truth of the satanic Luciferian agenda at work that has been behind all one world government empires.

Son, the Kingdom of God is the only solution to the global false systems that must be shaken and removed. Only an awakening of global consciousness to unconditional love and limitless grace that will reveal who We really are can expose the great deception.

Only love will win as it is pure truth and only the shining of love's light has the power to remove religious and political spirit inspired deception.

Arise and shine with the light of love into the deep darkness that covers the earth to unveil the truth and we will be with you.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God: YHVH.

Breathe in deeply and exhale slowly: Yod.

Breathe in: Hei; and out: Vav.

Repeat in Hei, out Yod, in Hei, and out Vav.

Be still and know that I am God.

I am love, I am joy, I am peace.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place

Start to think of an open heaven and set your desire upon engaging wherever the Father takes you.
