

VISION DESTINY 2021 22

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in 2020

What God did in 2020

What does that mean for 2021?

3rd November 2020

Son, many are under the influence of the political and religious spirit and are being targeted to get them to back off the restoration of all things agenda.

Reach out to those you know who are succumbing to pressure and encourage them to press on, not go back.

The hardest time is always when you are about to break through; that is the time to trust Us and stand firm.

The dawn is about to break and light is about to shine brightly so resist the pressure to withdraw as the great deception is about to be exposed.

Son, be very careful at this crucial time as the activity of the religious and political spirit is strong to keep the deception in place.

There will be a barrage of false information and news to confuse and distract those who are being prepared for freedom and deconstruction.

The process of deconstruction is hard for those who think they have reputations to lose.

Son, engage the cloud for direct information so you will not be influenced by the media control systems who are behind the deception.

The political and religious spirit is just the front for the Luciferian independent agenda.

I went into the court of the upright and sought out Jacob and asked if he was able to direct me to talk to the right people.

Abraham came forward and addressed me directly about the source of the deceptions.

Many of the deceptions that are taking place are done in my name by Zionists and others.

I saw the heavenly city whose foundations and designer was our Father and I was never looking for an earthly country or city.

Those behind the one earthly nation and one city were the same influencers that were behind Babel and the Babylonian system that creates division and conflict in the name of unity.

Son, anti-Semitism is a myth created by those whose agenda is a supreme master race to rule the world and have control over all other people.

All the political and religious agendas of Talmudic Judaism are rooted in the Luciferian Babel desire to make a name for themselves to challenge the name of YHVH.

They have created a false system using the name of YHVH that has even deceived many of the sons into believing a Zionist lie.

Let me introduce you to those who can give you first hand testimony that will give you insight into the deception.

One by one they came forward and each testified of the great deception, right back to Babel, through to the Exodus and throughout history: prophets, priests, and kings who were behind the empires.

Those who were behind the deceptions of empire, national supremacy, one world government and the systems of religious law-based legalistic and sacrificial systems to control people revealed the Luciferian agenda of the political and religious spirit.

Then those who used economics to control the wars and conflicts throughout history revealed their agendas and motivations.

Those who used the political systems to control and force religious observance.

Constantine's deception

The canon of scripture; the Bible deception.

Priesthood and laity division and deception.

Christendom, Crusades and Inquisitions etc.

Papal states, Islamic states, Atheistic states.

The Talmudic Judaistic roots of Bolshevism

The Brethren roots of the poisonous tree of dispensationalism.

They shared how they always used persecution to gain sympathy and cause distractions to keep the deception hidden.

The bankers, warmongers, arms dealers and Freemasons shared their stories as they had been part of the great deception; but along with their confessions was also their gratitude that limitless grace had removed their guilt and shame.

Those behind the holocaust also shared that persecution had been spun to create a false narrative in history to hide the Jewish roots of Marxism and Communism and its agenda for world dominion through the political and religious spirit .

I asked if I could see the main players of modern history, those behind the Second World War.

Not all of those are here, Abraham said, some are still resisting in the fire.

I was surprised as I had previously engaged some in the fire.

Hitler came forward and I asked him many questions relating to his motives and the treatment of the Jewish people.

He confirmed that he never wanted war and that he had tried for peace many times and that his motive was to protect Germany and Europe from the Communist threat.

He accepted that many had done terrible things in his name but confirmed that there was no final solution to wipe out the Jewish race.

He affirmed that Germany was responsible for the return of many Jewish people to Palestine and that was the final solution.

He said that it was the Bolshevik Jewish influence financed by Jewish bankers that he was seeking to resist and that Russians and Jews had served with Germans in their cause.

He also apologised for those who had their own racist agendas.

VISION DESTINY 2021 22

I asked to see Churchill, Stalin and FD Roosevelt but was told that they were still resisting love in the fire.

I asked the Father if I had a mandate to engage them but He said no and that I would have to trust Him about revealing the great deception.

I was disappointed and wanted to know the truth of whom and what was behind the Second World War but He said that I already knew enough to expose the great deception.

Son, you know the truth deep down in your heart so do not be afraid, be bold and courageous and stand firm.

4th November 2020

Son, love wins over all as all is included in I am that I am.

Love is inclusive and no one or nothing that We have created is excluded from Our love.

You know this to be the truth so press on with your task.

Nothing and no one can ever be separated from love; even those who reject Us and Our love are not rejected by Us as Love never fails and love never gives up.

We can never be anything other than the light of love even the consuming fire is love.

Love conquers all as it is relentless in its pursuit of all because love is unconditionally applied to all.

Love forgives all things, reconciles all things and restores all things because love is expressed through limitless grace and mercy.

Love keeps no record of wrongs as all trespasses, iniquity and sin has been placed as far as the East is from the West from before the foundation of the world.

The victory of love on the cross over death and separation was just the inevitable consequence of what has always been Our desire.

Grace is limitless; it is eternal and reaches throughout all time and space to restore all things to a love relationship.

Son, focus your attention on love as the great deception is exposed to the light as there will be much conflict and many will fight to keep the lies they have always been deceived by.

Keep demonstrating love to those who reject you because love wins and reveals the truth in the end.

The power of love has defeated death itself and all separation is an illusion perpetrated by a deceived unrenewed mind.

The frequency of life that love carries will eventually entrain all into resonant agreement so all will be able to live in the light of love.

Love is who We are and Our desire will be fulfilled for the restoration of all into union and oneness.

Son, it is time for Our sons to arise and shine love's light to expose and removed the darkness of deception with the truth.

I am that I am is the way, the truth and the light of life; that will be revealed to all and in all.

Restoration government engagement 4th November.

I engaged the realm of light to engage the Father's heart and with each statement made by the group a burst of light energy at a very high frequency level came from the Father.

I absorbed reach pulse becoming filled with so much light energy that I was luminescent with love and truth.

I could see into the earth from the light of the earth shield, which was shining and pulsating with the light energy of the Quantum Lumens that were connecting those participating with strands of light.

I could see dark areas in the earth and the atmosphere where there was an absence of light, a void in the atmosphere around the earth, and from those voids black tendrils went into the earth. It was like a web of deceit woven into human consciousness.

Each tendril connected to creation – the seas, the tectonic plates, under the earth, the core of the earth, the land – keeping it all in bondage.

A great deception affecting all of creation but hope is rising.

Those voids were keeping people in darkness and deception but then I began to pulsate with the light I had absorbed and the dark tendrils were transformed and became like fibre optic cables with light traveling from the earth shield into creation.

The light of love was penetrating the darkness with the Truth to awaken the children of God to their identity and to their connection with creation which has been hidden from them.

Son, the light of truth is being released into the darkness to expose the deception that keeps Our children from their inheritance of sonship.

The same darkness keeps Our sons entangled with the agendas of the religious and political spirit that controls global affairs.

The truth must shine brightly so the light can penetrate the deceptions of legalistic doctrines and theologies that keep Our sons tied to the old covenant systems associated with all things to do with the Hebrew roots movements.

They are deceived into seeking the truth from understanding the Hebrew language, culture, mystical writings, festivals, calendar, types and shadows and oral traditions rather than seeking the truth revealed by the Truth directly face to face.

This deception is hoodwinking so many in the mystic tradition who are becoming entangled with the old when the fulfilment in the new has already come.

It is finished: there is no other mediator necessary; Jesus is all in all.

This mixing of covenants is responsible for Zionism, Christian Zionism and the Messianic Christian movements who are denying the truth of the one new man in Christ that already exists.

The new creation one new man is not a mixture old and new.

Those Hebrew rooted movements are rebuilding the walls and partitions that We have torn down by creating two separated people under the names earthly and heavenly, spiritual and physical people.

There is no longer any Jew or Gentile, male or female or any other separation or distinction within the new covenant; that has fulfilled and superseded all other covenants.

All of our promises are fulfilled in Jesus and freely applied to the new creation.

VISION DESTINY 2021 22

Son, you know that anything that divides and separates, creating duality, is not designed or orchestrated by Us but is the agenda that is behind division, competition, conflict and tribalism.

Arise, shine with love's light and truth to expose the great deception that is entangling so many, so they can be free.

Resist the intimidation and accusations from those opposing the truth by resting in Our love

9th November 2020

Son, Our desire is that all Our children hear Our voice and know Our heart in a face to face relationship but so many who profess to know Us have no such expectation.

So many believe that We only speak through the Bible or others so have no experience of hearing Our voice and hardly recognise it.

Son, so many do not know who We really are so they are easily deceived or misled by the so-called prophetic voices who claim to know Us.

To expose the great deception, We have to reveal Our true identity as love so Our children will stop believing all they hear from so-called prophets.

Love is the plumb line and filter through which to determine what is the truth and to discern if it is truly Us who are speaking.

The religious and political spirits' agenda is to misrepresent who We are by stereotyping Us as being angry, judgmental and needing to be appeased by works that are dead.

There is no life in sacrifice, duty, obligation and fear-driven obedience: those works are dead.

It is easy to politicise religion with the wrong view of who We are and this has created division and conflict in democracy.

Son, as you know We are not partisan and We support no political ideology as they all are sourced in the DIY tree path.

We work within all systems to bring good but that does not mean that We endorse any, as is being claimed and promoted by the current situation in the USA and other countries.

No political system or ideology has any greater merit to Us.

When the so-called prophets get it wrong and become the voices of the political systems, they are the puppets of the religious and political spirits' agenda.

They may be sincere but they are being deceived and used for a deeper agenda.

The politicising of religion has opened up many to deception and the exposing of those situations is part of the shifting and shaking that is taking place.

We desire to break the dependence of so many on the prophecies of others by exposing their lack of discernment and gullibility.

Ezek 14:4 Therefore speak to them and tell them, "This is what the Lord God says: 'Anyone of the house of Israel who sets up his idols in his heart, puts in front of his face the stumbling block of his wrongdoing, and then comes to the prophet, I the Lord will let Myself answer him in the matter in view of the multitude of his idols.'"

VISION DESTINY 2021 22

Many have been manipulated by the political spirit through false or partial prophecies so that they are unable to admit they have been wrong and will just become drawn deeper into the conspiracies. So show love and mercy to those living under the deception.

Son, legislate for the light of truth to shine brightly to expose the affiliations of Our children to the agendas of the religious and political spirits.

Do not get frustrated and disappointed by those who resist the changes and live in denial.

Son, true prophetic ministry encourages people to learn to hear Our voice for themselves and does not use so-called prophecy to influence people how to vote or who to support politically or spiritually.

The politicising of the prophetic movement is being exposed and those who have fallen prey to its influence will have an opportunity to be set free.

Son, Our agenda is a love awakening to shift global consciousness to a sonship and creational reality.

Son, do not get publicly embroiled in the political controversy but speak the truth when asked with lovingkindness.

There will be many more shakings needed to expose the great deception for some who have supported the futurist Zionist and Hebrew roots agendas.

Keep legislating and governing for a peaceful transition into the next age of limitless grace and enlightenment.

Son, let the light of love shine with truth so keep living loved, loving living and living loving.

10th November 2020

Son, you are positioned multidimensionally in sonship to fulfil your destiny mandate towards creation.

I am just beginning to understand and appreciate the implications of this truth.

You are mandated to equip others to find and fulfil their destinies by being a forerunner of multidimensional living to encourage them to become limitless.

The truth must be known by experience not intellect.

All restrictions and limitations must be removed and all consciousness expanded so Our children can be who We intended them to be.

Call forth their identities through love, not conflict and confrontation.

Ascending to awakened levels of consciousness, enlightened to the reality of mature sonship will be the state of being that all Our children will attain as they learn to rest in their being.

Creation is waiting, longing for Our children to be revealed in their glorious sonship so it can be set free from the imposed restrictions that tie it to decay and entropy.

The expansion of creation is commensurate to the maturity of Our children and their being positioned multidimensionally in governmental authority.

Be an example of unconditional loving authority.

VISION DESTINY 2021 22

The level of authority Our children carry is proportional to the knowledge of their identity and the development of their character in love.

Dealing with conflict is where true character is developed.

Love unconditionally.

The next age of ascension will bring the reality of multidimensional living to many more of Our children as they become awakened to love and begin to discover their true identity as sons.

This awakening will need to take place within and without the church systems to liberate and unify Our children in honour and love.

The old loyalties and ties with the old systems will have to be broken for union to be established in relationship.

The deception and curse of limited grace will be broken so limitless grace can be manifested.

The deceptions of the old must be replaced by the truth of the new for Our Sons to be able to choose a reality aligned to Our heart and purpose.

Only those who know Our heart of love can choose from all of the possibilities to form true reality.

Son, do not get drawn into a civil war as that will entrench the old and limit progress but rather be a bridge between the divides that will keep union possible.

Open the dialogue and have the conversations in love.

Love will win: however long it takes to expose the lies to reveal the truth, it will never relent or fail in its desire for restored union.

Son, keep love as your focus with everything that will take place around the exposing of the great deception.

The agenda of independence to create a name for itself, that is behind the religious and political spirit that has infiltrated and infested the church systems with lies that are now accepted and seen as truth, will be exposed.

The light of truth is beginning to shine and the sound of love's frequency is beginning to resonate so that many of Our children are now being drawn out of darkness into the light.

The glorious light of sonship is emerging from the darkness of deception to reveal love's light to a lost and hopeless humanity.

The great deception of everything that is rooted in the false knowledge of the DIY tree is coming to light.

Hope is rising throughout the dimensions and the restoration of all things frequency is intensifying as the light of love is bursting forth from under the blanket of darkness and deception that has kept it hidden.

The truth of love will triumph as love has won and love is winning and love will win because I am that I am is love.

Love is sovereign and rules; it has the power of the light of truth to enable it to eventually effectually overcome every obstacle and hindrance to restored union.

VISION DESTINY 2021 22

Love is relentless in its pursuit of restored relationship and union between God and man and man and creation.

The harmonious union of creation and creator will be restored through the power of unconditional love and limitless grace.

Son, when all around seems to be chaotic rest in the fact of restoration and stand firm against all opposition.

Love wins, so remain in love and be at rest by living loving, loving living and living loving.

11th November 2020

Son, the next age will be a season of unprecedented enlightenment in all areas of mankind's ascension to maturity as they are awakened to love and sonship.

There will be advances in all fields of human endeavour as Our children draw from the Tree of Life as their source.

With free energy sources, the wellbeing economy will replace the false god of GDP.

The abandonment of the source of the tree of the knowledge of good and evil will become evident during the transition between ages but this will only occur if there is a global awakening of consciousness to love.

The old political and religious orders manipulated by the great deception and fronted by the religious and political spirit will fight to maintain control.

It is vital that Our sons arise in their true identity and take their heavenly governmental positions to administrate the transition.

What is being seen in the natural realm of politics is just a reflection of what is happening spiritually where the principalities, powers and rulers are resisting restoration and transformation.

Overcome and subdue with unconditional love and limitless grace.

The Earth shield is getting stronger and more effective and the global control systems are weakening as restoration government is bringing kingdom dominion to the Earth.

Keep shining with love's light: expose the darkness to reveal the truth.

The web of deceit covering the Earth in darkness is being transformed into light and truth and the awakening is accelerating.

Son, engaging and dwelling in the realm of light in perfection to absorb and release the light of truth to expose the great deception is a key.

Transfigured sons of light, radiating love's light and truth through limitless grace, will bring peaceful transition; but it will need to be legislated for strongly.

Those perpetrating the deception will look to fight but do not engage.

There must be no warfare, just strong, effective governmental authority operating in the oracles of the Father's heart, demonstrating limitless grace.

Love conquers all; but not in battle but in forgiveness.

The Union, Liberty, Limitless, Blessing, Truth and Truth Protector angelic orders are at the disposal of the Earth shield to help overcome and subdue Division, Competition, Conflict, Tribalism and Deception who are controlled by the religious and political spirit Luciferian agenda.

Only by operating in the opposite spirit in love can Kingdom dominion replace the Babylonian Luciferian independent control systems that control global affairs.

Creation is waiting in anticipation, holding its breath for the revealing of mature sons to govern the transition from darkness to light.

The Moses generation mediatorial old Covenant systems being exposed, even in the mystic movement, must transition into the Joshua generation or they will be removed.

The Joshua generation must become free from the great deception behind the doctrines and theologies inspired by the religious and political spirit agendas.

The light of truth must shine the spotlight on futurist eschatology, mixed covenant theology, Hebrew roots theology, Zionism and its goal of Millennium Theonomy and expose the deception.

Son, this is your mandate, a mandate We have been preparing you for all your life, through all the cycles of the circle of the deep that have deconstructed and renewed your mind to expand your consciousness.

Embrace the challenge and be prepared to stand firm in love in the face of opposition and resistance as you expose the great deception of the Luciferian agenda.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God: YHVH.

Breathe in deeply and exhale slowly: Yod.

Breathe in: Hei, and out: Vav.

Repeat in Hei, out Yod, in Hei, and out Vav.

Be still and know that I am God.

I am love, I am joy, I am peace.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place

Start to think of an open heaven and set your desire upon engaging wherever the Father takes you.
