

## VISION DESTINY 2021 24

I am going to review some of the things that were key in 2020

I will share my journals; that will include:

What God said in 2020

What God did in 2020

What does that mean for 2021?

I am going to continue with the experiences I had on the 23rd November within the realm of light that I shared in the last session, when I released the light that I had absorbed.

That inspired me to legislate from the truth I had experienced.

I call those trapped in the deception of denial to embrace the reality of the truth, to receive mercy so they can humble themselves and not fight to hold on to the lies.

My thoughts were filled with mercy towards those who are still deceived.

Son, this is not the time to focus on the defeat that others will feel but in victory as the Kingdom advances with peace in this time of great shifting and shaking.

Focus on releasing union, liberty, limitless, blessing, truth and truth protector (angelic orders) to overcome division, competition, conflict, tribalism and deception (fallen angelic orders) by restoring them to the light.

I continued to brood in the Cradle of Life until I was bursting with the creative light of truth so the sound of many waters was amplified to excite the Quantum Lumens to form the reality I chose, for oneness aligned to the Father's heart.

I rejoiced in the reality of freedom from deception and restored truth and rested contented in the fulfilment of restoration.

This is the state of consciousness of resting: having seen the end and having no doubts or unbelief.

I had shifted out of the darkness of the old age deception into the light of truth of the next age, ready for the enlightenment of the outpouring of the living waters that is coming.

24th November 2020

Son, draw closer within I am that I am and feel Our heartbeat: sense the rhythm of peace and become in step.

Within the perichoresis of union my being rested in unconditional love, alive with limitless grace and filled with quantum possibilities.

Immediately I connected to all the multidimensional moments I am living in and yet remained perfectly at rest, overjoyed that my destiny was being fulfilled.

Son, as you move into a new season there are key places to abide in conscious rest.

The throne of grace, the realm of light deep within I am that I am, and I am that I am deep within you are the places that create the portal to abundant immortal life.

I remembered each encounter, planting them as seeds within the garden of my heart in a specific place that I created as a dwelling place within my heart.

## VISION DESTINY 2021 24

Son, learn to dwell and abide in the rest created by your expanded consciousness' ability to be, so that all the possibilities that form your reality will begin to expand and flow from there.

My mind went to where I am in the light of the Earth shield connected with light to the restoration governmental groups.

I looked into the Earth from the light of the shield in union but I could see from the perspective of being seated far above in the realm of perfection.

This was the throne for the new season. I had a new mantle, sceptre, crown and orb; and around me there were many lightning bolts of truth.

I saw the voids of deception more clearly in the atmosphere and saw black tendrils touching the earth.

I was aware that the deceptions were different on the individual voids:

Some, primitive primordial beliefs

And others, more sophisticated lies, woven into conspiracies designed to conceal the truth.

I hurled several lightning bolts of truth that had the power to reveal the truth and expose the deceptions, to begin with into the USA, UK, Europe and Russia.

I know that others will be called to focus on other areas

As I threw each bolt of truth, I imparted the frequency of my intention infused with unconditional love and limitless grace to open hearts and minds to the revelation that will free them from deception.

I saw the light begin to overwhelm the darkness of the voids restoring it into light and the black tendrils became like fibre optic cables pulsating with light that I knew was truth.

The voids were seeded with truth that slowly infiltrated and spread, like a truth virus infecting the darkness with light.

There would be no vaccine against the truth and the light would spread like the pandemic as it infected the darkness.

Son, this will be repeated by many others until the leaven of light has permeated the whole dough of creation but it will be a slow, steady process of continual kneading.

This is the role of the Earth shield: not just to protect but also to infect the darkness with light to bring about restoration.

I began to legislate for the light of truth to penetrate the darkness to expose the deceptions.

I call for the light of truth to penetrate the darkness to expose the deceptions veiling the minds of men.

I call for the light of love to penetrate the hard hearts of those who have rejected the religious God that is the product of the DIY tree.

I call for the light of peace to penetrate the hard hearts of those filled with anger, injustices, bitterness and resentment.

## VISION DESTINY 2021 24

I call for the light of truth to penetrate the hearts and minds of those who are controlled by the religious and/or political spirit Luciferian agendas.

I call for the light of love and truth to penetrate the hearts and minds of those who are deceived by or promote futurist eschatology, Zionism and Hebrew roots theology.

I call for the light of truth to penetrate the hearts and minds of those who are living in the false realities of conspiracy theories.

I call for the light of love and truth to penetrate the hearts and minds of those trapped in the deceptive reliance on the prophetic movement to hear God's voice.

25th November 2020

Son, come walk with me.

We stood by my first love gate as the river of life flowed out of heaven into my spirit.

Son, we are going to follow the flow of life that unifies spirit, soul and body so I can give you deeper insight into the oneness needed for maturity.

Drink deeply from the wells of salvation.

As I did, I became aware of the Spirit's presence and began to be overwhelmed with joy unspeakable and began to be filled with the glory of Jesus' presence as Son of God.

As I continued to drink, the love of the Father intoxicated me with a heady mix of love, joy and peace.

I had never drunk that deeply before, usually just focusing on the presence of God, Father, Son, and Spirit, and surrendering to their lordship.

Son, always drink deeply from the source of limitless grace and abundant life as it is your strength and will flow out of your spirit to bring an alignment with heaven.

I looked more intently at the construct of my spirit as I watched the river expand in me and out of me within me: this was a wonderfully weird sensation.

I felt more connectedness than ever before and I was aware of deeper flow as the river was dammed up in me, building up a greater force and energy, waiting to be released.

Then it flowed out in multiple streams, engaging all the gateways of my spirit simultaneously. It looked like how mercury flows until it collected together again and continued to flow through my worship gate.

We walked along the path of the river of living water as it entered the garden of my heart; following the flow of the river through the garden, past the dance floor, soaking room and bridal chamber; and I remembered the encounters of intimacy I had in those places.

Now everything felt more grown up but still with a childlike wonder as we continued to walk, until the river once again simultaneously engaged all my soul gates until it gathered and began to flow through my choice gate.

## VISION DESTINY 2021 24

As my spirit and soul were now in union, the energy and frequency of the river increased and I felt such an expectancy as we continued walking.

The river felt almost excited emotionally as the flow was now becoming focused as it entered the Merkabah that appeared like a three dimensional complex of geometric vortices.

The river was in, around, through seemingly picking up energy as it interacted with the spheres and portals like it was flowing and exploring each nook and cranny.

I wish I could draw or project what I was seeing and feeling as the power of that flow was being activated and activating.

It felt like I was broadcasting and receiving dimensional information as the river was flowing around the different components of the Merkabah.

The whole Merkabah was lit up with different energy frequencies that began to stream out towards the energy gates that connected soul and body within the core of my being.

As I watched, my consciousness was also actively engaged in communicating with the Merkabah and the gates began to activate.

I saw the flow, now more like light than water, activating my heart gate, like a turbine spinning with light; and then the crown and root similarly, before eye and sacral gates followed.

It was like watching a perpetual motion living machine, as energy was flowing in, around and through the gates and the Merkabah.

Son, now look at the Merkabah closely. As I did, I saw that within it was much more detail than was on the surface: there were layers and levels of complexity like wheels within wheels, all turning together.

This was beyond my capacity to fully understand but I did sense the multi-dimensional connections where I was dwelling in those realms within the portals but there was so much more.

I felt the connection to creation, the elements, Elementals, angelic dimensions, all alive, through the consciousness of my sonship.

Son, within you and through you there is access to all as all mankind is made in Our image and likeness to be like I am that I am.

Son, it is all about you within Us so you can be.

I felt the Father pause as if there was so much more that the word "be" encapsulated; like the word "be" was an eternal word that contains all knowledge.

The word be never ended but just continued to increase and expand: beeeeeeeeeeeeeeeee....."  
Never ending being.

30th November 2020

Son, the political spirit is using people's lack of discernment over so-called prophetic words to create division.

## VISION DESTINY 2021 24

The prophets are putting their trust in men and the political systems behind them rather than in Us, as they have been deceived by lies and conspiracies.

It is time to legislate to heal the divides and come into the union of heart that is needed for the Kingdom to be established.

Division is the hallmark of the political and religious spirit agendas, as it creates the competition and conflict that stirs tribalism so Our children have to live in a partisan world.

Son, it is time to seek first the kingdom and the righteousness that comes from identity in Us and come out of the deception that is creating animosity, delusional denial and projection.

Only the Kingdom of God will fill the Earth: there is no dualistic kingdom of light and dark that are fighting for control.

That deception is what is behind the political and religious spirit agendas that draw the religious institutions into warfare with a powerful enemy.

The only power and authority the Luciferian system has is deception and all those who are caught up in the conspiracies are hoodwinked into fighting a delusional invisible spiritual war.

They are deceived into spending more time looking for the schemes of their supposed enemies rather than Our loving desires for peace.

Son, if you refuse to fight there can be no war and the deception will be over, so just keep your eyes firmly fixed on Us to see the truth.

So many spend so much time fighting against their enemies that they become like them, operating in the same spirit of division and always in conflict.

Son, rest is the only way to live a victorious life: ruling and reigning in unconditional love and limitless grace.

Those deceived by the melodrama that the election has become will need mercy and compassion as they have to face the truth when all their delusions are exposed.

Many are addicted to conspiracies, caught up in the delusion of a battle of good versus evil that has deceived and distracted them from rest.

I am shaking My children free from their delusions and denial by exposing the politicisation of the prophetic movement.

The political and religious systems are part of the same Luciferian DIY tree deception that promotes humanism and independence.

No deceptive DIY systems can solve the problems that the world is facing as they created those problems in the first place.

Son, that is why We are calling the sons of God to arise and shine, take their places of identity and authority in the heavenly realms and legislate the victory that has always been won.

Spiritual warfare has always been a delusion that divides and separates through conflict and dualism.

## VISION DESTINY 2021 24

Son, seek first the kingdom, which is a government of peace and love and is a reflection of Our lovingkindness.

We are not at war: we are at peace, in rest. The victory of the cross was not through warfare but through forgiveness, reconciliation and restoration.

Only as Our children come into the knowledge of the truth about their identity and position as sons will they stop fighting and administer peace.

Son, this does not mean that you are to ignore the terrible things that are going on in the world but you must bring about the freedom of creation from such bondage by love, grace and mercy, not anger and aggression.

Love wins because love has already won: through forgiveness and self-sacrifice, not warfare. So administrate unconditional love and limitless grace.

Seek first Our Kingdom, not the Luciferian-inspired Babel system that is seeking a name for itself in independence.

Our Kingdom is the government of peace, not war.  
Jesus is the Prince of Peace, not the Prince of war.

When you are positioned above, seated in authority far above everything else, and everything is under your feet, there is no war, just the government of love which is the Kingdom of God that will fill the Earth and beyond.

1st December 2020

Son, We are the only true reality and therefore everything that operates independently from I am that I am is inherently a form of delusion.

All lies, therefore all deception, is a manifestation of independence from the Truth and is a false reality masquerading as truth.

Son, only from intimacy and face to face relationship can true reality be found: nothing else can be relied upon.

The source of all lies and deception is the source of independence; and that is still the Luciferian agenda, to divide and separate, creating conflict and denomination.

Son, we are light and love and everything that is not love's light is a lie and a deception, therefore weigh everything by that measure.

Only creative light can expose the lies and deception of independence which is the darkness of lost identity.

All who walk in independence live in the deception of lost identity and cannot know or discern the truth.

Son, as you dwell in the realm of light, in perfection, you will be able to discern the truth from the deceptions as you will know what is genuine.

You can only choose true reality from this place of light and love within Us, so dwell constantly in the light of truth.

## VISION DESTINY 2021 24

Son, as the year of great shaking draws to an end, the process of revealing the truth and exposing deception will continue to gather pace.

In 2021 there will be many more shakings that will expose the true foundation on which people's lives are built.

Everything that can be shaken will be shaken and only that founded on the Kingdom will remain.

These shakings are manifestations of limitless grace, expressing Our unconditional love, and are designed to release Our children from their delusions, to awaken from their nightmares, to discover the truth.

The cosmic awakening to love consciousness that reveals who We are will accelerate the restoration of all things desire of Our heart.

The four streams will continue to flow towards becoming one mighty river of restoration and you will come into contact with many more on the same journey.

There are some who are trying to escape from religion but have gone too far from the true light and now live in another kind of independent deception.

Call them back to the light to engage the mystic union that they have missed to rediscover their true purpose within Us.

There will be those who desire to remain in the delusion, living in denial and defending the lies vehemently: do not be drawn to engage in any conflict, just love unconditionally.

The conspiracies have to become more extreme for those who live in denial to maintain the delusion they are trapped in.

Conspiracies veil the truth and protect the lies; you cannot use human reasoning to expose them, only love's light has the power of revelation.

Son, do not humiliate those who fail to humble themselves and admit to themselves that they have been deceived, as they will need mercy and compassion.

They will need to be lovingly reprogrammed as their whole life's purpose will be exposed as a lie and that will be hard to accept.

Everyone is deceived to some degree but some know it and embrace deconstruction and renewal and others resist it because their identity is tied to their delusion.

Son, there will be more deconstruction for you to go through – but you know you are loved unconditionally, so this will not be as hard for you as it will be for others, so have patience and show mercy.

The great deception is hidden under layers of conspiracy and fire walls of lies that keeps it hidden but the walls are beginning to be penetrated by the light of truth.

Challenging the global systems that control culture and world affairs will inevitably lead to more exposing of the deceptions that have protected them from discovery thus far.

## VISION DESTINY 2021 24

Your mandate is to continue to reveal the truth in love by dwelling in the light of perfection, where you continue to absorb the light of truth.

Release the light of truth that you have absorbed in love.

The dismantling of the old age belief systems and control systems of the religious and political spirit will continue during this transition.

The old age apostolic and prophetic movements will have to give way to the true government of the order of Melchizedek that converge heaven and earth.

The windows of heaven, that form when the heavenly royal priesthood lay earthly oracle and legislator foundations, will open.

Son, expect love bombs and lightning bolts to come through those heavenly windows to hit the hearts and minds of those still living in the delusion.

The light of the Earth shield will need to get brighter to continue to protect the restoration government process.

Son, 2021 will be the year of the union of the Ox and Eagle, Limitless and Blessing, to create open windows of outpouring in preparation for a global love awakening.

2nd December 2020

Rejoice in the truth and dwell in the light so that you can continually remain in a state of rest, as that will become the foundation for many other expanded states of consciousness to come.

The kingdom is a state of rest, as is all government and legislation in the heavenly realms; it is only immature sons who try to legislate from fear, frustration, anger, revenge and anxiety.

Legislation that is motivated from those negative emotions indicating a lack of rest carries no authority that heaven recognises but it does have some limited, negative effects.

Son, be careful only to legislate from rest so you can be a peacemaker not a warmonger, as that is the agenda of the religious and political spirit that thrives on division and conflict.

Son, 2021 will have many opportunities for conflict. Ensure you stay in rest, are quick to forgive, and seek for peace as you release the light that exposes the great deception keeping Our children living in an illusion.

Seek first the kingdom as that is the only thing that can remain after all else is shaken, knowing that you can trust Us in all things; and do not lean on your own understanding and reasoning.

Son, let us reason together in the light of truth so all things that you currently believe can be brought under scrutiny of the light.

Father, show me where I am deceived and am believing lies?

Rest, son, all in good time. As you dwell in the light and remain on the throne of grace, all will be revealed.

As your journey beyond beyond continues you will certainly go beyond your current level of understanding as your consciousness is expanded to be able to discern what is the truth and what are the lies.

This journey will inevitably take you deeper into the light of who We are to discover many mysteries that are currently unfathomable to you.

The truth will take you into marvels beyond your comprehension and reveal abilities that will shock you as you mature in sonship.

You are as you think in your heart, the core of your being, so you will have to go deeper within Us so we can go deeper in you.

When you think as We do, connected to the mind of Christ that all of heaven is networked with, your consciousness will be eventually become expanded to limitlessness.

Only in a state of limitlessness will you be able to comprehend what is truly possible for the sons of God; so continue to embrace the process of the journey and do not get impatient.

Son, in 2021 there will be so much more that will be beyond beyond, so stay in rest and patiently continue to walk with Us as We so enjoy our walks with you.

Rejoice, always overflowing with joyful passion and excitement, as you live in the state of rest that is living loved, loving living and living loving.

Rest is the key to restoration, revelation and creativity.

Start to focus on your breathing, slowing it down, and start thinking of the name of God: YHVH.

Breathe in deeply and exhale slowly: Yod.

Breathe in: Hei, and out: Vav.

Repeat in Hei, out Yod, in Hei, and out Vav.

Be still and know that I am God.

I am love, I am joy, I am peace.

Invite love, joy and peace to flow in you and through you to create an atmosphere of rest around you.

You are in a safe place

Start to think of an open heaven and set your desire upon engaging the Father's heart.

Engage the realm of light to experience the light of love and truth at a deeper levels of being.
